MANAGEMENT OF ATLANTIC BEACH WILL HONOR HIGH SCHOOL SENIORS

Approximately 1,400
 Invitations Are
 Issued

MANY ENTERTAINING
 FEATURES SCHEDULED

Approximately 1400 invitations have been issued to the Second All-County Senior Class Dance and Entertainment to be held at the Atlantic Beach Casino tomorrow evening beginning at 8:30 P. M. Last minute plans and details for a pleasant and swift moving evening have been completed by the Beach Management and the Senior Class Dance Committee and, whether permitting, tomorrow night's affair promises to be one of the most largely attended and enjoyable events scheduled at the Beach this season.

Music for the occasion will be furnished by Billy Darst's ten-piece orchestra from State College. Aycock Brown will preside at the "mike" and direct a varied program planned for the pleasure of the spectators as well as for the dancers. Competent out-of-the-county judges have been engaged to determine impartially the winners of all prizes, most of which this year, will be confined to members of the senior class.

Among the most popular features of the evening will prove those dances in which the girls do the breaking, a square dance under the direction of Ralph Nelson, of Atlantic, in which only veteran square dancers will be used, and a brief entertainment featuring local vocal talent and dances by Miss Callie Byrd, of Mount Olive. Miss Byrd is a successful pupil of the famous Carlos Dancing School in New York City and has proven popular on the stage both north and south.

Invitations to the dance have been at a premium even among the more sedate of the county and most of those invited will probably attend. Invitations are by card only and have been rigidly restricted to proved by the President of the class in the respective high schools and ap-

Fishing And ALL OUTDOORS

By AYCOCK BROWN

THE BLUES ARE beginning to run. So far they are not running in such numbers that it would warrant a person here to advise a non-resident angler to make the trip to the coast. But blues are running just the same. All commercial fishermen are making catches of blues in nets at the present time. Down at Atlantic this week Capt. Jim Morris said they were being brought in daily. At local fish houses and over a t. N. C. Fisheries Inc., the netters are bringing blues to market. So that is a good sign. It won't be long until they are running for a fare you well and then will be the time to tell your friends who are coming to the coast trolling, to make it snappy, if they are seeking these gamy blue bullets.

FOLLOWING THE NOR'easter early this week the channel bass started running in the surf at Drum Inlet. That is the information which reaches this column through Blythe Noe who outfitted a Mr. Murphy and party from Asheville. They fished Wednesday with Herb Morris Atlantic guide, and caught three small drum, the largest weighing 11 pounds. In addition to the drum or channel bass, a good sized flounder and some blues were taken by the party surf casting. It all goes to show that the surf at Drum Inlet is teeming with fish, and a good bet for the angler this week-end. (If weather and wind are favorable) is to try Drum Inlet.

ITS THE MATING season for foxes. I am sorry now that I did not go with Dr. Moore on that series of calls down East and to Merrimon on Tuesday night. But there was the election and the hopes of getting the final returns before the News and Observer deadline, which was keeping me in town. Dr. Moore said that he saw three foxes. When foxes start galavanting around and occasionally appear before your headlights on a night drive through the country at this season you may rest assured that they are out for love. Someone who heard Dr. Moore tell the story asked why he did not take a gun along and kill some of the foxes. But Dr. Moore is not that type of person. Even if they are predatory animals which might eat any number of quail

A & N. C. To Show New Engine

Will Be Exhibited At
 Morehead City All
 Day Sunday

LARGEST ENGINE EVER
 TO OPERATE ON ROAD

The largest locomotive to ever operate over Atlantic and North Carolina trackage will go on public exhibit in Morehead City Sunday, and everyone is extended a cordial invitation by H. P. Crowell, president and general manager of the "Old Mullet Line" to board and inspect the engine, it was announced today. It is one of three Baldwin engines recently purchased by A. and N. C. due to increasing business over the now independently operated road, it was stated.

A special invitation is extended to school children. Many modern day school children have seen locomotives only as they passed along the rails, and few have ever been extended the privilege to enter the cab and inspect the apparatus. For that reason, persons who are familiar with engines will be on hand to explain in detail the various gadgets in the cab.

Two of the new engines, Numbers 601 and 602 have already been delivered. They were purchased in Michigan, but since arriving on A. and N. C. trackage, both have been painted black with a slate color on the boilers. The cabs are green trimmed in red. A third and similar engine will soon be delivered to A. and N. C. it was stated.

These new engines in railroad language are not classed in horse-power but in tractor effort. The tractor effort of 601 and 602 is 36,000. That means they can pull a string of 125 cars loaded with a total tonnage of approximately 5,000. The engines carry 7,000 gallons of water, 12 tons of coal and are 63 feet long from coupler to coupler.

With three new engines added to the rolling stock recently, the total number of locomotives purchased since H. P. Crowell became general manager of the independently operated A. & N. C. has increased to 11. Previously four switching engines and four road locomotives have been purchased.

Two PreSeason Dances Have Been Planned For Atlantic Beach Casino

Two pre-season dances have been planned for Atlantic Beach Casino during the first half of May, it was announced this week by Bob Connell, managing director of the resort. The first of these dances will be presented on Saturday night and will feature Billy Darst and his orchestra. On Friday night this same orchestra will make the music for the second annual all-county Senior Class Prom, which is of an invitational nature.

On Saturday night, May 15, Joe Davis and his 8 piece orchestra will play for another script dance in the Casino. This May 15 dance is sponsored by the Junior Chamber of Commerce of Morehead City and Beaufort Business Association. Advance sale of tickets for this latter dance is now on. Tickets may be purchased at House Drug Store, The Young Man's Shop and Bell's Drug Store.

Ferry To Be Out Of Service Next Week

The Harkers Island Ferry will be taken out for repairs on Tuesday, May 11th. The ferry will make the regular noon trip and will then proceed to Morehead City to be hauled out for repairs. It is our intention to have it back in service in time to make the regular noon trip on Thursday, May 13th, according to information furnished this newspaper by Roy J. Hart of New Bern, district engineer for the Highway department.

Sixteen Randolph farmers recently received 58,400 pounds of TVA triple-superphosphate to use in demonstrations with soil improving crops and pasture grasses.

Fillet Advertisers Go Fishing

New Experience For These Radio Stars

In the above photo you see Leslie Biebel, announcer, Claiborne Mangum talented tenor and Lucy Biebel, his accompanist dressed in oil-skin clothing furnished for the occasion of Charles V. Hill of Beaufort, aboard a trawler handling a net in the ocean off Beaufort Inlet. They are the radio stars who advertise Carolina Coast Sea Fresh Fillets over Station WPTF in Raleigh on Tuesday, Thursday and Friday mornings at 8 o'clock for N. C. Fisheries, Inc. Spending the week end with Mr. and

Mrs. John Sikes in Morehead City recently, the group were dressed as fishermen and taken off shore on a trawler where they actually experienced the thrill of catching fish in a net, similar to fish which make the Carolina Coast Sea Fresh Fillets they have been advertising—And incidentally sales have picked up considerably for this frozen seafood product from North Carolina waters since their program was established. (Eubanks-News photo).

4-H CLUBBERS TO RALLY SATURDAY

Kings And Queens Will Be
 Crowned; Flower Show
 To Be A Feature

Carteret County 4-H Rally Day Program will be presented at Beaufort High School on Saturday, May 8, at 1:30 o'clock, it was announced today. Coronations of 4-H Junior and Senior queens and 4-H Junior and Senior Kings will be the outstanding feature of the program. Four-H clubbers will have complete charge of the program exercises with David Garner vice-president of the 4-H County Council and president of the Newport Club officiating.

During the afternoon the 4-H Clubs of the County are to entertain the court with stunts and playlets and the Home Demonstration Club Women are to stage a Fashion Revue. From one to four o'clock the public is cordially invited to view the Flower Show sponsored by the 4-H clothing exhibit displayed in the front entrance rooms of the school building. A special invitation to attend the program is extended to the public.

Try To Unionize

If a mysterious phone call reaching The Beaufort News office just as we go to press today has any foundation, efforts were made in Morehead City on Wednesday to organize a union among the shirt factory operatives there.

Newly Elected Officials To Go In Office In July

Huntley Elected Mayor
 With Majority Of
 142 Votes

LONGEST RE-ELECTED

A total of 988 votes were polled in one of the most hotly contested municipal elections ever staged in Beaufort on Tuesday of this week. Of the total number voting 463 ballots were cast by women and 525 by men. Every office on the ticket was sought by more than one person, and the defeated candidates know that they have many friends who were voting heavy for them—even though they lost.

Closest in the race was for the office of Mayor. George W. Huntley with 559 votes, won over his opponent A. T. Gardner with 417 votes. The majority was 142.

Candidates elected on Tuesday will be installed into office in July. Bayard Taylor, present mayor did

not seek re-election and the only candidate in the line-up Tuesday for re-election was James Rumley, alderman, and Chief Walter R. Longest, vote.

Chief Walter R. Longest, who has held this office for several years, was re-elected with a majority of 231, over his opponent James H. Davis. The vote in the race for chief of police follows:

Longest, 600; James H. Davis 369. Commissioners elected and the number of votes each received as follows: E. H. Potter, 623; L. C. Davis, 628; G. M. Paul, 614; James Rumley, 543; John T. White, 590.

Defeated candidates for the office of commissioner and their vote follows: C. H. Bushall, 452; J. C. Rice, 356; F. L. King, 315; Mrs. Maud Chadwick, 329; and L. B. Willis, 301. Tallying of votes was not completed until after midnight. Generally speaking, the election was conducted in a very orderly fashion.

Eugene F. Moore Is Now Tax Collector

THIRTY EIGHT TO
 GRADUATE AT
 B. H. S.

Baccalaureate Sermon
 To Be Preached
 On Sunday

Beaufort High School's annual commencement program will begin next Sunday afternoon when the Rev. W. Y. Stewart of the Franklin Memorial Methodist Church of Morehead City delivers the baccalaureate sermon. The Baccalaureate sermon will be preached in the at 3 o'clock in the afternoon and the public is invited to be present.

In the graduating class this year are 38 persons, of which 26 are girls and 12 boys. The class roll follows: Misses Blanche Bell, Josephine Betts, Maude Bloodgood, Mary Bowen Brooks, Eleanor Carraway, Evelyn Davis, Thelma Dickinson, Jewel Eubanks, Eilda Gillikin, Daphne Hardy Vivian Harvey, Ruby Heplar, Opal Merrill, Louise Morton, Helen O'Bryan, Vera Pake, Elizabeth Respass, Irene Sabiston, Lucille Safrif, Helene Simpson, Golda Small, Rowena Smith, Ruby Smith, Margaret Taylor, Marian Taylor, and Mary Mason. The boys in the graduating class include: George Carraway, Richard Chadwick, Charles Davis, Leslie Davis, Gray Dudley, Ed Hancock, Borden Mace, Clyde Merrill, William Thomas, Elwood Warren, Gerald Woolard and John Parkin.

Special music will be rendered by a trio composed of Misses Mary Bowen Brooke, Maude Bloodgood and Rowena Smith and the High School Glee Club under the direction of Mrs. John Brooks.

Graduation exercises will be held on Friday evening at eight o'clock. At this time the certificates, awards and Senior diplomas will be presented. Miss Golda Small is Valedictorian and Mr. Elwood Warren is Salutatorian.

Oldest Mother

To Be Honored

All Mothers in Carteret county over the age of 60 years are extended a most cordial invitation by Manager Robert G. Lang to be his guests at the Beaufort Theatre's Monday matinee showing of the screen production Seventh Heaven, featuring Miss Simone Simon and Mr. James Stewart. Mother's over the age of 60 will be admitted free of charge. They will be requested to register their names and ages in a registration book in the Theatre foyer. To the oldest Mother attending this matinee showing of the screens most glorious love story, will be presented a lifetime pass to the theater with the compliments of the management. Presentation of the Pass to the oldest Mother will be made immediately after the matinee before patrons leave the theatre.

The oldest mother attending the show will also be honored with appropriate gifts from F. R. Bell's drugstore, Joe House Drug Store and Troy Johnson's Dixie Soda Shop. The Spences of Morehead City Floral Company will furnish a flower for each Mother over 60 years of age attending the show and a bouquet for the honored Mother.

CHERRY HOTEL TO BE OPEN BY 15th.

The Cherry Hotel in Morehead City which has been completely renovated during the past few months will be opened by May 15, it was learned authentically today. Name of the party who will lease the hotel was not disclosed, but it is understood upon reliable information, that the building will be leased within the next few days to a resident of this county. Several thousand dollars have been spent in rebuilding, re-decorating and refurbishing the structure.

Commissioners Approv
 His Bond; Attend
 Other Matters

JUNE TERM JURY DRAWN

Eugene F. Moore of Marshallberg who was recently appointed by the Carteret County Board of Commissioners as tax collector was sworn into office on Monday, following approval of his \$25,000 bond by the board. He was sworn into office by Mrs. Eva Bravaldo, deputy clerk of superior court. Miss Mildred Whitehurst was named assistant to Mr. Moore. Alvah Hamilton, the retiring tax collector had held the office since July 1931, when it was formed. He was assisted by Mrs. Hamilton. Moore was appointed early this year, but it was necessary to audit the office, before the change in management was made.

Several other matters, mostly of a routine nature were disposed of by the Commissioners on Monday. The Jurors for the two weeks term of superior court in June were drawn. Their names and addresses will be found following this story. Several tax matters were brought to the attention to the attention of the board.

W. E. Hare will be re-imposed for tax payments for the years 1931-35 inclusive in the sum of \$25.63 against certain properties in Morehead Bluffs which were erroneously listed to and in the name of Mr. Hare. The tax collector was authorized to correct the assessment roll accordingly.

Delegates interested in the improvement of the West Beaufort road which leads to industries doing almost a million dollars annually appeared before the board seeking improvement of the route. As a result the State Highway and Public Works Commission will be urged to shell the road.

Covering The WATER FRONT

By AYCOCK BROWN

ONE OF THE niftiest tricks I have seen this year is the hydraulic water pressure fish scaler over at N. C. Fisheries. The apparatus was devised by Donnie Davis of Davis, foreman of the filleting room at the N. C. Fisheries Inc. plant. It consists of an endless chain conveyor with spike at intervals to which the fish's tail is fastened. Through one box the fish slides and one side is scaled by a powerful pressure jet of salt water. Out of that box the fish comes half scaled and an operator turns the fish over and through another box the fish is taken, coming out completely scaled and dropping into a basket.

(Continued on page eight)

TIDE TABLE

Information as to the tide at Beaufort is given in this column. The figures are approximately correct and based on tables furnished by the U. S. Geodetic Survey. Some allowances must be made for variations in the wind and also with respect to the locality, that is whether near the inlet or at the heads of the estuaries.
