## DEMOCRATIC AVALANCHE SUFFOGATES GOPs HERE, & EVERYWHERE

### County Commissioners Met Here Wednesday

Miss Margaret Clark To Remain As Home Agent Until Dec. 14

Most important of matters of general interest coming to the attention of the Board of Commissioners at their meeting here on Wednesday was the verbal agreement between all concerned that Miss Margaret Clark, temporary home agent, be retained until December 14, at which time Miss Estelle T. Smith, District Home Agent will install a new agent in the county to take charge of the Demonstration work among women of the county. The matter of a Home Agent had during the past several weeks reached a controversial stage, but realizing the importance of this work in Carteret county the Commissioners gave what is believed will be their final decision, on Wednesday, and it will meet with the approval of all concerned it is hoped, because Home Demonstration work is conceded to be of vast importance in this county.

The home demonstration matter was the most important disposed of on Wednesday by the Board. Other things getting their attention were of a general routine nature. Jurymen for the December term of Superior court were drawn and the names of each follow this story. Motions and orders of the board follow:

Freeman Brothers were given the bid for supplying the county home during November; value of L. A. Ennett estate, (Bell farm) was ordered reduced from \$1334 to \$1900; George P. Street will be refunded \$16.45 in connection with 1928 tax certificate held by him against Lula Best property; A resolution in connection with Salter Path road will be (continued on page five)

### Predicted Wrong

**C. H. Bushall**  
C. H. Bushall, Chairman of the Republican Executive Committee in Carteret county predicted many Republican victories in Carteret before the tabulations started coming in. A few precincts gave Republican majorities, but in final count the picture changed considerably. Chairman Bushall and his associates worked hard for victory, but the days of a Republican victory in Carteret seems to be a thing of the past.

### Red Cross Membership Drive Begins Here On Wednesday, Nov. 11th

Beginning on Armistice Day, November 11, the American Red Cross will begin its annual drive for memberships of \$1 each. A group of workers in Beaufort will help put the local drive across. The national organization receives from local chapters 50 cents of each membership, regardless of the amount paid by the member, it was stated by Mrs. Bloodgood, chairman of the drive in Beaufort.

"Only when major catastrophes strike are special contributions needed," said Mrs. Bloodgood today, in explaining how the organization expended the funds received from membership and special drives. "When you read the horrors of a catastrophe which have overtaken your neighbors in some other city or state your sympathetic impulse is to help. How can this help be given? How can you be sure that your contributions of money or commodities will reach the distressed? The Red Cross is your messenger of mercy. For 55 years the Red Cross flag has flown at every scene of major disaster in the United States," she stated.

Courses in Home Hygiene and care of the sick instructed by graduate nurses have been sponsored by the Red Cross since 1914. Last year the courses were given in 979 chapters. "We can have the same in the Beaufort Chapter if we have enough memberships to justify it this year," said Mrs. Bloodgood.

### This County By Far Largest Fishing Center

By PAUL MAY  
Washington, D. C.—Nov. 5—While revenue from commercial fishing decreased considerably during the depression in Carteret County, the county is still by far the largest fishing center in North Carolina, according to data compiled by the Bureau of Fisheries.

The bureau's most recent figures show that, during 1934, Carteret County fishermen caught 102,098,100 pounds of fish valued at \$701,748, while the 1929 take was 153,178,992 pounds valued at \$1,134,047.

Of twenty-three North Carolina counties listed as important from a commercial fishing angle, Dare County was next to Carteret with a 1934 catch of 7,562,000 pounds of fish valued at \$291,737.

The most important catches in Carteret County were 86,192,900 pounds of menhaden which sold for \$287,311, and (Continued on page Ten)

### Letter To Her Follows Watery Route

Yacht "Gypsy Waters" at Great Abaco, B. W. I.

The editor of this newspaper sent a letter recently to his friend Don Waters, the writer, aboard the yacht Gypsy Waters, somewhere in the British West Indies. The letter finally reached its destination, but how it reached there is an interesting story which Don Waters tells on page seven, this edition. The title is "Travelogue of a Letter." If you are interested in travel stories and quaint places read the story. (A.B.)

Wilkins P. Horton

Clyde Ruark Hoey of Shelby was given an overwhelming majority over his gubernatorial opponent Gilliam Grissom in the elections Tuesday. North Carolina Democrats, regardless of whether they had one time voted for Sandy Graham or Dr. Ralph McDonald as their choice, proved that they were still members of the Democratic party when they cast ballots which gave the brilliant statesman from Shelby a three to one lead over the State. And because The Beaufort News forgot to even mention Governor-elect Hoey's ad-

Clyde R. Hoey

dress here on Wednesday, October 28, some folks seemed to think his opponent would carry the county. The faux pas on the part of the editor is a thing of the past and next to swelling the majority Carteret Democrats gave President Roosevelt, Clyde Ruark Hoey with approximately 1,800 votes ahead came second. Wilkins P. Horton of Pittsboro, in Chatham county, one time famous for rabbits is now famous for its lieutenant governor elect. Democrats over the State gave Horton the same big majority as Governor Hoey.

### Bishop Thomas Darst At St. Paul's Tonight

Bishop Thomas Darst of the East Carolina Diocese is in Beaufort today for the purpose of meeting with communicants and mapping out plans for the coming year. Tonight at St. Paul's Episcopal Church Bishop Darst will deliver a sermon. Communicants of the church are urged to attend these services.

### Big Catch Of Drum

Eighty one channel bass were landed by a party of four fishermen at Drum Inlet Wednesday according to a telephone report reaching The Beaufort News today. The names of the party were not given, but Herbert Morris was the guide.

### Harkers Island Ferry Will Change Schedule

Starting November 10, (next Tuesday) the Harkers Island ferry schedule will be changed for the winter, according to announcement made today by Roy J. Hart of the State Highway Commission. The new schedule which will call for three round-trips daily is as follows: Leave Island: 8 a. m.; 12 noon; 4 p. m. Leave Gloucester, 9 a. m. 1 p. m. and 4:30 p. m.

### Former Resident Dies

Rev. Leland L. Smith, former resident of Beaufort and one time pastor of the Methodist church here, died in Mt. Olive, Wednesday. His death was due to a heart attack.

### Achievement Day Program Was Tremendous Success

A most successful Achievement Day program was staged here last Friday by the Carteret County Council of Home Demonstration Clubs. Congressman Graham A. Barden, of the Third District, Dr. Jane S. McKimmons, assistant director of Extension, State College and Mrs. Estelle T. Smith District Home Agent took leading roles on the program which was presided over by Mrs. S. E. Hayne, president of the Carteret clubs. Mrs. Hayne has the pleasure of knowing that more interest and a larger audience marked this program than any previous Achievement Day. Nearly 200 club women were present. Congressman Barden introduced

by Mrs. Hayne gave a 20 minute talk on Legislation in Relation to Women, a strictly non-partisan, but very helpful speech. Dr. McKimmons reviewed club work in North Carolina for the past quarter of a century and the strides it has made and the huge benefit derived for the work. Mrs. Estelle T. Smith had charge of installing new officers. Nine county project officers and 51 local club officials were installed. Preceding the program which started at 1:30 o'clock, a display of home demonstration craft was viewed by hundreds in the office of the Carteret Demonstration agent. This display featured among other things, gorgeous collections of Autumn flowers.

### Sweeping Victory In Carteret County

#### Predicted Right

Luther Hamilton

Luther Hamilton, chairman of the Democratic Executive Committee in Carteret county predicted that the national and gubernatorial ticket would give Roosevelt and Hoey a lead of 1,500 to 2,000 votes. That prediction came by telephone to Aycock Brown, editor of this newspaper before the first precinct was heard from. By midnight Luther Hamilton's prediction came true. Say what you want to about the fellow, but he surely knows his Democrats. That is why he is frequently referred to as the Democratic 'Kingfish' or Democratic 'boss' of Carteret by this newspaper.

### Big Haul of Mulletts Gave Silvery Lining To Hauler's Pockets

Nearly 100,000 pounds of Cape mulletts were taken on Monday by two crews hauling in waters near Shackleford Banks. As a result of the catch the pockets of the crews participating were literally lined with silver. Capt. Charlie and Fred Lewis of Harkers Island made the biggest catch.

Approximately 80,000 pounds were made by these two brothers and their crew and it was by far the biggest catch ever made by that method in Carteret waters, said Gherman Holland, local independent dealer who bought the fish. Capt. Kelly Willis and Capt. Sammy Willis of Harkers Island, also caught mulletts that day. Their catch was approximately 20,000 pounds.

After the fish were unloaded here Fish Buyer Holland gave employment to nearly 100 persons to dress and corn the fish. Placed in kegs the corned product will be shipped to markets in the north. The catch made by the two crews on Monday brought over \$1,500 to the fishermen participating.

### ATLANTIC HARBOR PROJECT ASSURED

Congressman Barden's office in New Bern was notified Wednesday by Major Ralph Millis, U. S. Engineer in Wilmington that the War Department had given permission to proceed with the dredging of the Atlantic harbor project, according to a long distance telephone call from Billy Arthur of the New Bern Tribune, just before we go to press today. The project which will involve the expenditure of nearly \$15,000 will give Atlantic a harbor which will prove of vast benefit to navigation interests generally.

Following the announcement from Major Millis, George Coan, WPA director in Raleigh notified Congressman Barden's office that he would call for bids within the next few days and Gates Mathews, District WPA Engineer stated that it would be only a matter of a few more days before actual work began, assuring the residents of Atlantic that they would have a suitable harbor before the heavy fishing season of winter begins.

### Many Republicans Will Cancel Subscriptions To Literary Digest

President Gets Largest Majority In County But Bailey And Barden Close Seconds

Complete and official returns from 24 of the 26 precincts in Carteret county will be found on page 10 of this edition, with the exception of certain State ballots. To have given a complete report would have made The Beaufort News a day late, and that would have been a violation of our agreement with local and national advertisers. Atlantic and Stella returns will be printed next week. It is understood that in those two precincts the total Democratic majority was approximately 350.

Carteret Democrats stuck by their colors on Tuesday and as a result Democratic candidates, from the lowest in the county to the highest in the nation won by overwhelming majorities. President Roosevelt's majority in Carteret county after Atlantic and Stella finally bring their returns to the board of Election will be almost 2,000. And every other candidate in the Democratic lineup will receive a two to one majority or better. y66taoiaentoihrdutaoinduu

Not only were the Democratic majorities the largest ever voted in Carteret, but the largest number of people actually voted, according to political leaders. In Morehead City where approximately 1,900 persons are registered, 1,250 actually cast ballots. Here in Beaufort where approximately 1,500 are registered over 1,250 actually voted. Democrats and Republicans worked hard for their tickets on Tuesday, but the Democrats realized more for their efforts. Only five of the 26 precincts gave Republican candidates majorities. They were: Marshallberg, Hark (Continued on page ten)

### VIOLENT DEATH

Word was received at The Beaufort News office, just before we go to press that a young man named Wesley Beacham, a resident of Morehead City, committed suicide there today by slashing his throat. The coroner could not be reached by telephone as we go to press for further particulars.

### TIDE TABLE

Information as to the tide at Beaufort is given in this column. The figures are approximately correct and based on tables furnished by the U. S. Geodetic Survey. Some allowances must be made for variations in the wind and also with respect to the locality, that is whether near the inlet or at the heads of the estuaries.

### Covering The WATER FRONT

By AYCOCK BROWN

LOCAL DEMOCRATS, I thought, would surely scalp me following last week's edition of The Beaufort News. It all came about after I had absolutely failed to mention the appearance of brilliant orator and Governor-elect Clyde Ruark Hoey. Leaving him out of the paper did not seem to worry Republicans however, and since the subscription list is about fifty-fifty between Democrats and Republicans in this county maybe half the people at any rate will forgive me for the faux pas. It was not the first time I had ever forgotten entirely, to mention something of spot news interest, but it was the most noticeable I believe.

TO BE PERFECTLY frank with everyone concerned it was purely an oversight on my part. I did not go to hear his speech on Wednesday night because that is one night of the week when I must work in the (Continued on page four)
