Buckskin and Wood Used As Local Currency in '33

During the national "banking holiday" of March, 1933, money was so scarce in some communities that local currency was issued by business men to carry on operations.

In Wallowa county, Oregon, notes were issued of real buckskin--each was stamped "Half Buck," or "One Buck." The Chamber of Commerce of Tenino, Washington, issued wooden money. It proved very popular and, in all, some 25,000 pieces were circulated in denominations of 25c, 50c, and \$1. These were valued at over \$6,000.

RIGHT "in step" with the times is this crocheted footwear. It's economical to make (the soles are crocheted of rags) . . . it's quick to do . . . and it launders perfectly. Make the scuffs for bedroom slippers; the open-toe style for play shoes.

Grog for Sailors
For almost 200 years, the British navy has issued a drink of grog, two ounces of rum with four ounces of water, to its seamen every day at noon.

Household Hints

When babies shoes become dangerously slippery, sandpaper the soles to prevent falling.

For safe storing, mattresses should be covered, then hung or placed on a flat surface with no more than one mattress on top of another, in a dry, well-ventilated space.

Make an oilcloth cover for your ironing board to cover it when not in use; also use the cover when brushing and sponging garments.

To mend broken glassware, dip it into melted powdered alum. Remove it and hold the pieces together with adhesive tape until the alum has hardened.

A dustless dustcloth may be made by pouring one tablespoon of furniture polish into a glass fruit jar and shaking jar until polish is well coated on sides of jar. Put into jar a yard of clean cheesecloth, cover jar, and let cloth remain in it for two or three days.

A cork when soaked in hot water--even if it is a little too large--will fit a bottle readily.

Do not wash eggs. Washing destroys the protective film that keeps out air and sun.
