## The Following Telegram From Donald M. Nelson Explains the Need

The government is asking the American farmer to dedicate the remaining weeks of 1942 to an intensified scrap hunt. Steel mills need more heavy scrap and the farms are one of the best sources in this type of metal. We need your further help in this farm drive and in aiding our salvage committees to continue this effort through out the next few weeks. Mats and other material to help you are being prepared and will be mailed soon. All salvage committees are being instructed to continue to make available to the farmer all their transportation facilities and manpower, and to cooperate with you in every possible way. The nation is looking to the American farmer. I am sure, with your help he will come through.

### Car Wrecked And Occupants Have Narrow Escape

Lt. Com. Ernest Snowden was aboard the airplane carrier Wasp which was lost in the Pacific on the 15th of September. Since then he traveled 2900 miles in safety enroute home, and Tuesday evening about six o'clock when he was practically in sight of Beaufort, had the misfortune of an automobile accident in which he and Mrs. Snowden had a miraculous escape. Lt. Com. and Mrs. Snowden were coming to spend Thanksgiving with his mother, Mrs. M. S. Snowden. As they passed through Havelock, they were struck by a car driven by a Cherry Point worker. Mrs. Snowden was thrown from the car but unhurt. Her husband and dog remained inside without injury. The car was such a total wreck that Lt. Com. Snowden had to make it his first business on Wednesday morning to go to New Bern and make arrangements to have it replaced.

## Christmas Seal Sale Started Here Monday Public Interest Shown

The Carteret County Tuberculosis Association began its annual Christmas Seal Sale on Monday with the mailing of letters to many citizens in all parts of the County requesting the purchase of seals enclosed in the letters.

The returns that have come in the first days of the sale show an encouraging interest on the part of citizens of the County in taking part in this fight against tuberculosis.

In all past wars tuberculosis has increased. History has already begun to repeat itself. In several overworked areas of the United States the disease is on the increase.

In the past four years tuberculosis has killed 10,000 more persons combined than this country has in all the wars combined that this country has engaged in from the Revolutionary War up to Dec. 7, 1941.

## MRS. EVERETT SPEAKS ON PRICE CONTROL

### Urges Women To Take Action In Cases of Violation

Ladies of Beaufort and Morehead City met at the Inlet Inn Tuesday afternoon to hear Mrs. Ruth Vick Everett on Price Control. Mrs. Everett is well known here and always has an interested audience. She reminisced pleasantly of her last talk here on the Drama—a far cry from Price Control.

Apreros of her appearance as a part of the War Stamp and Bond program, Mrs. Everett said it was most appropriate to tie up the two as both are part of the seven fold inflation prevention program about which she came to speak.

"The War of Survival," according to Mrs. Everett, would be the proper name for the present war. "We are fighting," she said, "that our way of life may survive." Women all over the world are fighting for the survival of the things they hold precious. Russian women fight side by side with their men; German women are making tremendous sacrifices because of their faith in the fascist way; English women are fighting with a courage that we can scarcely appreciate; women of China and Japan are doing the same thing. Problems of the war are those of the military front and the home front—here woman's concern is

## Thelma Mason Dies Monday Evening

Monday evening about nine o'clock, Thelma Louise Mason, aged 16, the daughter of Mr. and Mrs. Lemuel A. Mason, of Orange St., passed away after an illness of eight months from rheumatic fever. Everything that medical science could do was done for her. She received treatment at the hospital in Kingston and was twice a patient at James Walker Memorial Hospital in Wilmington. She was brought home last Saturday from her last stay of two weeks at the latter.

Thelma was taken ill near the close of her senior year at the Beaufort High School and was forced to give up her school work. She was a popular member of the class, conscientious, able in her work, and showed qualities of leadership. She was a member of Hi-Y and the Beta Club and had been assigned an important role in the senior play when she stopped. She was also president of the County Council of 4-H Clubs and secretary of the Beaufort 4-H Club. The tragedy of so promising a young life cut off has saddened the whole town.

## 244th C.A. Band Will Make Music; Service Men Invited

Plans are taking shape for a mammoth Bond and Stamp Rally and Dance to be given at the Beaufort High school gymnasium next Wednesday evening, December 2nd, from 8:30 to 11:30. Music will be furnished by the 244th C. A. Band from Ft. Macon, and all service men free for the evening are invited to attend.

Anticipating many who will not be interested in dancing, the Band will give a concert as well as dance music. The ladies say the Gym will be heated and there will be seats for those who merely want to sit and watch the panorama of the moving crowd.

Admission will be by the purchase of a stamp or bond of any denomination. Representatives from the Beaufort Post Office will be present to personally handle the bond sales. Refreshments will not be included but the American Legion Auxiliary will have a booth for refreshments.

Mrs. George Eastman will be responsible for the decorations and have the surroundings properly festive. Every organization in town is back of the rally and have a part in it: The American Legion, The American Legion Auxiliary, P. T. A., Rotary, Woman's Club, and Chamber of Commerce.

There will be novelty features such as a cake walk and during the evening Mayor Paul will auction off donations made by the merchants of the town to the dance. Many merchants have already been approached and others will be given an opportunity to donate articles between now and then. These will go in each case to person purchasing the largest number of stamps or bonds. After the sale is completed, the purchaser will go away with both the stamps or bonds he has purchased and the articles auctioned. Red, white and blue corsages will be sold for \$1.00 each. Each will contain nine ten-cent defense stamps.

This is to be a party for no one group, but everybody's party. Any person who does not attend will be the loser.

## FIREWORKS

Mayor Paul wishes to remind the boys who have been shooting fireworks for the past ten days in anticipation of the approaching holidays that it is illegal to shoot them on the streets and the law will be enforced. He also requests that the boys forego them altogether this season as their sacrifice in a war year. It will be both a patriotic act and show consideration of those people with "war nerves" that are aggravated by the explosions.
