Beware the Forgery Racket!

By FRANK J. WILSON  
Chief, United States Secret Service

PROTECT yourself against those who steal and forge government checks, by having your mail box equipped with a good lock. If you lock a box AFTER a check is stolen, you will be learning the hard way.

Be at home, or have some member of the family at home, when government checks are due to be delivered.

Professional mail thieves often follow mail carriers along their routes. After the carriers deposit mail in the letter boxes, the thieves steal checks from the boxes. Sometime the forger also steals monthly bill for electricity or gas, so that when he asks a storekeeper to cash his forged check, he can show the merchant the bills to make him believe the forger is the person entitled to the check. In other words, he uses other stolen mail to identify himself and get the stolen check cashed. If you can get your check as soon as it is delivered, it cannot be stolen.

Remember—forgers aren't particular, but YOU must be!
