Master Farmer Honor Goes To Ball Brothers

On Their Farm In The Harlowe Area They Made Good

For the first time in the history of Carteret county two farmers have been selected and given the title of "Master Farmers," by judges representing The Progressive Farmer and the North Carolina Farm Extension Bureau, Raleigh. The two farmers are J. Raymond Ball and his brother George W. Ball of the Harlowe section. Announcement

MANY ROTARIANS ATTEND BANQUET

Nearly 400 Rotarians and their Anns assembled in The Casino of Atlantic Beach last night for the largest Rotary banquet ever staged so close to Carolina salt water. Prior to the banquet about 150 recently elected presidents and secretaries of clubs in the 57th District convened at business gatherings in Atlantic Beach Hotel. They were at the Intercity banquet last night by some 250 more and a big time was had by all. Carl Goerch was master of ceremonies and H. W. Dwire of Duke University made the principal address.

Fishing And ALL OUTDOORS

By AYCOCK BROWN

THE MOST DIVERSIFIED catch of the season was made in the Gulf Stream off Cape Lookout last Thursday by George Brooks, John Brooks and R. Henderson, Beaufort and Lou Wiley of Jersey City, N. J., fishing with Capt. Jess Pagel aboard his blackfish boat Jesse. First of all they got what they went after, and that was dolphin, the fastest fish that swims and three small amberjack. A string of Blackfish, probably a hundred were taken—and I have an idea that Capt. Jess, himself in person caught most of them because in his commercial method of handling for them he can catch six to anybody's one, if the anybody happens to be using a rod and reel.

SEVERAL GRUNT, CAPT. Jess called them "Florida Grunt" were also taken and the first I have seen from our Gulf Stream waters. They are stubborn looking specimens, and (Continued on page two)

Twenty Three Million Fatback Fried Since May

Beaufort Fisheries Inc., on Taylor's Creek And The Deutchland

Since the beginning of Beaufort Fisheries fiscal year in May approximately 23,000,000 menhaden (or fatback as they are known locally) have been taken by boats owned by the organization. It has been the biggest season ever known for any factory in this section, and the catches for two months came within seven million fish of the total for

year ending in May. Hundreds of car loads of fish scrap and fish meal have been shipped to date, about 70 percent going to farmers in North Carolina. Two tank cars of oil have also been shipped. The Beaufort Fisheries Inc., was formerly the Taylor's Creek Fish Scrap Company, the name being changed and new company organized in October 1934.

W. V. B. Potter is president of the factory, C. R. Wheatley, Vice President and William (Piggie) Potter, secretary - treasurer. Capt. Oscar Noe is plant superintendent. (Insert) Fish boat Deutchland, coming into port loaded to the 'gunnels a few weeks ago. (Beaufort News Photos).

Trout Investigator

Dr. J. S. Gutsell

Dr. J. S. Gutsell who for the past several years has been attached to the local laboratory of the U. S. Bureau of Fisheries left this week with his family for their new home in Shepherd's Town, W. Va. In West Virginia, Dr. Gutsell, will under the auspices of the U. S. Bureau of Fisheries make an extensive investigation of fresh water trout, their propagation habits etc. The Gutsells will be missed in Beaufort where they have made many friends since coming here to live.

Rev. And Mrs. Morgan Are Critically Injured

Mrs. J. W. Morgans condition was still reported as critical in reports from Watts Hospital at Durham today where she and her husband were victims of an automobile wreck between that town and Wake Forest last week. Little hope is held for the recovery of Mrs. Morgan, but her husband's condition has shown slight improvement, it was stated.

Mr. Morgan was discharged from the Baptist hospital in Winston Salem a few days ago where he was receiving treatment. From there they vacationed for a short while in Crossnore, and were returning from that place to Rocky Mount to visit Mrs. Morgan's relatives. A bootlegger named Weathers was driver of the other car and he is being detained by authorities in Raleigh for failure to post a \$10,000 bond in connection with the wreck which occurred when his liquor-laden auto crashed into the Morgans car.

Dr. E. C. Brooks, president emeritus of State College, Raleigh is vacationing in Beaufort stopping at the Inlet Inn.

PLANS FOR FAIR ARE PROGRESSING

\$300 In Prizes Will Be Awarded; Work on Premium List

Plans are now well underway for the American Legion Fair to be presented in Beaufort for one week starting October 12, it was announced today by an official. Over \$300 in prizes will be awarded winning exhibitors and already officials are working on the premium list. The fair which will be presented in the school gymnasium and on the athletic field will feature not only exhibits, but also the best midway attractions ever presented in Beaufort. The midway will feature the Wilson Shows the largest of its kind to ever come to this section.

Joe DuBois is in charge of the premium list booklet. The cost for printing will be financed through advertising space sold in the booklet and already he is taking orders for such advertisements.

The \$300 in cash prizes will go to agricultural, home economics, poultry, livestock and other exhibitors. Indications are that there will be more exhibits at this fair than any ever presented here before. Everything will be under the auspices of Legionnaires of Carteret Post 99, of The American Legion, and that in itself assures everyone that it will be presented on the highest level.

Charlie Brewer's Name On Court Docket Again

Charlie Brewer whose name is quite frequently on the docket of recorder's court was there again this week answering charges of violating the prohibition laws as usual and assault on an officer. He was found guilty of assault but not on the liquor charges. The case was continued upon payment of the costs. The case against John Lee Hatley charged with violating liquor laws and now in custody of Craven county officers was continued.

The Case against William P. Stephenson charged with driving drunk was continued for verdict. Carleton Stewart will be tried on August 4 for driving auto recklessly and assault with a deadly weapon, the weapon being an auto.

Clifton Williams, messboy aboard the tender Orchid is held in the county jail charged with assaulting Hans Odin, first assistant engineer aboard the vessel with a pot fork, with intent to kill will be tried when Odin is able to leave hospital here where he is receiving treatment.

Upon payment of one half the costs Bernice Williams, charged with assault with deadly weapon was released of the charge. M. J. O'Neal was found not guilty of simple assault when tried on Tuesday.

Friday Fistic Feature

Slugging Red Lewis

Red Lewis, 170 pounds of slugging avoirdupois of Richmond will top the card again at Add Warren's boxing show in The Casino, Atlantic Beach Friday night. This time he will fight Wesley (Kid) Smith, 179-pounder and ex-chief of police of Stevenson, Alabama—the town which was struck so hard by a cyclone last Spring. Those who have seen Kid Smith work out are confident that he has what it takes—and they know for a fact that Red Lewis has it because Friday night fight fans have seen him kayo or decision every fighter he has met there this summer.

Local Talent Show to Be Staged At Atlantic

The very attractive musical comedy, "Hello Everybody Hello," will be presented at the Atlantic High School Auditorium on Saturday evening, August 1, at 8:15. Ten of the comedians in the community have been chosen for the speaking parts. They are Clifton Willis, Leonard Freeman, Lillian Spencer, Rochelle Willis, Jessie Lee Morris, Lillian Hill, Foster Morris, Makely Salter, Melvin Robinson Jr., and Monroe Mason. Supporting these characters is a cast of fifty chorus people doing funny song and dance routines. The show is being sponsored by the young people of the Methodist church of Atlantic, and the public is cordially invited to come to the performance and enjoy an evening of wholesome fun.

Rail Brief Is Filed By N. S.

Contending I. C. C. Has No Jurisdiction Over Case

ASSERTS THAT A. & N. C. SHOULD OPERATE B. & W.

By PAUL MAY

Washington, D. C., July 29—Whether the interstate commerce commission has power to decide what railroad operates trains from Goldsboro to Morehead City, is the question raised by a brief filed Friday with the commission by the Norfolk Southern Railroad.

Hamilton Resigns

For 16 Years He Has Been Carteret County Democratic Executive Chairman

Luther Hamilton for many years chairman of the Democratic Executive Committee of Carteret County announced today that he was resigning. He has mailed each of the 26 members of the committee a copy of his resignation. Mr. Hamilton's announcement follows:

I have been Chairman of the Democratic Executive Committee of Carteret County for the past 16 years. The Committee first elected me without any solicitation on my part, and my reelections biennially thereafter have been, almost without exception, by unanimous vote. For such expressions of confidence I have been and still am deeply grateful.

During the years of our service together the members of the Committee have cooperated in the common undertaking in a wholehearted and enthusiastic manner, thus accounting for the satisfactory results had. For such cooperation I am very grateful. It has been a genuine pleasure to serve with such a splendid personnel.

In naming my successor the Committee, I am sure, will act with a mind single to the good of the Democratic Party, and I bespeak for the efforts of the Committee and its continued success.

MILTON PHILLIPS IS JAILED AGAIN

Milton Phillips, who sawed his way to freedom from the county jail recently was captured last night by Deputy Sheriff M. Chaplain and several other citizens at a home on Eyoad Street last night. He was being held in jail on a charge of grand larceny involving the alleged theft of a truck load of potatoes and was originally arrested in Baltimore, Clarksville, Va., officers reported, following his recent escape, that he was in that vicinity but lost interest in capturing him when they learned that no reward was out for the fugitive.

Government Building Representatives Here

Representatives of the Treasury Department Procurement Division arrived in Beaufort Wednesday to consider various sites offered for sale to the United States government for the purpose of erecting the new building here for which \$118,000 has been appropriated. It is understood that they will make no decision while here but will instead return to Washington with data collected and there the site will be approved. Seven lots, four of them on the waterfront were offered for sale.

Ft. Hatteras Attacked July 10, 1861; 15 Shots

The files of the Wilmington Journal reports one attack on the Confederate Fort Hatteras on July 10, 1861, in which the enemy was repulsed. The engagement lasted three-quarters of an hour, and the enemy ship of 44 guns gave up and left. The article published July 17, is as follows:

"Information reached us late last night that on Wednesday the 10th between twelve and one o'clock a man-of-war—44 guns—came under the guns at Fort Hatteras when an engagement took place which lasted three quarters of an hour. Each party fired seven or eight times.

"No damage was done on our (continued on page five)

Covering The WATER FRONT

By AYCOCK BROWN

THOSE SEA-SNACKS which North Carolina Fisheries Inc., are introducing to patrons of Atlantic Beach at their boardwalk booth this summer are far superior to the average hot dog or hamburger one usually buys at an ocean resort when they want a bite of something to relieve their hunger. Sea-Snacks are corned fillets of Spanish Mackerel, generally conceded to be the most delicious fish that swims by epicureans, gourmants, etc. Ordinarily one would think that the fillets (Continued on page eight)

TIDE TABLE

Information as to the tide at Beaufort is given in this column. The figures are approximately correct and based on tables furnished by the U. S. Geodetic Survey. Some allowances must be made for variations in the wind and also with respect to the locality, that is whether near the inlet or at the heads of the estuaries.
