## BIG RALLY & BOND AUCTION FRIDAY NIGHT

### Sheriff Holland To Answer Charge Of Violation Of U. S. Child Labor Law In October

Dr. Prytherch Asks Support of Fishing Industry for Help in Feeding Nation In This War Year

CHILDREN'S BUREAU PREFERS HAIRSPPLITTING HUNGRILY TO TAKING LIBERAL VIEW OF LAW

#### HEARING SEPT. 17

In a response to a petition from Southport shrimp houses, a public hearing will be held at Washington on Friday, September 17, 1943, on the following questions:

"1. In what occupation, if any, is the employment in raw shrimp houses of minors between the ages of 14 and 16 years in the preparation of shrimp for shipment in its raw state necessary for the war effort, and

2. If such employment of minors between the ages of 14 and 16 years is found to be necessary for the war effort, what safe guards should be established to protect their schooling and their health and well-being."

Dr. Herbert Prytherch will be present as well as Southport representatives and perhaps others from Beaufort. They plan to present a brief of the situation and urge the use of children in the fishing industry in the same way they are used at present in agriculture on the grounds that both industries are concerned with food production.

The hearing will be stenographically reported and copies will be made available by the Children's Bureau.

#### Articles Under Price Ceilings

Mr. Woodland, chairman of the Rationing Board, says "Fifteen kinds of used durable goods were brought under specific price ceilings for the first time by an OPA regulation, effective September 1. The regulation provides maximum prices, not only for used goods, as is, but sets pricing formulae for these items when rebuilt, reconditioned or renovated.

Articles covered by the regulation include: used furniture, bedding, stoves, floor coverings, portable lamps and lamp shades, miscellaneous hardware items, hand tools and hardware items such as shovels, wheelbarrows, hatchets and carpenters' tools, baby carriages, musical instruments (except pianos), commercial kitchen equipment, beauty and barber shop furniture, store and office fixtures and coin-operated vending machines.

#### Scorch Bugs

To amateur gardeners having a discouraging time with their collards because of terrapin or scorch bugs, County Agent Williams says they can be treated effectively with nicotine sulphate. This can be purchased from any drug store in a 2-ounce bottle for 35 or 40 cents. It has to be mixed with water according to directions on the container and applied in the form of a spray.

#### Missing In Action

Rev. and Mrs. Alex Noe, of Bath, have received a message from the Government notifying them that their eldest son, Technical Sergeant Andy Noe, on duty with the Army Air Corps has been missing since August 7th.

#### Near Fire

Last Saturday evening fire alarm number 27 called the Department out to the home of Charles Hassell, on Marsh Street, a member of the Department. A small oil stove on which something was being cooked caused the trouble. Just how is not known but papers about it caught, and there was a considerable blaze, much smoke, and a fire of serious proportions was narrowly averted.

#### To Show Pictures Of Orphanage School

Rev. J. C. Griffin will be at the Free Will Baptist church Friday night, Sept. 10th at 8:00 o'clock to show pictures of the orphanage Bible School, and other places. No admission fee.

#### A Substitute for Hell

Somewhere in New Guinea these wounded soldiers await evacuation. Flat on their backs, in the steaming heat of the jungle, where mosquitoes plague the air and ants and mosquitoes torment weary bodies, they dream of home . . . of clean white sheets and the touch of cool, comforting hands. You can help provide modern hospitals and the medicines they need for their recuperation by putting every dollar you can into War Bonds during the Third War Loan.

U. S. Treasury Dept.

#### RECEIVES WINGS AND COMMISSION

Lt. Charles W. Stevens, Jr., of Beaufort and Charlotte was home on a furlough over the week-end after graduating from the Army Air Corps twin motor school at George Field, Lawrenceville, Ill., on August 30th. There he was awarded the Silver Wings and was commissioned a 2nd Lieutenant in the Army Air Forces. Lt. Stevens entered pilot training last November and attended Army Schools at Americas, Ga., and Montgomery, Ala., before his graduation at George Field, Ill. He will be stationed at Smyrna Air Base, Tennessee, for his operational training. Charles is the son of Mr. and Mrs. Charles W. Stevens, 325 Front St., Beaufort. He graduated from the Morehead City High School class of '35 with honors, receiving the Rotary Medal of Honor as best all-round student in his class. After leaving High School Charles attended the 2nd CA West Point Preparatory School, Camp Dix, New Jersey, later entering Wake Forest College for one year. Lt. Stevens was accompanied home by his wife, who before her marriage was Miss Wilma Walker of Charlotte. Lt. Stevens' brother, Tech. Sgt. John H. Stevens, is also in the Army Air Corps, stationed at Keesler Field, Miss.

#### DFC Awarded Harry Tyler

Word has been received that Staff Sergeant Harry Tyler has just been awarded the Distinguished Flying Cross for extraordinary achievement in the USA 13th Air Force. This gives Harry the only two decorations awarded specifically for feats of heroism and meritorious service in the air.

#### Army Entertains

Guests at the U. S. Army party at Cape Lookout on Sunday voted the men the perfect hosts as they came back superlatively about their day there. Capt. Richard Marshall, Commanding Officer, assisted by Lt. William W. Doten, left no stone unturned in their determination to see that each moment of the day was happily filled for everyone. All of the men dedicated their day to the ladies, and the name of one Sgt. Seagle (cook) will long be remembered by them and associated with everything that is good to eat.

The guests left from Morehead City on an Army barge seated with benches. They landed at the Cape about eleven. Soon after they were greeted and shown to their quarters (officers quarters turned over to them for the day), dinner

#### MARKET BASKET PRICE BOOK TO BE DISTRIBUTED OVER CARTERET

#### Cooperation of Women Sought In Enforcement of Price Regulations

The "Home Front Campaign" to be conducted by the Rationing Board will be inaugurated with the distribution of the "Market Basket Price Book" beginning next Monday. Civic organizations will be called upon to help put one into every home in the County.

The book is small enough to fit into a handbag. On the outside is a pledge which the shopper is asked to sign. Inside are blanks on which to record ceiling prices on all items in which she is interested. These may be secured from the papers or from the ceiling posted in stores in which the articles are sold.

The pledge is made to pay no more than legal prices and to accept no goods without ration stamps. When it is signed, a sticker will be given to put on the window beside the Red Cross sticker and Service Flag to show that members of the "Home Front" are doing their part. The sticker bears a colored picture of an earnest, charming young housewife in the act of taking the pledge. Above and below are these words: "I pay no more than top legal prices. I accept no ration goods without giving up ration stamps."

Miss Elsie Nelson returned Tuesday from New Bern where she attended a Price Panel Meeting for eight counties. The twelve Price Panel Assistants in Carteret County, she explains, are no snoopers trying to make life additionally hard for our merchants. They are doing a dignified job in helping to make the County 100 per cent cooperative in regard to price regulation. As such all merchants who are doing business conscientiously welcome them as a protection against less conscientious competitors.

#### HELP IN FILING TAX RETURNS AVAILABLE NOW

Charles P. Massey, Deputy Collector of Internal Revenue, was in Room 211 of the Post Office Building, Beaufort, on Wednesday and Thursday to assist in filing income tax returns. He will be there on Friday, September 10th, also, and on Saturday if there is need.

#### Newport School Has Successful Opening

Principal R. L. Pruitt announced today that "Newport school had the best opening it has ever had," Thursday, September 2nd. For the first time in many years, Principal Pruitt said, all teachers "were present and accounted for" the first day, which is something unusual in this day of teacher shortages. There is only one new teacher on the faculty this year, Miss Grace Jones of Marshallberg who will teach the eighth grade. Miss Jones graduated from East Carolina Teacher's college last June. Due to the new grammar-grade school opening at Cherry Point, Newport lost approximately fifty students, Principal Pruitt continued. A few high school students were transferred from Newport to New Bern High School.

Rev. John R. Poe held the devotional services, while other announcements were made by members of the faculty and a representative of the highway department.

Total enrollment for this year exceeds four hundred, Principal Pruitt concluded.

#### CAP'S RUSH PENCILIN TO LT. NICHOLSON

#### Miracle Drug May Save Life of Man Formerly Stationed At Beaufort Base

Lt. N. B. Nicholson, CAP, late of the Beaufort Base, is in Duke Hospital gravely ill with blood poisoning. If he lives it will probably be because of the quick action of Major Frank Dawson and an emergency flight made yesterday by Lt. Paul Little and Lt. Alfred Kendrick.

Wednesday Major Dawson, Commanding Officer of the Base, had a call from the Hospital stating that recovery was unlikely, and that the only hope was the new miracle drug pencilin. Nicholson had been receiving this but the limited civilian supply was exhausted.

### Pete Wimbrow and His Eight Piece Orchestra

THE INIMITABLE HARRY WRIGHT'S VERSATILE AND A MUSING NUMBERS

#### BEAUFORT BOYS IN THE SERVICE

Pfc. Alex Erickson, Jr., Medical Corps has been transferred from Camp Carlton, Colorado, to a hospital in Bend, Oregon.

Midshipman Neil Windley, Cadet, U. S. Merchant Marine, son of Mr. and Mrs. B. E. Windley is on his seventh month of what began as a six months cruise in which he has visited the Pacific and is now around South Africa.

Clarence Guthrie, Pharmacist Mate, 1st Cl. USNR, of Norfolk, spent the past week-end here to be with his mother on her birthday. He brought with him Mrs. Daisy Wade, of Colerain, who is visiting her daughter, Mrs. Roy Laney.

F. Borden Mace, Lt. (jg) USNR, arrived last Thursday from the Naval Air Station, Pensacola, Fla. to spend a few days with his mother, Mrs. W. A. Mace, on his way to Norfolk.

Joseph Windley, USA, Pine Camp, N. Y., has been advanced to Corporal.

Cadet Hugh Jones has completed his course at Lemoore, Calif., and has been transferred to Chandler, Arizona, for the last two months of his training for the Air Corps.

Valverta Garner, a Newport Seabee and husband of the former Geraldine Daniels, has been advanced to C. M. 1st class.

Sgt. David Lawrence, USA has been transferred from Shreveport, La., to Camp Barkley, Texas.

Robert (Bobbie) T. Hayes, son of Mr. and Mrs. G. P. Hayes of the Inlet Inn is with the USNR having his "boot" training at Bainbridge, Md. He will come home later this month on a ten day furlough.

Jack Allen, son of Mr. and Mrs. J. G. Allen, was inducted into the USA at Ft. Bragg two weeks ago and reports to the Army Air Corps, Keesler Field, Miss. over the week-end.

#### Junk Jewelry

Mrs. F. N. Pinner, of Van Sant Company, is getting behind the "Junk Jewelry Drive" for Carteret. This is part of a National Campaign to collect "Junk Jewelry" for the armed services in the South Pacific and North Africa — not to wear but to use for bartering with the natives — much better than money the men report.

Mrs. Pinner urges women to go through their dresser drawers and find what they feel they can part with for the good purpose. She will announce the place of collection through this paper next week, and she will personally be responsible for sending it to Radio Station WRVA, Richmond, where it will be properly forwarded for the use of the men.

#### Colored Inductees

Six Carteret colored men reported to Fort Bragg on Monday of this week for final examinations before induction into the Army. There were: Eddie Lee Collins and Edward Haywood, of Beaufort; William James Bell, Harvey Horton, Jr., and Carson Tootle, of Morehead City; and Tey Mingo, a transfer from S. C.

#### Two Hams To Be Auctioned, Two Alarm Clocks, Hosts of Other Choice Prizes

NO ADMISSION TO BE CHARGED

The big bond rally announced for Friday evening, September 10th, will be held in the Auditorium of the Beaufort School beginning at 8 o'clock. There will be no admission whatever. Everyone is invited to come out and enjoy an evening of fun. Pete Wimbrow, USCG, will be there with his eight piece orchestra, the inimitable Harry Wright, versatile Coast Guard entertainer, will give imitations and songs, the Fort Macon Color Guard will share the stage with these entertainers, there will be songs in which everyone will have a part, and the much heralded auction will be held which audiences attending previous rallies know under auctioneers Grayden Paul and Murray Thomas can in itself be A-1 entertainment.

Watch the window of B. A. Bell's Jewelry Store for some of the prizes which have been assembled by Mrs. Bonnie Devant and Mrs. E. L. Davis to go to purchasers of bonds — look at the beautiful soft yellow Newton blanket, the two hams, two alarm clocks, that mirror, rug, silch coffee maker, pyrex set, homemade cake, and cards good for every imaginable kind of service: beautician, tonorial, cleaning, shoe repairing, grease jobs, washing jobs, and so forth, and so forth — just watch the window!

That's not all. In buying a bond you will make an investment par excellence, you will get your prize, but there's still another feature: When a bond is bought it can be credited to any grade in the school and when the sale is completed, members of the grade having the largest sum credited to its account will each be given a pass to Beaufort Theatre by Mr. McGowan good for any single performance they may wish to see. This will bring fun to 35 or 45 children in some grade of the Beaufort School — it remains to be seen which.

Mr. James Davis of the First Citizens Bank and Mr. W. H. Taylor and his Corps from the Post Office will be present so that sales can be completed on the spot. County Auditor James Potter assisted by Miss Virginia Stanton will again register the bids.

#### TIDE TABLE

Information as to the tide at Beaufort is given in this column. The figures are approximately correct and are based on tables furnished by the U. S. Geodetic Survey. Some allowances must be made for variations in the wind and also with respect to the locality, that is whether near the inlet or at the head of the estuaries.
