Beaufort Will Have New Federal Building

McDonald To Speak Here Friday Night

Candidate Will Assail Political Machinery Of North Carolina
IS CANDIDATE FOR GOVERNOR

Dr. Ralph W. McDonald, first Democratic candidate for governor of North Carolina to set foot on Carteret soil during the current political season will deliver one of his fiery addresses in the Courthouse here, Friday night June 26, at 8 o'clock. Addresses of this candidate are considered fiery, because he burns up machine politics, and the various cogs in the machinery of the locality where he speaks.

In Elizabeth City last night he assailed Herbert Peel, saying that the editor of the daily newspaper there was 'an arm of the state machine.' In Carteret he will find many arms of the machine whom he can flay if he wishes—and quite likely he will wish.

There is no way of getting around the fact that Dr. McDonald is a very popular candidate. He came so close to winning in the first primary, that it was not even funny—especially to staunch supporters of the man from Shelby.

Fishing And ALL OUTDOORS
By AYCOCK BROWN

THREE BOATS WERE out in the Gulf Stream from Beaufort and Morehead City last Sunday. Best luck was had by the party aboard Capt. Jess Pagels' boat the "Jesse." Three anglers, Jack Windley, Hugh Jones and Ed Hancock, Jr. landed six dolphin, a number of black-fish and other small species and three Tuna. There was some doubt in the mind of many whether the "Tuna" were the young of the Great Tuna, described in Pfeuger's tackle handbook bearing the scientific name "Thunnus thynnus" or the Little Tunny, scientifically known as "Gymnosarda alleterata." If the latter, it is the fish commonly called Albacore along the coast of Carolina.

THE HEAVIEST TUNA on record landed with rod and reel was taken at Whitby, England in 1933 by L. Mitchell-Henry. His fish weighed 851 pounds according to Field and Stream's World record fish. (Continued on page two)

Speaks Here Friday

Dr. Ralph W. McDonald

Dr. Ralph W. McDonald, who is making fiery attacks on machine politics in North Carolina will speak in the Courthouse here Friday evening at 8 o'clock. He is candidate for governor of North Carolina. The other man's name who is seeking this same office is Clyde R. Hoey, whose home town is Shelby, N. C.

Parity Checks Arrive

Checks totaling \$2,500 representing the first installments on the Tobacco Parity payments for Carteret farmers were received today by Hugh Overstreet, county farm agent. They are now being distributed to the farmers who will share in the parity payments.

VICTIM OF WRECK DIED LAST SUNDAY

Two Serious Automobile Wrecks Occurred In Carteret Last Week-end

Mrs. Julia Lynch, 80, of Kinston died in Morehead City hospital at 1:10 o'clock Sunday morning about 15 hours after the car she was riding in bound for Williston and driven by her daughter Mrs. E. R. Bailey, overturned near North River bridge. Late Sunday near Swansboro, Fern Jones, driving a Ford pick-up truck crashed into the rear of a car owned by Mrs. John S. Jones, and since that time he has been in the Morehead City hospital in a semi-conscious condition suffering from internal injuries.

Mrs. Bailey, driver of the car which wrecked on Saturday was also injured slightly but after treatment at hospital was discharged late in the afternoon. The party had come to Carteret to visit Mrs. Dolph Styron of Morehead City, a relative, who after an illness of many months died last Sunday.

Alligators Plentiful In Merrimon Section

Perhaps if you were out on the Merrimon road near the Neuse river and other nearby creeks you would think the bellowing often heard came from some sad cow, either masculine or feminine. But the State Highway workers out there repairing the road under the supervision of Charles Thomas will quickly tell you that the somewhat lonesome sound is that of alligators. They are plentiful in that section. Recently a trio of Bass fishermen killed a 7-footer in South River.

Gets Us A Federal Building

Congressman Graham A. Barden

Credit for getting Beaufort a Federal Building goes to Representative Graham A. Barden of the Third Congressional District. Definite approval of the project which will cost \$75,000 or more was announced by the Treasury Department in Washington late Wednesday. It will be built during the coming winter or early next Spring. In addition to housing the postoffice, the building will also be headquarters for the Agricultural Extension, Treasury Customs and other governmental agencies. The Beaufort News, through its Washington correspondent, Paul May, had a complete story of the definite approval, within 30 minutes after announcement was made by the Treasury Department.

Quarles Arrived Today Attend Rail Hearing

Norment Quarles, former University of North Carolina boxer who will feature in a 10-round bout with Pete Nebo in the Casino, Atlantic Beach, Friday night reached the coast today. The public is cordially invited to watch him have a workout on Atlantic Beach this afternoon the management announced.

Taken In Ocracoke Waters

Two Of The Better Catches Made This Season

Heavyweight channel bass have been running in Ocracoke waters this season. Two of the heavyweights pictured above fought their last bouts when they took the lures of William Garrish and Mrs. Millie Austin. William Garrish, Ocracoke, fishing in the surf at Hatteras Inlet during May landed the 58 pounder shown on the left; Mrs. Millie Austin, High Point, pictured on the right, fishing from a boat with Capt. Gary Bragg on June 2, landed a 48-pounder. Both catches have been entered in Field and Stream fishing contests. Last summer fishing with Capt. Bragg in waters near Ocracoke, Mrs. Austin caught a 50 pound tarpon, only one ever landed by a woman on the North Carolina coast. While both of the above fish are big fellows, one even larger, a 64 1/2-pounder, was landed in the surf near Frisco on Hatteras Island in May by F. A. Mitchell-Hedges, famous English explorer who lives there now. (Beaufort News Photos by F. R. Stedman, Ocracoke, N. C.)

Washington Gives Definite Approval

CREDIT FOR BUILDING GOES TO REP. BARDEN

Definite approval of a Federal building for Beaufort, to cost approximately \$75,000 was announced by the Treasury Department in Washington, Wednesday. Credit for securing the building for Beaufort goes to Representative Graham A. Barden of the Third Congressional District. Just where the new building will be located has not been definitely decided, but several desirable locations are now under consideration by postal authorities who have been working on the project.

Only a few citizens in Beaufort knew that efforts were being made to secure a federal building. Less than 60 days ago Congressman Barden and his secretary Tom McGee came to town. It was only a few weeks before election and when a small group of citizens gathered in the club rooms of the Beaufort Business Association with the Third District representative, there was this:

Tip To Bonus Owners

C. L. Beam, cashier of The First Citizens Bank and Trust Company here and past commander of The American Legion, urges all holders of bonus bonds, to place same in safety deposit boxes, for safe keeping.

LOCAL PIRATES TO PLAY GREENVILLE

Legion Sponsored Baseball Team Trains Daily For First Tilt Next Week

Out of over 50 applicants making applications, 15, youngsters under the age of 17 years have been selected to make up the American Legion sponsored Junior baseball league, it was stated today by Vernon Paul in charge of the team. These boys come from widely separated areas of Carteret county. They will play their first game some time next week with the strong legion sponsored outfit of Greenville.

Carteret Post team will be known as the Carteret Pirates. They will meet other teams from all over North Carolina and incidentally make every effort to win the pennant at the end of the season.

MEMBERS OF FISHERIES INC. WILL MEET JULY 8

A call meeting of the members of the N. C. Fisheries Inc., will be held in Morehead City on Wednesday, July 8, it was announced this week by John H. Sikes, president and general manager of the government sponsored organization. The purpose of the meeting, principally, is to set the term of office for members of the board of directors, it was stated, although items of general interest to the welfare of the Fisheries will be discussed. It is the first meeting of members since the N. C. Fisheries began operation.

A \$78,000 DAY

A \$78,000 business was transacted by The First Citizens Bank and Trust Company here on Monday, and believe it or not the ex-soldiers bonus was not responsible for same. Instead it was due largely to Carteret's produce business, now at a high peak. Of the total amount about \$10,000 was bonus money, it was stated.

Will House Postoffice And Other Agencies Of Government

COST APPROXIMATELY \$75,000
By PAUL MAY
Washington Correspondent For THE BEAUFORT NEWS

Washington, June 25—(By Telegraph)—Definite approval of Beaufort's new postoffice project as part of the Federal building program for the coming fiscal year was announced late Wednesday by the Treasury Department. Besides providing space for postal activities the building planned for Beaufort will include offices for the Agriculture Extension Service and the Treasury Customs Department.

There is also to be some unassigned office space, which may be allocated to any agency that has not yet applied for space.

Covering The WATER FRONT

By AYCOCK BROWN

FRIDAY NIGHT attractions for Carteret county will be a speech by McDonald at the courthouse and 32-rounds of boxing at Atlantic Beach. Tad Davis, county manager and promoter of McDonald for governor of North Carolina says he is hoping to carry Carteret for his man on July 4; Add Warren Duke coach, promoting the boxing show says that he hopes to make the 'arena by the sea,' on Atlantic Beach the summer boxing capital of the South. Both events, the McDonald speaking and the seaside bouts will be presented rain or shine, say their promoters.

A WOMAN INTERESTED, apparently, in going naked wrote the Chamber of Commerce here a few days ago wanting some information on a nudist colony she had heard was

TIDE TABLE

Information as to the tides at Beaufort is given in this column. The figures are approximately correct and based on tables furnished by the U. S. Geodetic Survey. Some allowances must be made for variations in the wind and also with respect to the locality, that is whether near the inlet or at the heads of the estuaries.
