**It Is Difficult To Catch Killers**

It is difficult to catch killers. During the past few days there have been two killings, brutal killings in Carteret County which are yet unsolved. It is one thing to stay here in Beaufort and say: "They ought to be caught", but quite another thing to actually go out and find the killers. When such killings occur in thickly populated areas the defendants can usually be apprehended quickly—but when a person is run down and killed at night by a hit and run driver on a lonely highway without nearby telephone facilities to notify authorities and without passing traffic to get word to officers, the case is already getting cold before the hunt begins. State Highway patrolmen have followed dozens of clues and driven hundreds of miles in an effort to solve the hit and run drive case on Route 24 in the vicinity of Broad Creek a few nights ago. So far they have not apprehended the killer—but never worry—they have not given up. A hit run case is never closed until the killer is apprehended. Such cases have been solved weeks and even months after they occurred. An even more difficult

case to solve is one in which a sleeping person in a tent is slain with buckshot from a gun in the hands of some unknown assailant. This latter killing happened in the Stella woods in a very lonely section. Companion of the slain man lost precious minutes and even hours in getting word of the shooting to authorities. This case too, one of the most baffling to occur in Carteret County because no motive or no clues were available, was cold before officers got on the trail. But the case is not closed and before many days the killer may be apprehended. It is always difficult to capture killers.

**CARD OF THANKS**

To the friends who came to us in our hour of trouble and contributed all that human kindness could suggest to help and comfort during the illness and death of our beloved son Clifford Jr., we return most heartfelt thanks and although such devoted friendship cannot remove the sad memories that linger around our vacant chair. It brings into view the brightest side of humanity, and throws the pure light of unselfish friendship into a darkened home.

**MRS. RUBY SABISTON FELTON**

Following an illness of several months, Mrs. Ruby Sabiston Felton, wife of John H. Felton, of Beaufort, R. F. D., passed away Thursday afternoon in the Morehead City Hospital. She had been in ill health several years and was stricken with a heart attack in August, and this was followed by pneumonia and pleurisy.

Two songs—"Safe in the Arms of Jesus" and "Asleep in Jesus"—were sung by a mixed choir. Interment was in Ocean View Cemetery.

**Alice Faye And Don Ameche Are Coming Sunday**

Movie Fans, here's the picture for you, and we do mean you! It is "Hollywood Calvacade" starring Alice Faye and Don Ameche, filmed in technicolor. It re-enacts and photographs anew the romance of Hollywood from bathing beauties to world premieres; tells the human story of Mike who wanted to make movies, and Molly, who wanted only to be loved by Mike but who instead won greatness on the screen. It tells the drama of men and women like them who conquered the entertainment world in the romantic, fabulous, many years of Hollywood's rise.

**Harkers Islander Says: "Even A Worm Will Turn"**

To the Editor:

Please forgive an ordinary poor fellow writing to you about the Harkers Island bridge. But, even a worm will turn, and I want to tell you that a thousand people on the island are fighting mad at the way they've been treated. Maybe it is not entirely our own fault that we are behind the times, but we feel that long enough we've been looked upon as pawns in a game played for the benefit of politicians and family relations, and we won't be silent any longer.

Maybe we're blind, but honestly we haven't yet seen one good common-sense reason given for building a bridge from the island to the Straits. Of course, a few carts could come over with a few collards and watermelons they couldn't sell to other folk, and we know that some of our married children could save a few miles when coming to visit us. Perhaps that's the reason we're being gyped!

At any rate as one of the many poor unlettered folk of the Island, I want to register extreme disappointment and disgust at our being kicked around this way. I wonder if our politicians and public-spirited (?) representatives have forgotten that we can also register our disgust when it comes to voting time, and that five hundred votes might make a lot of difference in an election?

Thank you, Mr. Editor for the splendid way you have spoken for us, even tho' at the price of getting it in the neck from some folk.

Yours sincerely,  
John Jones.

**Hearty Approval Of Josh Horne**

To the Editor:

It has been my pleasure to read the article "Aycock Brown, the Discoverer" by W. D. Wallace, which appeared in State Magazine and I want you to know that I am hearty approval of all that has been said and it don't say near enough so far as the way I feel about the work that you are doing for the coastal area and the way you are backing us up with the State Advertising effort.

Kindest personal regards.  
Your Sincere friend,  
Josh Horne, Chairman.

**MISS VAUGHAN'S COLUMN**

The Eighth grade group of Home Economics girls of Beaufort High school have been in the process of constructing aprons to be used for laboratory work in the classroom. They chose their own materials and patterns and each made out her own plan of work which she followed closely.

In connection with this the girls learned how to use sewing machines both new and old models. They learned how to thread and manipulate all types even those which seemingly thread backwards.

The aprons represent a wide assortment of colors and patterns some with ruffles and pockets, some with binding and sashes; some checked; some gathered and some perfectly plain, all of them very attractive in appearance.

**"Dick Tracy" In Person At Sea Breeze**

Ralph Byrd, better known to the millions of movie fans as "Dick Tracy", will appear in person on the stage of the Sea Breeze Theatre on Thursday, November 16th.

Ralph Byrd got his first important film role when the Republic Pictures Corp. brought to life that nationally known "super G" man

of the comic strips, known as "Dick Tracy" and gave Mr. Byrd the title role. He has made three "Dick Tracy" Serials; the latest one being "Dick Tracy's 'G' Men" (this serial begins at the Sea Breeze Friday-Saturday, November 17-18) and has had the leading role in the feature pictures "S. O. S. Tidal Wave" "Born To Be Wild" "Mickie The Kid" and others.

So well does Mr. Byrd play his role that he has come to be known as the one and only "Dick Tracy" and practically all of his "fan" mail is addressed to him as "Dick Tracy."

When "Dick Tracy" appears on the stage of the Sea Breeze Theatre he will show you some of the miracles of modern crime detection and will present, for your enjoyment, an amusing stage show of songs and comedy.

In addition to the stage show, you will see (on the screen) an exciting feature play "S. O. S. Ti-

dal Wave" featuring Ralph (Dick Tracy) Byrd.

It is very seldom the people of Carteret County have the opportunity to see popular movie stars in person so grab yours while you can and go to the Sea Breeze Theatre on Thursday and see, with your own eyes, the popular "Dick Tracy."
