BE A FRIEND

Be a friend. You don't need money;
 Just a disposition sunny;
 Just the wish to help another
 Get along some way or other;
 Just a kindly hand extended
 Out to one who's unbefriended;
 Just the will to gove or lend,
 This will make you someone's friend.

Be a friend. The pay is bigger
 (Though not written by a figure)
 Than is earned by people clever
 In what's merely self-endeavor.
 You'll have friends instead of
 neighbors
 For the benefit of your labors;
 You'll be richer in the end
 Than a prince, if you're a friend.

Army Bayonets Are Housed In Cotton

DOVER, N. H.—While one group of chemists have been busy perfecting new high explosives for the War Department, other scientists have turned their attention to solving another military problem—that of providing soldiers with stronger, lighter and less expensive bayonet scabbards. A manufacturer here has just begun production of new scabbards made of heavy cotton duck impregnated with a plastic called cellulose acetate - butyrate. The scabbards used heretofore consisted of a wooden shell encased in rawhide and canvas. Officials point out that the new scabbard is stronger than the old bayonet holder and decreases slightly the overall weight carried by an infantryman.

Spices

While imports of certain European seeds and leaf seasonings such as caraway, sage, thyme, and marjoram have been curtailed sharply, the imports of tropical spices have shown increases.
