FUTURE FARMERS OF NEWPORT HAD EXCELLENT MEET

Representative Barden Principal Speaker On Program

"It is an inspiring sight to look into the faces of such a fine group of young Americans, proud of their heritage and ambition for the future, each one willing and ready to assume his share in the leadership of his community, State and Nation," Congressman Graham A. Barden told Future Farmers of America at their annual Father and Son Banquet in Newport last Friday night. Other speakers on the program were D. L. Ward of New Bern and T. E. Browne, director of Vocational Education, Raleigh.

The banquet, prepared by the "future farmerettes" who make up the home economics class of Newport School was one of the most delicious ever served in Carteret county. The plates with steaming hot food appealed to every guest present. So often guests at banquets are given food which is not even luke-warm—but the 'future farmerettes' served no food like that on Friday night.

"We have used the fine vocational education school at Newport as an example in fighting for funds for education of this type," Ward of Craven, chairman of the Legislative Appropriations Committee told those present.

"There are over 300 such vocational educational classes in North Carolina, and Newport is included among the best 10 of all of them," Mr. Browne stated.

"There is evidence that each of you is proud of the fact that he lives in America instead of a country dominated over by a dictator such as Hitler of Germany, who has extracted practically every vestige of liberty from the German people and who tonight is attempting to place under his heel a neighboring country," Congressman Barden told the group and added, "In that land a young man must be content with following, and an attempt to become a leader might cost him his head."

Praise from all the speakers was piled on C. S. Long, Newport's agricultural speaker who has brought his vocational class to the forefront in North Carolina. Several of the students in the class made impromptu and fine talks. Guests on the program called on to make a few remarks were C. M. (Kid) Hill and Carlisle Bell, W. H. Taylor, Aycock Brown and Instructor C. S. Long.

Senior Play Is The Best In Many Years

The annual high school play, "Am I Intruding?" was presented by members of the senior class of Beaufort High School last Friday night and was declared by those present to be the best in many years. Total receipts were given as \$55.00, to be used to purchase a gift for the school, the gift to be decided upon later. Miss Lena Duncan, director of the play, suggested that the Beaufort play be given in Morehead City and the Morehead City play to be given here as the dates conflicted.

It's All In The Life Of A Coastguardsman

They Have Returned From Porto Rico

For the first time in the history of the U. S. Coast Guard, surfmen from the land stations along the North Carolina coast have just completed a sea duty cruise to Porto Rico. One surfman from each station was chosen to make the cruise, which included plenty of hard work, but also a bit of pleasure, judging from the two scenes at left, one in San Juan harbor, the other in the city itself. The cruise was made aboard the new C. G. Cutter Bibb. One of the Bibb's life boats is shown above and that Coast Guardsman at extreme left is Lum Gaskill, of Ocracoke, a member of the crew of the cutter, North Carolinians life burdensome and intolerable to their homes and stations last week with many interesting tales to tell about their trip.

Robert Pasteur Tried For Life

He Is Charged With Killing His Wife Verna Pasteur

LONG TERMS GIVEN TWO OTHER KILLERS

Conjured?

Craziest sounding testimony of fered in Superior Court here this week was that given by Johnnie Marshall on Wednesday who acted as self-lawyer before the jury in the case charging him with assault with a deadly weapon with intent to kill. He did not make a very good 'defense attorney' for himself though because it took the jury only two or three minutes to return a verdict of guilty. Marshall was charged with striking and seriously injuring Ralph Hassell with a cue-stick in a local poolroom Saturday night. He gave several reasons for his act, all of which sounded unearthly. He tried to convince the jury that he was justified in his act because he had been 'conjured' by one of the Hassell boys. Marshall in jail will probably be sentenced late today.

Robert Pasteur, former operator of the Friendly Cafe, in the colored section of Beaufort went on trial here this morning for his life. He is charged with the premeditated murder of his estranged wife, the late Verna Sparrow Pasteur whom he shot on the cold night of December 6, and who allegedly died as a result of that shooting on Tuesday, February 15. The case is being tried before Judge Luther Hamilton, who is the first Carteret county superior court jurist to preside over a term of court in this county. It is the first first-degree murder trial in Carteret courts in many years.

Solicitor Dave Clark of Greenville is prosecuting the defendant. He is assisted by C. R. Wheatly, employed by parents of the deceased as private prosecution. Sitting next to these attorneys is George Sparrow, father of the deceased Verna Pasteur. Defending the life of Robert Pasteur is A. D. Ward and William Ward of New Bern and E. Walter Hill of Beaufort. Sitting adjacent to these attorneys is Robert, his mother and two brothers. Playing a part in the testimony before the court this morning was a December edition of Romantic Magazine, which (Continued on page eight)

Presiding Over Busy Carteret Court

Judge Luther Hamilton

Judge Luther Hamilton came back to his native county this week to preside over one of the busiest terms of court in the history of Carteret. He has impressed everyone attending court with the efficient manner in which he has handled the situation. His charge to the grand jury on Monday was one of the best ever delivered in a Carteret county courthouse. Today he is presiding at the first first-degree murder trial to take place in Carteret in many years. Judge Hamilton is a native of Atlantic, a resident of Morehead City and was appointed Special Superior Court Judge by Governor Hoey several months ago. (Cut used through courtesy Twin-City Times).

Grand Jury Gives Mann Boy Freedom

LaRose Mann, 14-year old Newport youth charged with manslaughter in connection with the killing of his father the late Romie Mann, was given his freedom by the Carteret Grand Jury who reviewed the case this week. The grand jury found 'not a true bill' in the case which attracted considerable attention when the shooting took place because the boy was ordered placed under bond on manslaughter charges, after a coroner's jury had found the shooting justifiable. Sentiment in the Newport section was with the youth, who shot and instantly killed his father because he was beating his mother.

REPUBLICANS ARE BECOMING ACTIVE

Executive Committee Met At Courthouse Here Saturday

Carteret County Republicans will have their Convention on April 23, 1938 at 2 o'clock in the Courthouse here, it was decided by members of the Executive Committee which met last Saturday. Chairman C. H. Bushall of the Executive Committee presided at the meeting and notations on what transpired was recorded by Republican Secretary A. L. Wilson of Newport.

During the Executive meeting motions were made and carried that any Carteret Republican attending the State Convention in Charlotte this week would automatically become a delegate from this county. Several persons prominent in the party including C. R. Wheatly, A. L. Wilson and others were planning to attend the State convention.

C. R. Wheatly made a motion which carried that delegates to the state, congressional, judicial and senatorial conventions be named.

About 25 persons attended the Executive meeting on Saturday. Among those present were several of Carteret's prominent citizens, who are prominent Republicans.

Grand Jury Report—

Carteret's Grand Jury passed upon 29 bills of indictment, found 26 true bills and three not true bills, according to the report given Judge Hamilton just as we go to press today by D. W. Morton, foreman. Complete text of the Grand Jury report and subsequent resolutions will be printed in next week's edition of The Beaufort News.

Carteret Farmers Favor Crop Control

LIQUOR RAIDS!

Officers Arrested 10 Persons In County Wednesday Night

One of the biggest liquor raids ever staged in Carteret county took place last night when 10 allegedly 'big-time' boot-leggers were arrested by local officers assisted by State ABC Enforcement Officers from Raleigh. Those arrested who could not furnish bonds for their release were jailed and today the Carteret Grand Jury found true bills in the cases. Most of the defendants arrested have at one time or another been mixed up in the illegal liquor business before.

West of Morehead City where bootleg liquor is said to flow freely most of the time Charley Brewer, Cal Whaley, Rob Whaley, Ed Sharpe and Dave Bell were arrested. In Newport the invading officers arrested Sam Prescott, Here in Beaufort Pearlie Oden, Beals Sparrow, Ransom Jones and Otis Fenner were taken into custody.

Officers making the raids included Em. Chaplain, George Nelson, Clarence Pelletier, Phil Thomas and a Mr. Griffith and Mr. Renner from up-state and said to be State ABC Enforcement officers or detectives.

Divorces

Five divorce cases have come before Judge Luther Hamilton so far this week. Margaret O. Oglesby was granted an absolute divorce from her husband Earl R. Oglesby.

Ada L. Willis was granted a bed and board divorce from her husband Clyde E. Willis. It was alleged that the defendant had offered such indignities to make the plaintiff's who were on the cruise returned Prentice C. Longest was granted a divorce from his wife Louise Roberson Longest on grounds of separation for more than two years.

Edna M. Kilpatrick was granted a divorce from her husband Donald Kilpatrick, on grounds of adultery.

Otis Edwards was granted a divorce from Rose Edward on grounds of two years separation.

Big Majorities Were Given In This And Other Counties

Carteret county farmers cast a total of 715 ballots in the cotton and tobacco referenda last Saturday and gave a big majority for crop control. While there had been no doubt about the outcome in Carteret, or the nation either, as for that matter, unexpectedly large numbers of farmers turned out to cast a ballot for what they believed meant success or failure for them during the current year. As a result of the outcome of the referenda, Carteret's Farm Agent, J. O. Anthony, is making every effort to get in touch with every owner of cultivated land in the county immediately, to place the new legislation in operation.

Out of 239 persons casting ballots in the cotton referendum in Carteret, 222 favored control. In the voting on tobacco control, 389 farmers favored control and 87 voted against the measure. Tabulated votes of the various voting precincts in the county will be found elsewhere in this edition.

The Farm Agent's office released a statement on Wednesday, relative to the outcome of the referendum. The statement follows:

"Following the referendum on cotton and tobacco held last week which puts control on cotton and tobacco, the County Agent's office is making every effort to get in touch within the next week with every owner of cultivated land in the county. (Continued on page eight)

How Carteret Voted For Crop Control

FARMERS MASS MEETING

Big Meeting Planned For Purpose Of Formulating Rules For Operation Of Auction Mart This Year

A big mass meeting of all farmers and interested citizens will be held at the Courthouse here next Thursday night, (March 24) at 7:30 o'clock, for the purpose of formulating rules for the operation of the Auction Market. This meeting is being called by the Beaufort Business Association in cooperation with the Chamber of Commerce, Rotary Club and County Agricultural Agent. All farmers and business men and others interested are urged to be present.

RUNNING LIGHTS

By JOHN SIKES

WHILE I AM fully aware that nothing concerning the somewhat fabulous career of Joseph Louis, the pugilist bears sufficient local interest to cause customers to come banging on the doors of the Messrs. Hatsell and Brown, who publish this newspaper, with dollars in their hands and demanding latest copies of The Beaufort News containing agenda on the career of the fighter, current developments in the prize fighting industry have given me, at least, reason for pause and ponder. (The Beaufort News hereby offers three wickless Running Lights and four leaden life preservers to the first philologue with a red Van Dyke who can parse that sentence.)

AS I SAY, recent developments in and about the fight industry have given me cause for some research. Louis is allowed by such magazines (Continued on page four)

TIDE TABLE

Information as to the tide at Beaufort is given in this column. The figures are approximately correct and based on tables furnished by the U. S. Geodetic Survey. Some allowances must be made for variations in the wind and also with respect to the locality, that is whether near the inlet or at the heads of the estuaries.
