HOMETOWN BOY IS MAKING GOOD

The latest addition to the staff of The Sanford Herald is C. E. "Charlie" Weaver a native of Beaufort, where the beach seasons are good and the fishing is better.

Weaver was born to Dr. and Mrs. E. S. Weaver on March 2, 1916, and when he got so he could walk around good he showed a preference to printer's ink rather than medicine or fishing. He's been in the printing business, therefore, from then until now. According to the way he feels about it after two weeks here, there's still nothing like the business and there's nothing else he particularly likes to do. When he was a child his ambition was to be a printer, when he grew up he became a printer, and now that he's a man he aims to continue as a printer. In other words, he has been thoroughly bitten by type lice.

Built like a football player, Weaver is five feet and 10 and one-half inches tall and weighs 176 pounds. He has brown hair and brown eyes.

In August of last year he was married to Miss Hilda Lewis of Marshallburg. They are now living at the home of Mrs. Ben May on Carthage street.

After working on Aycock Brown's Beaufort News in Beaufort Weaver worked in Durham. From that place he came to Sanford to take over the business of fixing type and slugs into ads and filling up the pages of The Sanford Herald. From "Who's Who" in The Sanford Herald.

IT COSTS LESS TO DRIVE A **PLYMOUTH**

The Car that Stands Up Best

THIS BIG, ROOMY, FULL POWERED CAR IS AMAZINGLY ECONOMICAL TO OPERATE

It's the biggest of "All Three" lowest priced cars, and it's the biggest, roomiest Plymouth ever built—wider by three inches than the old standard width, and engineered to give you a new Hushed Ride, an experience in riding comfort heretofore impossible in low priced cars. Yet it costs less to operate... owners report 18 to 24 miles per gallon of gas and surprisingly little oil consumption. And all the famous features pioneered by Plymouth—Safety-Steel body, Hydraulic Brakes, Floating Power, plus the sensational "Hushed Ride" make this 1937 Plymouth the biggest value in low priced car history.

Owners you know right here in town will tell you Plymouth stands up best. That's one reason why Plymouth owners find their cars worth up to \$100 more than either of the other two when they trade theirs in on new cars.

See and drive the big, beautiful 1937 Plymouth. We have one waiting for you. Come in today.
