Hectic Democratic Primary Ended Saturday

Dean Israel H. Noe To Preach In "Cathedral-by-the-Sea" Local Contests Ran Very Close

ART STUDENTS ARRIVE HERE FOR SESSION

Duke and W.C.U.N.C. Biology Courses Begin Monday

With the arrival of Gregory D. Ivy, head of the Art Department of Woman's College U.N.C. in Greensboro and about 30 students early this week Beaufort became the scene of a sizable summer art colony. Next Monday local marine units of Duke University under the direction of Dr. A. S. Pearse and W.C.U.N.C. under the direction of Dr. Archie Shaftsbury will begin summer-session here.

In the vicinity of Beaufort the students of Professor Ivy are finding much material for their advanced course in painting outdoors. All of his students are girls, and if you have seen young artists doing a land or seascape in oils, charcoal, water colors or what-not in this vicinity this week, the chances are that they are students of Professor Ivy.

Dr. Pearse is expecting about 20 students to enroll at the new Duke laboratory on Piver's Island next Monday when the first of two summer sessions begins. Dr. Shaftsbury will have from 10 to 15 students here studying marine science at the Carolina Laboratory at Beaufort Community Center.

BILL BLADES PARKIN IS A LOCAL PREACHER

William Blades Parkin has been appointed a local preacher and is the possessor of "Local Preacher's License" as a result of a recommendation by the quarterly conference of the Louisville charge, and is authorized to preach the gospel, according to the rules and regulations of the Methodist Church. This will be good news to many friends of Bill Blades living in Beaufort and Carteret County.

Sea Queen Party Makes Good Catch

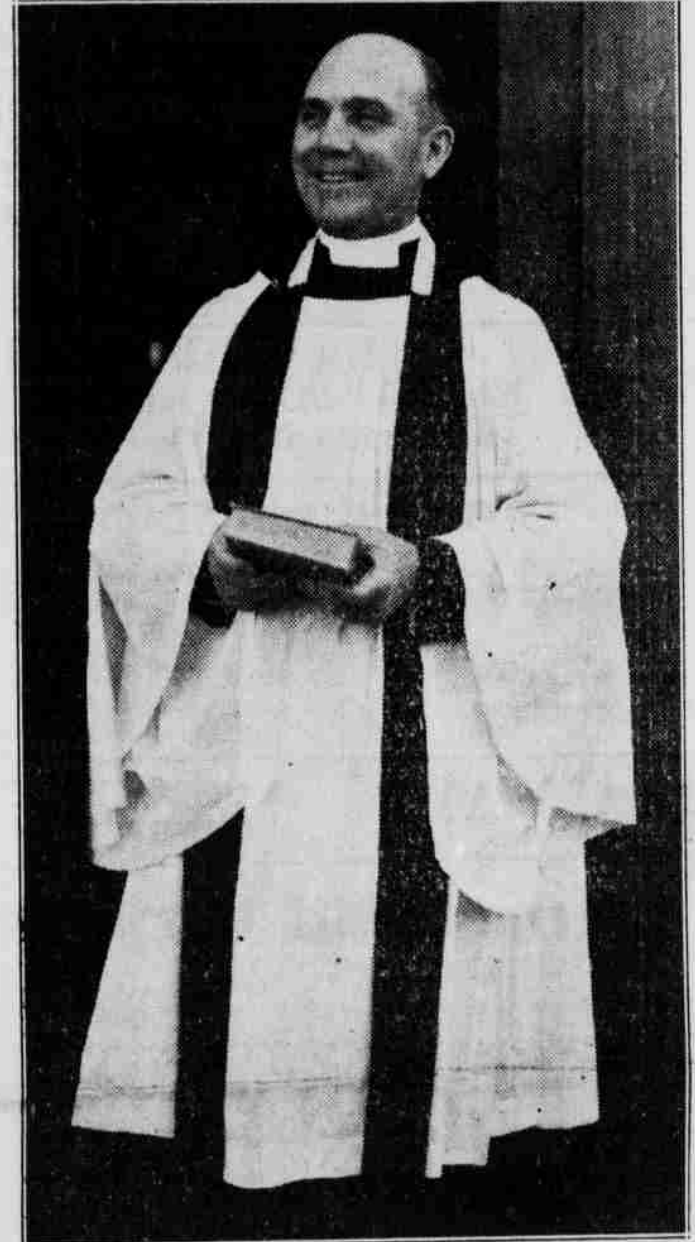

Roy Ewell and a party of friends from Durham fishing from aboard Capt Grayzer Hudgin's party boat Sea Queen on Tuesday made an exceptional good catch considering the fact that the sea was rough. Trolling in the ocean beyond Beaufort Inlet the party landed 57 fine Spanish Mackerel.

TIDE TABLE

Information as to the tide at Beaufort is given in this column. The figures are approximately correct and based on tables furnished by the U. S. Geodetic Survey. Some allowances must be made for variations in the wind and also with respect to the locality, that is whether near the inlet or at the head of the estuaries.

Atlantic Beach To Be Scene Of Sunday Services

Very Reverend Israel H. Noe

Next Sunday afternoon at 4 o'clock the Very Reverend Israel H. Noe will preach, what possibly will be his last sermon on the coast of Carteret, in the Casino at Atlantic Beach. It is believed that thousands of persons from this county and throughout Eastern North Carolina will attend the services. Dean Noe leaves next Monday for Memphis. There he will confer with Bishop James Maxon of Tennessee, and this conference will decide his future plans. When it was learned that the famous theologian was leaving Carteret his friends looked for an auditorium large enough to accommodate those who wish to hear his farewell sermon. The management of Atlantic Beach co-operated and offered the use of their spacious ballroom which for the afternoon will be literally changed into a "Cathedral by the Sea." It was definitely stated today that the Davis Choir under the direction of Rev. W. B. Sprinkle, with Mrs. Olive Murphy at the piano, will be present to sing. There will be no charge of admission and no collections will be taken during the services. It is purely the object of Dean Noe's friends to present an opportunity for thousands of persons to hear him before he departs for Tennessee. (Eubanks-News photo).

Scout Activities

The girl scouts under leadership of their captain, Mrs. Edith Stevens, number thirty six girls—all registered. Pins have been awarded by the court of honor for the girl scouts. All tenderfoot work has been passed, and the troop is now studying the second class requirements. The most important work done in this class is that of first aid under direction of Mrs. W. S. Chadwick, the instructor in this work. Mrs. Chadwick meets the group in sections twice weekly and she is taking the girls through a careful and thorough course in first aid. Other requirements are being taught by the scout captain, and other members of the troop committee. The girl scouts will go to their camp for the week assigned in June. The expense has been put very low this year in order to give all an opportunity to go out for the period in an official camp. All necessary instructors and assistants will be provided for the camp, including drill and general camp activities; life-saving and swimming; boating; recreation of every wholesome sort possible to be given. The camp will be under supervision of the Scout Captain, and (Continued on page 8)

EXPECT LARGE ATTENDANCE AT DISTRICT MEET

Atlantic Beach To Be Scene Of Big Club Meeting

Approximately 3,000 Home Demonstration Club and 4-H Club members are expected to attend the annual district meeting on Atlantic Beach next Thursday (June 16) it was announced today. The delegates representing the clubs of six counties including besides Carteret, Jones, Onslow, Pamlico, Craven and Lenoir, will hear Miss Ruth Current who heads the demonstration club movement in North Carolina and Mrs. Estelle Smith, District Agent. For many years the clubs of this District have had their annual convention on Atlantic Beach. The day includes not only busy sessions of interest to members but also a gala picnic on the area at the beach provided for this purpose. The Federation of Home Demonstration Clubs will meet during the morning while the afternoon session will be turned over to the meeting of the 4-H clubs of this district.

FIRST DOLPHIN TAKEN TUESDAY

The first dolphin of 1938 were landed on Wednesday in the Gulf Stream off Cape Lookout by Ritchie Perry of Tazewell Va., fishing with Capt. Jess Pagels aboard his party boat "Jesse." In 1936 Mr. Perry also had the distinction of landing the first dolphin of the season. On Tuesday he brought to gaff six of the multi-colored beauties, and while they were not the largest to be taken in the stream off Cape Lookout, they had plenty of life, it was reported. A number of sea-bass were also landed by Perry and Pagels.

G-MEN GET KIDNAPPER

About noon today in Princeton, Fla., C. Edgar Hoover, chief of the G-Men announced that Franklin Pierce McCall, 21-year old truck driver had confessed that he had kidnapped and killed 5-year old Jimmie Cash. The body of the child was recovered. The Sun Journal in New Bern verified local radio reports with official Associated Press bulletins as we go to press this afternoon.

He May Get New C. G. Stations

Congressman Barden

Congressman Graham A. Barden who was renominated to the office he now holds in the Primary Elections on Saturday with an overwhelming majority in each of the counties of the Third District was accused by his opponent on many occasions of being a person who craved newspaper publicity. As a matter of fact his opponent usually had a batch of District newspaper which bore Barden stories and which he used saying that Barden was a publicity seeker. But no newspaper in the District has yet used a story about Barden when it was not real news. Prior to the Primary election Congressman Barden in Carteret County could have used as an issue for re-nomination the fact that he was trying to get a new Coast Guard station for Fort Macon and a Lookout Tower and Station for Cape Lookout. But he did not. As a matter of fact it was not until Wednesday June 8, that he wired the news that he would have gotten additional votes, (although he got the C. G. vote anyway in this sector) in Carteret County. The wire which was received by Aycock Brown follows:

"Am in possession of information which causes me to feel positive that after Relief Bill is signed by the President allocations will be made for the following projects in my district: New Coast Guard station for 22 men and equipment building to cost \$90,000. New station for 22 men and equipment building and lookout tower at Cape Lookout station, \$15,000. men and equipment building and lookout tower at Cape Lookout will greatly add to the Service and at Fort Macon New Station for 22 to the comfort of the men in the stations and I am glad that I can be of some service to such a fine organization."

Tomato Triplets And Twin Squash

G. D. Purefoy, New Bern Road farmer brought in the first vegetable oddities of the year on Wednesday, when he came to town to sell squash and berries. Oddity number one was a twin squash and if it had not been so young and tender looking the editor probably would have it on display in the office today. He told about a tripple-tomato which had been harvested from his field and which he promised to bring into town later in the week to prove to the editor that such things can happen.

Receive Degrees At E. C. T. College

Of the large number of students at Eastern Carolina Teachers College in Greenville this week were three residents of Carteret County. One of the graduating students, Miss Marjorie Humphrey is from Beaufort. From Morehead City, two students, Miss Grace Freeman and Miss Lallah Lorain Adler received their degrees of graduation.

Many New Faces In Coming General Elections

Barden Given Big Majority Over Abernethy

Carteret County's most hectic Primary Election is over and there will be new faces in the General election next November and new names on the ballots. It would not be exactly proper to say that the affair of last Saturday was, strictly speaking, a Democratic Primary unless some of the best known Republicans in the county have crossed the line. Many Republicans cast ballots on Saturday, but is nothing to get alarmed over as that happens in all Democratic Primaries.

Representative Graham A. Barden was renominated with a majority of approximately 10,000 in the Third District during the Primary Election last Saturday. In Carteret his majority was 887 votes, or 842 more than was given him in the Primary Election of two years ago in this county. In Carteret last Saturday the Barden vote was 2,880 as compared to Charles L. Abernethy's 1,993.

Most interesting coincidence in the election on Saturday was the fact that L. W. Hassell with 2,532 votes defeated D. B. Willis who received 2,194 votes with a majority of exactly 338 and C. Gehrman Holland with 2,634 votes defeated Sheriff E. M. Chadwick with a majority of 338 votes. It was one of those things which happen once in a lifetime. Holland is the nominee for sheriff of Carteret county, and Hassell was renominated to the office of clerk of superior court. In the November Election, Holland will battle it out with Republican candidate Wiley Lewis of Beaufort and Hassell's opposition will be Republican Jesse Willis of Morehead City.

Senator Robert R. Reynolds with a total vote of 3,454 votes had a majority of 2,433 in Carteret over Frank Hancock. Hancock's Carteret vote was 1,197. In the State Senator Reynolds led with a majority of approximately 100,000 votes over Hancock. Stanley Winborne with 2,979 votes in Carteret as compared to Paul Grady's 1,197 had a majority of 1,780. In the State Winborne led and was renominated.

Dave Clark of Greenville was renominated Solicitor in this District with an overwhelming majority. In Carteret he received 3,253 votes as compared to John Hill Taylor's 1,072. His majority was 2,181.

Closest Race in the Election Last Saturday was that of Coroner

With the majority of the precincts already reporting, friends of Earl Mason, popular Beaufort barber were congratulating him on his victory. But in the final count the tables turned and George W. Dill Sr., who had much experience in the past doing the duties of coroner was nominated with the small majority of 67 votes. This majority however was not as small as the Dr. Smith majority of nine votes in the Democratic Primary of 1936 when Dill was defeated. Dill's total vote Saturday was 2,229 as compared to Mason's 2,192.

Superior Court Convenes Here Monday June 13

The June term of superior court starts here next Monday June 13, with a fairly crowded docket considering the fact that Judge Luther Hamilton swept the opening docket clean back in March. Judge Paul Frizzelle of Snow Hill will preside over the Carteret June term.

The first week until Friday will be devoted to the criminal cases from Friday June 17, through the following week civil actions will be heard, with Saturday set aside for the hearing of motions.

Fishing And All Outdoors By AYCOCK BROWN

I WAS living on Ocracoke Island and had just returned one day from a 30-mile trip off shore in the vicinity of dolphin infested waters near Diamond Lightship when I wrote the paragraph which follows: "Until you have checked the surging strike of a dolphin, reeled him within gaffing distance of the boat, fighting his mad gyrations, you have not experienced one of the wildest and most thrilling sports to be found along the Atlantic Coast." It was not until this week that I finally saw the paragraph in print.

AFTER I wrote the story about dolphin and amberjack fishing off Cape Hatteras I submitted it to Field and Stream and Outdoor Life. Both magazines were interested in the story if only I could get some action pictures portraying the mad gyrations. Unless you have tried to make an action picture of a fish leaping from the water you do not know the trouble I experienced trying to get the photos which incidentally I never got. Then I moved to Beaufort and tried the dolphin fishing off Cape Lookout. I rewrote the story, using the same lead, but localizing much BUT STILL I was unable to get action pictures, so the story bounced back again from Field and Stream and Outdoor Life. A few weeks ago Bill Sharpe of North Carolina's advertising department asked me to submit a "per" published in Columbus. I unearthed the Hatteras-Lookout and sent it on expecting to have it back in my files within a month. (Continued on page eight)
