Retired Coast Guardsman Enjoys Life In Trailer

CAPT. AND MRS. A. W. STYRON CAN NOW MAKE THEIR HOME ON HIGHWAYS

Pictured here is the trailer home of Capt. A. W. Styron, retired coastguardsman of Cedar Island and his wife, Mrs. Styron. At present time their trailer is located in Lenoxville community near Beaufort where both have a number of relatives. Recently they spent several weeks on Harkers Island, renewing old friendships which they both knew when Capt. Styron (pictured at right) was stationed at Cape Lookout Coast Guard Station. Later they will probably go South to Florida like they did last winter. Capt. Styron was retired from Coast Guard service a few years ago when he was in charge of Ocracoke station. In ill health at the time, he did not do what many retired service men have done, sit down for the rest of his life. Instead he started moving around and his health improved. Today he is the picture of health. The Styrons have a beautiful home on Cedar Island in Lola community.—(Eubanks-News Photo)

FISHING BOATS GO AGROUND ON SHOALY SWASH

Wallace Channel Route May Be Improved

At this season of the year or any season for that matter it is not considered news down in the vicinity of Ocracoke Island for a fish or freight boat to go aground on the shoaly bottom of the Swash which serves as a gateway between the Island Channel and the waters of Pamlico Sound. Several menhaden laden vessels have grounded there recently and it was necessary to shift the cargo to free some of the vessels.

Frequently the Ocracoke Coast Guard have labored for hours in efforts to refloat vessels which have gone aground on the Swash. Only this week the Charlie Mason, one of the Smith Boats under the command of Capt. Charlie Mason, went aground on the Swash and the vessel was only partly loaded. It was necessary to shift the cargo to free the craft which then proceeded to the factory here in Beaufort.

Because it is apparently impossible to bring about the improvements which would always assure safe navigation of fishing and freight boats through the Swash, local persons will contact their Representatives in Congress and the Senate asking that the route through Wallace Channel be dredged to a sufficient depth to assure all-time navigation of the large menhaden and other boats which would use the route. Wallace Channel is located about three or four miles south of the Swash and is near Portsmouth and Beaufort Islands. In the old days many seagoing sailing vessels used Wallace Channel as an anchorage while discharging cargoes to lighters for shipment to river ports.

Chief Of U. S. Army Engineer Corps

MAJOR GENERAL Julian L. Schley, Chief of Engineers U. S. Army, who will visit Eastern Carolina next week aboard the U. S. Yacht Falcon is pictured above. It will be the most extensive inspection trip he has ever made of the waterways of Eastern Carolina. Starting from Norfolk on November 28, (two days earlier than announced last week) the party which

Norris And Willis To Succeed Holland

C. of C. Banquet Plans Complete

Plans for the annual membership banquet of The Chamber of Commerce to be presented on December 8, at the American Legion Hut here were completed at the regular monthly meeting of the board of directors on Monday night. This meeting will mark the election of officers. About 75 persons or the membership of the organization will be present. A roast turkey dinner at 60 cents per plate will be served.

Representative Graham A. Barden and Major George Gillette, U. S. Army Engineer were extended invitations this week to be present as guests of honor. Only members and prospective members will attend. It will not be "Ladies Night." The first banquet of 1939 to be presented during the late winter will be Ladies Night.

Additional Policemen Will Give Needed Protection

TOWN BOARD HAS A BUSY SESSION

Alex Norris and Capt. David G. Willis were named as town policemen on Monday night by the Board of Commissioners. They succeeded Gehrman C. Holland who was elected Carteret County sheriff during the recent election. During the meeting the question arose as to whether two persons should be appointed as policemen or just one person. It was brought out by Mayor Huntley that much of Chief Walter Longest's time was taken up looking after the street work and the recent increase in Beaufort's population made it apparent that an additional officer was needed.

Commissioner Trotter argued that he thought that by paying one man a good salary that Beaufort would get better protection than it could by employing two men at smaller salaries. The Board went into executive session to discuss the applications on hand and thresh out the matter. Two men were

Rev. Louis D Hayman Returns To Church Here

Hayman Returns To Local Pulpit

REV. LOUIS D. HAYMAN

popular pastor of Ann Street Methodist Church was re-appointed to serve for another two years in the local pulpit. The Rev. Mr. Hayman has not only been active in religious circles here but he has taken part in many civic activities. He is president of the County Council on Recreation, secretary of the Rotary Club, and a leader in the youth movements of the town and county. He is a native of Roanoke Island and his hobby is fishing and boating. He is an expert navigator and years ago before entering the ministry was a sailor before the mast on a vessel in the coastwise trade.

Appointments Were Made On Monday In E. City

Rev. Louis D. Hayman was re-appointed as pastor of Ann Street Methodist Church at the Conference in Elizabeth City on Monday. News that he will return to Beaufort to continue filling the local pulpit was received with high favor here. He has not only made a good pastor but he made a good citizen in Beaufort.

In addition to his ministerial duties Rev. Mr. Hayman has been very active in youth and civic work here. He is president of the Beaufort Council on Recreation, secretary of the Rotary Club and a member of the Board of Direc-

County Officials Back From Chicago

W. P. Smith, Chairman of the Board of County Commissioners, Irvin W. Davis, clerk to the Board and James Potter, auditor, returned this week from Chicago, where the signatures of Smith and Davis on 4,000 bonds automatically reduced the bonded indebtedness of Carteret County from four and a half to three and a half million dollars.

Covering The Waterfront

By AYCOCK BROWN

I HOPE THE Board of Town Commissioners, the Mayor and the Police Authorities whom perhaps you and I helped elect to office, succeed this year in curbing the shooting of fireworks within the city limits of Beaufort. Already the fireworks shooters have started shooting the things. What I thought was someone making a first class murder or suicide story down on West Front street Sunday night during Church hours, due to much shooting, was in reality fireworks I discovered after trying to run the story down. I am not by myself in this business of being opposed to shooting fireworks—especially within the business section.

TIDE TABLE

Information as to the tide at Beaufort is given in this column. The figures are approximately correct and are based on tables furnished by the U. S. Geodetic Survey. Some allowances must be made for variations in the wind and also with respect to the locality, that is whether near the inlet or at the head of the estuaries.

Fishing And All Outdoors

By AYCOCK BROWN

I HAD PLANNED to go to Ocracoke today for a bit of goose hunting with my camera but last minute things prevented the trip. A Baltimore Sun photographer is here this week-end, however, getting shots of goose hunting on the island. And on the subject of Ocracoke would like to say that my favorite "guide-of-the-week" is David Gaskill who sent the goose dressed and ready to cook for my Thanksgiving dinner.

AND SPEAKING of guides Tom Tosto who has attended to the venison matter for me this year is making a sort of record with his dog Jack. Guiding a party near the old New Bern Road this week another fine buck was killed. Parties who hunt deer with Tom Tosto and his dog Jack usually bring home the venison.

EARLY WEDNESDAY my friend John Park, Jr., in Raleigh wired asking me to arrange a shooting trip for him on Davis Shores to start early this morning.

THE BEAUFORT NEWS AND MAGAZINES OFFERED AS AN IDEAL CHRISTMAS GIFT

Annual Christmas Seal Sale Starts In County Friday

The annual Christmas Seal Sale officially starts in Carteret County on Friday, with Mrs. J. G. Allen again in charge with the exception of the sale in Morehead City, schools of the county will serve as committee in their communities, Mrs. Allen stated.

Each year Carteret responds generously to the Christmas Tubercular seal sales. Three fourths of the proceeds of the sale will be used for health work in Carteret county, it was stated.

Statistics on the tubercular situation of the country reveal that 200,000 persons in the Southern Conference Area (14 Southern States) have tuberculosis. There are 24,000 tubercular deaths ev-

SEVEN CASES IN RECORDERS COURT TUESDAY

Next Session To Be Held On Friday December 2

Seven cases were tried in Recorder's Court on Tuesday. It was the last session of Recorder's Court until Friday, December 2, as Judge Paul Webb will be out of the county next Tuesday.

In the case of Sadie Monroe, Morehead City Negress charged with making her house a nuisance prayer for judgment and continued for two weeks was ordered. Incidentally by Court order Sadie is to notify all of her male and female night callers who allegedly have made her house a sort of nuisance, to keep away from her doors.

The case of J. Stephen Smith, charged with drunkenness was suspended for thirty days and the case was remanded to Mayor's Court in Newport.

Walter Fulford, Negro, slapped his sweetheart. As a result he was in court to answer charges of assault on a female. He drew a 60 days suspended sentence.

James Worth, whom Court attaches said could well be named James Worthless, was charged with stealing a bicycle. He was given a six months jail sentence, suspended upon condition he pay Micajah Adams \$10 and one half costs in the case and \$20 in a former case which involved drunken driving. He was placed on probation for two years. Worth was under suspended sentence since February on driving drunk charges.

Gus Davis was found not guilty of transporting whiskey, but guilty for offering same for sale. He is a Negro. A sentence of 90 days at the County Home farm was ordered.

In the case of Alfred Pittman, charged with violating Chapter 279 P. L. of N. C., it was ordered that attorneys for both sides prepare briefs and submit to the Judge in Chamber. The case involved operating taxi without proper insurance.

Millions Of Menhaden Taken By Fleet During The Past Several Weeks

U. S. B. F. Mullet Pond Is Stocked

Finishing touches are being made on the U. S. Bureau of Fisheries Mullet Pond located just west of the driveway leading from Route 70 to Piver's Island. Already hundreds of mullets have been released in the pond for experimental purposes. The pond was built with federal funds for the purpose of determining if mullets and other fish can be successfully "farmed" for market or propagation purposes in America. Similar "fish farms" in the Philippines, Hawaiian Island, Japan and France have proved successful and profitable to owners. By "farming" the fish seasonal species are always available for food purposes.

But So Far Catches Not Equal To Last Year

Although millions of menhaden have been taken by the fishing fleets now basing in Beaufort and Morehead City since the autumn season opened several weeks ago, the total catch is below the total for 1937, it was stated here this week by several persons engaged in the industry.

So far this year the total catch would probably run to 70,000,000 fish, possibly 75,000,000 including the summer catches, but in 1937 approximately 100,000,000 fish were taken. But so far this sea-

What's the Answer?

By EDWARD FINCH

WHY DOES A HEN CACKLE AFTER LAYING AN EGG?

IN EVERY form of animal life there is a specific way of expressing joy when that animal has performed the mission for which he was created. The hen cackles to notify the chicken world that she has discharged this duty and shouts her joy that the attendant discomfort in the laying of the egg is over. She is proud of herself!
