TOWN and FARM in WARTIME

FATHERS TO BE DRAFTED

Fathers 18 to 37 years old, with children born before September 15, 1942, will be reclassified to make them available for induction into the armed forces after October 1. Fathers will be drafted only when it is necessary to fill a local board's quota; they will be called without distinction regarding the number of their dependent children; those who are "key men" in agriculture or essential industry will be deferred; and those whose induction would cause "extreme hardship and privation to their families" will be deferred.

RATIONING OF HOME-CANNED FOODS

Each person in your family may give away as much as 50 quarts of home-canned food during any calendar year without collecting ration stamps. Any food which is sold does not qualify as a gift, however, and points must be collected for all sales at the rate of eight points per quart (4 points per pound). Home canned food contributed to school lunch programs and similar services is included in the 50 quarts. More than 50 quarts may be given away provided ration stamps are collected for all gifts exceeding that number. The stamps should be turned in to your local ration boards.

WASTE FATS COLLECTED

Waste kitchen fat collections the Navy Department and other 4440,274 pounds during the month of June, setting an all time high mark since the inauguration of this program in July 1942, WPA has reported. The total collected is still not sufficient to meet war demands. WPA Region I, comprised of the New England states ranked first in pounds collected per occupied dwelling.

BUDGET REPORT

Government budgetary estimates for the fiscal year 1944 estimate total expenditures for the year, excluding debt retirement and trust fund disbursements, at 106 billion dollars, and net receipts at 38 billion dollars. The expected deficit of 68 billion dollars will bring the public debt above 200 billion dollars by next June 30. In the fiscal year just ended, actual expenditures were 80 billion dollars, actual receipts 22 billion dollars, or a deficit of 58 billion dollars. A hundred billion dollars will be needed for war expenditures during the fiscal year 1944, compared with 75 billion dollars actually spent for war in 1943. The War Department now is expected to spend less and the agencies are expected to spend more for war than was estimated in January.

MORE WOOLENS FOR CIVILIANS

Several million men's mackinaw and melton work packets, children's legging sets, blankets and other needed items of men's, women's, and children's apparel will be added to the civilian supply this winter as a result of a program arrived at jointly by WPA and the War Department. Army procurements on some of the principal worsted and woolen products will be reduced by 50 percent during the last four months of this year.

LEGAL AID TO SOLDIERS

Legal aid, ranging from drawing wills to solving problems in insurance, is being provided to soldiers by more than 600 legal assistance officers in military installations in the U. S. and abroad, the War Department announced recently. At each of the legal assistance offices, commissioned officers of the Judge Advocate General's Department, Army Service Forces, who are also licensed attorneys, are on duty. During a recent period 50 typical legal assistance offices reported that since their establishment they have assisted military personnel in a total of 24,000 matters.

MORE BUTTER FOR CIVILIANS

Approximately 16 million pounds of butter, in addition to the amount scheduled for August, will be available to civilians this month, the War Food Administration has announced. Previously, 40 percent of production was to be set aside for government purchase. This has been reduced to 30 per cent.

HONORABLE DISCHARGE BUTTONS

An honorable discharge from the Army during the present war will be signified by a lapel button, the War Department has announced. This 13th day of August, 1943. JOEL H. DAVIS, Administrator of J. Harry Davis. 6tA19-26S2-9-16-23

ed. Both men and women, whether officers or enlisted personnel, will be eligible to wear the button if they hold an honorable discharge.

SELL EQUIPMENT TO SIGNAL CORPS

Photographic and short-wave radio equipment purchased from private owners is now in service on many battle fronts as well as in the continental United States, but more of a number of specific items is greatly needed, the War Department has announced. The Signal Corps, Army Service Forces, has made a special appeal to persons possessing certain high-grade or scarce items to sell them as a means of aiding the war effort. Owners who wish to offer equipment for sale should write to Emergency Purchase section, Philadelphia Singal Corps Procurement District, 5600 Wissaniikon Ave, Philadelphia, Pa. Nothing should be shipped unless requested.

RULE FOR POULTRYTRUCKERS

Truckers hauling poultry must post within their trucks the name and address of the persons to whom it is being shipped, the place from which the items were shipped, their quantities types, grades and weight classes, and the number of head of each, the OPA has ruled.

TO GET APPLICATION BLANKS

Members of the armed services of the U. S., and of the United Nations who are eligible to use War Ration Book Three, will receive application blanks from their commanding officers beginning a these military applications and issuance of War Ration Book Three will be completed between August 15 and September 10. The book will not be needed for buying rationed commodities until after that time. It is estimated that approximately 700,000 men and women in the military services will be entitled to receive War Ration Book Three.

WOOL SUPPLIES ABOUT SAME

The supply of wool for civilian wearing apparel is approximately the same as last season. To meet military demands and equip civilians, existing wool facilities will be operated to the limit of capacity. Manufacturers are reducing the variety of colors and counts of their yarns; weavers are dropping some of the non-essential numbers from their lines. Materials produced will be familiar, popular, and practical types. No colors are prohibited.

NEED BIG PEANUT CROP

Large increases in the production of peanut butter and peanut oil from the 1943 crop of farmers' stock peanuts, expected to approximate 1,425,000 tons — 375,000 tons more than last year — are urgently needed to meet wartime requirements, says WFA. Ap-

roximately 413,000 tons will be made into peanut butter — 375,000 tons for civilian consumption and the remainder for the army and Navy.

FEDERAL EXPENDITURES

Ninety-five cents out of every dollar of Federal expenditures goes directly into the war effort, says Secretary of the Treasury Morgenthau. This means that \$36.8 billions of the approximately \$38.7 billions which President Roosevelt estimated would be received in the present fiscal year, will go to purchase guns, tanks, ships, planes, etc.

TO SAVE PAPER

Between 250,000 and 300,000 tons of paper will be saved by amended WPB Conservation Order M-241-a which affects all use of paper and is for more inclusive in its scope than any other paper conversion order. The Paper Pulp and Paper Division, will be utilized to better advantage in meeting war requirements and certain civilian needs. Although the general public may have fewer fancy articles made from paper, the real needs of the average citizen will not be seriously affected because plenty of utilitarian paper articles will still be available.

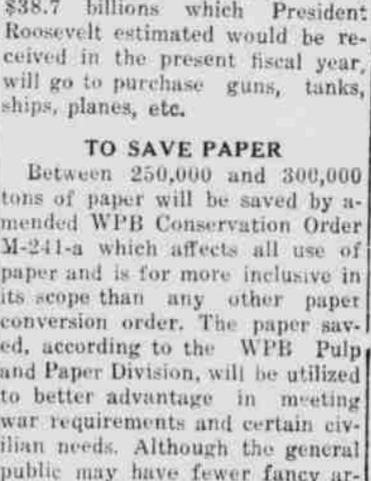

FRUIT, BERRY PRICES INCREASE

Formulas for establishing maximum canners' prices for seven fruits, 11 berries, fruit cocktail and the juices and nectars of the fruits and berries have been announced by OPA. The formulas take into account higher costs to canners, and since canned fruits and berries are sold under fixed mark-ups at both wholesale and

retail, it will mean increased costs to the housewife on these items.

Army Worms

Watch for army worm damage on food and feed crops, says J. Myron Maxwell, in charge of Extension Entomology, at State College.

Gray Hair? NEW VITAMIN RESTORES NATURAL COLOR

Free Booklet Tells Of Thrilling Discovery: New Hope For Millions. One of the most sensational scientific discoveries of modern times is an anti-gray hair vitamin that restores natural, normal color to gray hair in nature's own way. Scientific investigation has revealed that gray hair, in many cases, may be due to a vitamin deficiency. Scientists have also discovered the particular vitamin that is necessary to restore color to the hair in such cases. Reports of tests made indicate remarkable results. Not a dye—not a tint—not a drug—not a medicine! It is a valuable food supplement. If you are among the millions of people who find themselves handicapped in business or socially, because of gray hair, mail coupon below for free booklet about this marvelous new vitamin discovery. There is no cost or obligation, so send today.
