Cost Of Home-Made block I. Lamp Brooder Low

Poultry is a good "defense-pe SO, 5 BOTES iod" farm enterprise due to increased demand for chickens and ggs. C. F. Parrish, Extension poultry specialist of N. C. State College, says that the farm family who formerly raised a few chick with hens will find a home-mad amp brooder an economical decice for expanding poultry prouction.

The approximate cost of buildng a nome-made lamp brooder va- of land on Atlantic. ries from \$5.00 to \$7.50, and in all accommodate 50 to 60 chick. is of simple construction; easy o operate, and is heated by one t

hree large lamos, depending upon the severity of the weather. Parrish invites farm people to write to the Extension Poultry Office at N. C. State College, Ral eigh, for a copy of Blue Print No 46, which gives detailed direction for building a lamp brooder. Mos county farm and home agents o the Extension Service also have copies of this blueprint on file in their office. The blueprints are

free, from either source. In discussing the home-mad lamp brooder, the Extension poul tryman said: "It is intended that this brooder he operated in a protected place, possibly under a wooshed, a wagon shed, or in som similar place, preferably where the wind will not blow directly on the

brooder, yet the sun will shine directly on the sun porch. "The brooder is constructed of you.

two parts. The bottom e tion

houses the lamps; the top section accommodates the baby chicks The tray that separates the top section from the bottom section is covered with 26 to 28 gauge tin. with one inch or more of sharp, coarse, dry sand."

North Carolina Ranks 18th In State Housing Program

Greensboro, March .- "Rank

ng 18th in the nation, North Carolina was among the 18 states in which the dollar volume of home mortgages insured by the Federal Housing Administration during 1940 exceeded \$10,000,000," Aubrey G. McCabe, FHA State Director, reported today. The North Carolina 1940 totals of 2,627 insured mortgages aggregating \$10.-999,500 ranked the state 4th in Elvin Gaskill, Stacy, N. C., to Zone II, which is composed of the ten Southern states.

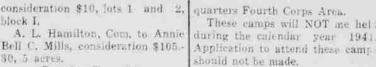

The average amount of the home mortgage insured in North Caroli-, to Beulah Brown, Morehead na last year by the FHA was \$4, 225, which was more than the zone average of \$3,891, but less than the national median of \$4,145.

McCebe predicted the 1941 average home mortgage insured by Lend-Lease Action the FHA in North Carolina would
