WHEN WAS THE PRACTISE OF KISSING ORIGINATED?

KISSING as we know it today (i. two people) was first recorded as practiced among the early Persians. Herodotus tells us that at that time, an equal was kissed on the mouth, an inferior on the cheek. The Romans and classic Greece seemed to practice the custom at about the same time. In less civilized countries, the expression of affection was, and frequently still is, accomplished by the rubbing of noses, patting of arms, breasts or stomachs.

Disturbing Church Services In M. City

For disturbing religious services in Morehead City a few days ago, E. J. Fitzpatrick of that city was summer school activities here. I arrested and in Recorder's Court wrote a feature story about these elimination races on Wednesday, ful occasions ever presented along schools and sent it up to Bill and on Tuesday was ordered to pay costs amounting to \$11.93. It was the second such case in Recorder's Court in two weeks. The previous charge was against a resident of the Broad Creek section.

The warrant for Fitzpatrick wa sworn out by Harvey Lewis. I charged the defendant with loud and boisterous talking and otherwise disturbing the services by mocking the preacher and subse quently breaking up the service Witnesses for the defense testified that Fitzpatrick came home slight ly or otherwise intoxicated and that he was mocking no preacher but instead amusing a baby. Witnesses for the state included besides Mr. Lewis, Rev. T. O. Todd. Elijah Graham, Billie Lewis and Will Lovett.

Charges against Mrs. Alvin Willis, Andersan Taylor, Alonzo Willis and Alvin Willis were nol prosed with leave when it seemed apparent from testimony offered that it was only a sort of family squabble which had been patched

For tearing up a gasoline engine Leslie Mann, of Newport,, charged with destroying personal property wos given a three months suspended jail sentence.

Prayer for judgment and continued was the judgment in the case of Roland Swain, charged

with assault on his wife. Judgment was witheld in the case of M. H. Pratt, charged with

Purdum and Barden Answer To Publicity Man's Dream— 55 FIRST BLUE MARLIN LANDED

WHEN THE FIRST Blue Marlin ever taken with rod and reel north of Florida was landed off Hatteras on July 8 by Hugo Rutherfurd, of Allmouthy, N. J., it was not only the most outstanding catch ever made off our coast, but litterally the answer to a publicity man's prayer. It was the last week-end. Hundreds of dolkind of story that publicity men everywhere are hoping phin, "the fastest fish that swims" will break in their territory. This fish measured 12 feet, and by far the most colorful, were one inch in length, was 54 inches around the girth, had a taken by anglers. And right here tail spread of 47 inches and weighed 439 pounds. The with all these reports of huge exact location of the catch made from aboard Rutherfurd's catches of dolphin being made, I cruiser 'Make II' was 16 miles east of Hatteras and four along a good supply of ice when miles southwest of Diamond Lightship. It was brought to going to the Stream so that the at the Pentacostal Holiness Church gaff 40 minutes after the strike and made five leaps out of fish can be saved to eat. Don't let the water in efforts to shake the hook from its mouth. anyone tell you that dolphin are Previously off Oregon Inlet, John Midget, of Manteo, not suitable for eating. Just try caught a 7-foot marlin which was unofficially identified as the filet of one sometime broiled a "White" or "Black" but not a blue marlin. White mar- to a golden brown and you will lin, a much smaller fish, have been taken in large numbers have seafood that is more than off Ocean City, N. J., this year. Christopher Jones. local angler, recently landed one there which weighed about 75 pounds. (The Rutherfurd Blue Marlin photo is by Tom Eaton, of Hatteras. The cut is reprinted through courtesy of The News and Observer.)

## OCRACOKE MAIL LINE APPLYING FOR FRANCHISE

#### Island Bus Line Is Also Seeking A Franchise

Capt. Wilbur Nelson, ope-rator of the Ocracoke-Atlantic Mailboat line applied to the Utilities Commission in Raleigh Wednesday for a franchise to operate. It was the first application for a permit to operate an interstate boat line in North Carolina coastal waters in many years.

The hearing was held before Chief Clerk R. O. Self of the Commission. Capt. Nelson was represented by Graham Duncan, local attorney. Opposing the granting of the permit was Capt, Will Willis, of Ocracoke who also operates a passenger and freight boat between the island and Atlantic. He was represented by Alvah Hamil-

It was also stated that Capt. Willis was seeking a franchise on behalf of Stanley Wahab, of Ocracoke and Baltimore, to operate a bus line from Ocracoke village to Hatteras Inlet to connect with a boat for Hatteras and bus line up the Banks to Manteo. Definite information about latter matter, however, was not available as we go to press today.

It will probably be sometime before outcome of the boat line franchise application will be known.
