COAST AIRWAYS SEEKING C. A. A. AUTHORIZATION

"Gulf Stream Route" Would Bring Air Service Here

Carolina Coast Airways "The Gulf Stream Route" plans to establish scheduled service between Beaufort via Ocracoke, Hatteras, Manteo and Currituck Beach to Norfolk, Va., just as soon as the Civil Aeronautics Authority will grant authority for the route, it was stated in a letter received by Aycock Brown this week from Stanley Wahab of Baltimore and Ocracoke who is heading the proposed Airways. Dave Driskill who will serve as chief pilot and operating official of the new line stated in Beaufort recently that the CAA officials had given him partial assurance that the authority would be granted the route.

In the meantime Martin Kellogg, Manteo attorney who will serve as general counsel for Carolina Coast Airways has written the Chamber of Commerce secretary here to determine if Beaufort and Morehead City were interested enough in bringing the southern terminus of the air route to Carteret County to

Clarence Meadows Legion Post Will Observe Armistice

Commander W. E. Baggs of the Clarence Meadows Post 78 of the American Legion announced this week that the Post would sponsor an Armistice Day celebration at the Schoolhouse beginning at 2:30 o'clock next Monday (November 11). Speakers on the program have not been announced. At 6:30 o'clock the Post will have a big barbecue supper for all ex-service men whether they are members of the American Legion or not. All ex-service men are invited to attend the barbecue.

Walter Winchell

Newspaperman Staff

Charles Chapin, who was city editor of the New York Evening World at the beginning of the century, never drank, and was intolerant of others who imbibed. . . . Johnny Quinn, a young reporter who worked under Chapin, indulged in an occasional glass of beer, and Chapin sternly lectured him about it. . . . Quinn became ill one day and died shortly afterward, leaving a wife and children. The boys on the World, knowing the family wasn't too well off, started a collection, with each man giving what he could afford. When they came to Chapin for a contribution, he brusquely dismissed them. . . . "Don't expect anything from me," he growled. "I won't encourage young reporters who drink beer to figure they can depend on the staff to help their families after they're dead". . . . When all the contributions were in, a group of the boys took the money to Quinn's widow. She was touched by their generosity, and tears trickled down her cheeks.

His Address Will Be Care Of The White House For Four More Years

DESPITE THE fact that his opponent chalked up the largest popular vote ever given a Republican candidate for the Presidency, President Franklin D. Roosevelt won out in the nation on Tuesday and thus, not only became President Elect of the United States, but the first to be elected to the Nation's No. 1 office for a Third Term. The latest Election data received by The Beaufort News showed that President Roosevelt led in 39 States with 468 electoral votes; Wendell Willkie in nine with 63. With 114,244 of the Nation's 127,245 precincts counted, the total major party vote was 46,162,795 of which Roosevelt polled 25,163,547 and Willkie 20,999,249. The Republicans gained four U. S. Senate seats and 15 Congressional seats, although the Democrats still have majority in both Houses.

FISH CRAFT BOAT WORKS TO BE ESTABLISHED ON ISLAND

Red Cross Roll Call

Membership Drive Begins Monday

Membership workers for the Beaufort Chapter are now being named for the annual Red Cross Roll Call which will get underway in

RED CROSS SUPPLEMENT

Elsewhere in today's edition is the Beaufort News section of The American Red Cross which readers are urged to study to determine the great work that is being done by this great humanitarian agency. The Beaufort News urges everyone to join The Red Cross when workers call for their membership. Carteret County should not forget to help the Red Cross, because in time of disaster, the Red Cross always remembers Carteret and sends aid.

Humber and Barden To Address Legion On Armistice Day

Adjutant John Thaxton of Carteret Post 99 announced today that Wm. L. Hatsell, member of the program committee had received acceptances from Robert Lee Humber and Congressman Graham A. Barden to speak during the annual Armistice Day Banquet which will be held at The Inlet Inn next Monday night at 6:30 o'clock. In addition to these two noted speakers a varied program has been planned to accompany the turkey dinner.

While Congressman Barden is no stranger to Carteret Legionnaires it will be the first time that Robert Lee Humber of New York and Paris, France has spoken to the group. Mr. Humber is a member of Paris Post No.— of the American Legion. He is a brilliant speaker and his message should be of tremendous interest to the Legionnaires. Mr. Humber who is at present in New York, lived in Paris, France for many years. Soon however, he will move to Carteret County and make his home on Davis Island where he recently purchased the ancestral home of the Davis family.

DRAFT ADVICE COMMITTEEMEN ARE APPOINTED

Urge Importance Of Questionnaire Filing

Chairman F. R. Bell in naming associate members of the Carteret County Selective Service Advisory Board associates today urged the importance of all draftees filling out their Questionnaires promptly and a nd returning

THE NAME WILLIS

The name Willis pops up frequently in the Draft news of Carteret County. James Willis of Beaufort was number 1 in Carteret County. Kenneth Willis of Marshallberg was Number 2. Mrs. Hazel Chadwick, secretary of the Draft Board stated today that William Headen Willis of Newport RFD, whose serial number was 604 drew order number 604, and William Reuben Willis of Beaufort RFD, doubled his serial number of 300, receiving 600 as his order number.

same to Draft Board Headquarters in Morehead City. If it is impossible for the draftee to do this within the five days allowed for the purpose, they are instructed to notify the Draft Board through writing and explain why.

Associate members in Beaufort who will assist Chairman Bell are Mrs. J. V. Caffrey and Mrs. L. A. Oakley. Professor T. G. Long of the Colored School is also an associate. See DRAFT—Page 8

Salter Path May Soon Have Daily U. S. Mail Service

Several weeks ago the citizens of Salter Path applied through petition to the Postoffice Department by way of Congressman Graham A. Barden for daily U. S. Mail service to replace the existing tri-weekly service. Although George Smith, mail carrier and prominent citizen of the community has been advised that the petition was presented to the proper authorities, no action had been announced until this week. On Tuesday night by long-distance telephone Congressman Barden advised the Beaufort Chamber of Commerce which has been aiding in securing the proposed service that he would take the matter up again with the Postoffice officials to determine if the service will be established.

Democrats Are Victorious In The County, State And Nation

Governor Broughton Has Big Majority

SEVENTY SIX of the State's total precincts gave J. Melville Broughton 480,085 votes as compared to 137,973 for Robert H. McNeill, the Republican candidate who lives in Statesville and Washington and who is father of George McNeill of Morehead City. Therefore Governor-Elect Broughton of Raleigh, and a mighty good friend to the North Carolina coast will succeed Governor Hoey as State citizen No. 1 and serve for a 4-year period.

Three New Tanks To Be Erected At Port Terminal In M. City

Hatteras Oil Company has started work on the erection of three additional tanks at the Morehead City Port Terminal. The three tanks already erected there for the storing of asphalt and bunker oil have a total capacity of one million gallons. The three new tanks will have a total capacity of two million gallons bringing the grand total to three million gallons when the work is completed.

Two of the present tanks have a capacity of 250,000 gallons each. The third has a capacity of a half million gallons. One of the new tanks will have a capacity of one million gallons, while the other two will be of half million gallon capacity. Since the Hatteras Oil Company established its storage plant at the Morehead City Port Terminal several ships have brought in cargoes for storage and many tank cars have been shipped.

Big Majorities Are Given Davis And H. S. Gibbs

TOTAL VOTE IS 200 LESS THAN IN 1936

Carteret County went overwhelmingly Democratic in the General Election on Tuesday with winning candidates carrying majorities ranging from 1,608 for Irvin W. Davis, register of deeds to 2,300 for Congressman Graham A. Barden. Davis polled according to complete but unofficial returns 3,618 votes as compared to 2,010 for his Republican opponent, Jesse M. Willis. Barden's majority topped even that received by President Roosevelt when he polled 3,966 votes as compared to 1,665 for Julian Gaskill, Goldsboro Republican, who is a native of Sea Level in Carteret.

Since the last national election Carteret Democrats have gained ground as a comparison of the election returns for 1936 and 1940 show. In 1936 Roosevelt had a majority of only 1954 over Landon but four years later despite the fact that he was seeking an unprecedented Third Term, with a few Wilkiecrats voting against him, his majority over Wilkie was 2,111 (In Carteret the total national vote was 200 less than in 1936). Barden's majority over Gaskill in 1936 was only 2,054 as compared to the 2,300 majority in 1940. Governor Broughton's majority of 2,260 over his opponent Robert H. McNeill was the greatest ever given a Democratic candidate in this county which was once in the Republican ranks. Representative Gibbs' 1,705 majority over Lewis was 241 more than Seeley's majority over Republican James W. Mason in 1936. In 1936 Irvin Davis had a majority of 1,527 over his opponent Waddell Pridden, as compared to 1,608 majority over Willis four years later.

It was a surprising election to many. Even the Democrats got larger majorities than they hoped for, although such keen political observers as Sheriff Holland, See DEMOCRATS—Page 8

Menhaden Fishing Fleet Returns To Beaufort Harbor

The menhaden fishing fleet of the Fish Meal Company and the Quinn Menhaden Company have returned to the Carteret Coast to base here during the current fishing season. Last Sunday there were more than 20 of the vessels crowded into the harbor, which did not include a few that were moored at local factories.

Before the current season has passed the present fleet is expected to increase to 40 or more vessels, and their total value is well over a million dollars. With the arrival of the menhaden fleet Beaufort's population increased several hundred persons almost overnight. The activity brought about by the operation of this fleet and the local processing plants bring a temporary boom and better times to Beaufort.

New Representative Man of Many Jobs

H. S. (Sy) Gibbs, Carteret's new representative to the State Legislature is a man of many jobs. On Wednesday night when The Beaufort News finally reached him he was presiding over a meeting of Carteret ABC Board of which he is chairman. He is also chairman of the North Carolina Committee For Coastal Defense Projects, a member of the Morehead City Port Commission, president of the Morehead City Community Assistance League, president of the Morehead City Rotary Club and a director of the Atlantic and North Carolina Railroad.

He makes his living however, from the real estate and insurance business in which he is associated with S. A. Chalk. In the Tuesday election according to the unofficial returns from Carteret's 27 precincts he polled 2565 votes as compared to 1859 for his Republican opponent Walter M. Lewis, Morehead City merchant who is outstanding for his wide knowledge of the commercial fishing industry in Carteret County.

Davis' Prediction Came True Tuesday

ON MONDAY before he left Beaufort for his home in Davis, The Beaufort News asked Democratic Executive Committee Chairman Irvin W. Davis, for his prediction of the Election on the following day. Chairman Davis predicted that in Carteret the Democratic candidates on the ballots would have a minimum majority of 1,500. His prediction came true—as matter of fact Chairman Davis' minimum majority was too small for man of the Democratic candidates who were swept into office by overwhelming majorities.

FLASH!—Bayard Taylor of Beaufort was appointed County Commissioner to succeed late W. P. Smith, as we go to press today.

WASHINGTON MERRY-GO-ROUND

DREW PEARSON & ROBERT ALLEN

WASHINGTON—Little known fact regarding Britain's attempt to aid Greece was that this time, the British were not caught entirely napping. Several weeks before the Italian advance, they had smuggled one division of Australian troops into Greece, and they are now reported to be holding the passes in the rugged mountains of Macedonia.

However, the total Australian force is not much more than 20,000 men, a mere drop in the bucket compared with Italy's 200,000 troops now advancing from Albania.

Biggest help the British can give the Greeks, of course, is at sea. There have been no major engagements between the British and Italian fleets chiefly because the Italians have kept pretty well out of sight. But now, with the necessity of sending a constant stream of supplies to a large army, the Italians are sure to run into some major engagements with the British.

Unquestionably, if the Greeks should fall, it would be Yugoslavia's See Merry-go-round—Page 2

TIDE TABLE

Information as to the tide at Beaufort is given in this column. The figures are approximately correct and are based on tables furnished by the U. S. Geodetic Survey. Some allowances must be made for variations in the wind and also with respect to the locality, that is whether near the inlet or at the head of the estuaries.
