Extra Storage Needed For Yams

Unless additional storage and curing facilities are provided for the coming sweet potato crop, estimated at 83 million bushels for the U. S. the market will be flooded and large quantities of this valuable food crop will be lost, say Extension Service officials at N. C. State College.

They point out that the effectiveness of any support price program depends on the farmers themselves. If potatoes are "dumped" on the market at one time, particularly those which have not been properly harvested and cured, support measures are bound to prove inadequate.

In order to take care of the bumper crop, the officials suggest that growers provide adequate curing and storage facilities, and market the crop in an orderly manner. They ask distributors to make plans for handling large supplies. To consumers, they suggest that increased amounts of this nutritious and tasty food be eaten as it comes to the market. Otherwise, waste will result.

The extension Service urges North Carolina growers to make use of tobacco barns, vacant store buildings, and other places which may be converted into sweet potato storage plants. This is particularly important in the western section of the state where there has been an exceptionally large increase in acreage.

They suggest that growers with storage problems outline their facilities and ask help from the Agricultural Engineering Department at State College, Raleigh.

Feed

In relation to expected feed-consuming livestock numbers, the prospective 1943-44 feed supply is 20 percent smaller than the supply of last year.

Plant Small Grains Early

Small grain crops should be planted early rather than late in the fall, if they are to be given the opportunity of making maximum

REAL DISCOVERY FOR HIGH BLOOD PRESSURE

Dangerous High Blood Pressure (Essential Hypertension) is usually marked by distressing symptoms such as dizziness, throbbing headaches, sleeplessness and nervousness. If disregarded, this may lead to Heart Trouble, Stroke, Paralysis, Hardening of the Arteries or Kidney Trouble. Diamonex, discovery of a heart specialist, is designed to quickly aid in the relief of these distressing symptoms.

A Chicago resident says: "I suffered from High Blood Pressure for several years with increasingly severe throbbing headaches, dizziness and shortness of breath. I showed the Diamonex formula to my doctor and, on his advice, tried the treatment for two weeks under identical conditions as previous treatments. Within only three days my bad headaches and dizzy spells were gone. My high blood pressure was reduced and I sleep fine."

Diamonex goes directly to work in three different ways to aid in the relief of these dangerous symptoms. Results are speedy—within as short a time as two weeks sufferers often find that Diamonex has accomplished 75% of the total reduction possible with this formula.

If you suffer from High Blood Pressure you may try DIAMONEX without risking a penny. To introduce this wonderful treatment to a million new sufferers this liberal trial offer is made for a limited time only.

Send only \$1.50 to the Diamonex Company, 318-A North Michigan Ave., Chicago, Illinois for a full TWO weeks supply of genuine DIAMONEX, prepaid. Use Diamonex according to the simple directions for only two weeks. If, at the end of that test period you are not delighted with results your money will be refunded immediately on request. There are no strings or conditions—you owe it to yourself to make this wonderful test at once. Write today as this offer is fully guaranteed.

When Your Back Hurts -
And Your Strength and Energy Is Below Par
It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.
You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with ammonia and burning is another sign that something is wrong with the kidneys or bladder.
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.
