DON'T SAY "NO" TO THE AMERICAN RED CROSS

"THE UNITED STATES HAS NEVER LOST A WAR! and I'm sure that all true Americans have a great deal of pride and comfort in that fact," said Silliman Evans, the new Chicago Sun Publisher who, with four 'Angels of Mercy,' recently appeared on NBC's Plantation Party Broadcast in behalf of the American Red Cross. Mr. Evans, in his appeal for funds, stated, "I, for one, find a great deal of pride in the fact that Americans have never failed to answer the call of their great Red Cross organization. Because it has never failed to answer the plea of stricken and unfortunate people, regardless of who—regardless of when—regardless of where. The Red Cross has extended its aid to every country on the globe, even at an hour when our most hated enemy of today was humbled to the ground by an earthquake. Never, since the American Red Cross was founded by Clara Barton in 1882, has this great organization had to call on the government for financial help. The people of America have always contributed generously to its work. The present war can be no exception—our boys are going to need the Red Cross. It is up to all of us to contribute as generously as possible—for it is now faced with its greatest task. Please! Good people of America—don't say 'NO' to the American Red Cross this year. For the American Red Cross has never said 'NO' to anyone!"

CONFIDENCE!

Here's one for the books. On December 31, Corporal Vincent Bogert, New York radio and publicity man, now attached to the 98th Coast Artillery here, married Miss Marie Cowan in Conway, S. C., and spent a short honeymoon at Myrtle Beach.

Simple announcement in the society columns until the item was read one day by Staff Sgt. Roland E. DeHaven, also of the 98th. DeHaven didn't know Bogert, but when he read the item, he figured he ought to.

You see, DeHaven also was married last month, and his wife's maiden name was also Cowan. The date was the 13th (by a dexterous reversal of figures, you can get a coincidence out of this). What's more, he too was married in Conway and, after that, actually picked Myrtle Beach for his honeymoon.

Bogert wears size 8 shoes. DeHaven wears size 9.

MANY CHILDREN IN COUNTY GET VACCINATIONS

The Health Department has had a considerable increase in requests for Diphtheria and Whooping Cough immunizations during the past week. It is hoped that the public will continue their interest in the fact that there is an urgent need that all children over six months old receive the injections. With approximately 70 cases of Diphtheria reported for North Carolina for the past month the danger from this disease is considerable.

The local Health Department is giving Diphtheria Toxoid injections to children, free of charge, Tuesday afternoon from 1 to 3, and Saturday morning from 9 to 12. Whooping Cough Vaccine may be received at the same hours for a small charge.
