CARNIVAL AND PARTY AT H.S. FOR HALLOWEEN

Special Feature To Be Minstrel Show By Glee Club

The annual School Halloween Carnival and Frolic is being planned for Friday night October 29th, with all the old favorite stand-bys—bingo (handsome prizes), fortune telling, apple bobbing, penny pitching, fish pond (always a catch), house of horrors, a cake raffled by each grade, and in addition this year there will be a minstrel show given by the Glee Club under the direction of Mrs. Charles Hassell.

Two contests which will reach their climax the night of the Carnival when winners will be announced are now underway. A baby contest for preschool entries in the field of charm and a Miss and Mr. Popularity Contest in the high school field—children in between will have to be content to enjoy in retrospect their cute baby days or dream of the time when they will blossom out in high school. Polls have been placed in the stores of their own by Miss Marjorie Humphrey and Mrs. Mildred Salter Lawrence of the Baby Contest Committee. Each grade has made two nominations making 22 babies in the running as follows:

- 1st Grade (Mrs. Fulcher) Judith Moore; (Miss Piver) Constance Moore.
 - 2nd Grade (Mrs. Olunt) Pauline Woodard; (Mrs. Willis) Kay Prytherch.
 - 3rd Grade (Miss Rumley) Kit Jones; (Miss Lewis) Ada Sue Owens.
 - 4th Grade (Miss Arrington) Pamela Davis Hassell; (Mrs. Quinn) Jean Toms.
 - 5th Grade (Mrs. Willis) Paula Lavon Hill; (Mrs. Lewis) Michael Hill.
 - 6th Grade (Miss Willis) Halsey Paul, Jr. (Mrs. Woodard) Linda Kay Fodrie; (Mrs. Gaskill) Patsy Dean Lewis.
 - 7th Grade (Mrs. Brooks) John Buchanan; (Miss Styron) Regina Pake.
 - 8th Grade (Miss Humphrey) Walter Morris, Jr.; (Mrs. Lawrence) Danny Willis.
 - 9th Grade (Miss Wray) Sharon Stamey; (Mrs. Simmons) Stewart Nelson.
 - 10th Grade (Mrs. Fodrie) Howard Lincoln; (Miss Chadwick) Carlton Anthony Small.
 - 11th Grade (Miss Duncan) Jackie Wheatly; (Mrs. McGinnis) Ray Frances Hassell.
- One cent entitles one to a vote, ten cents gives ten votes, and if a person thinks a baby is very fine a dollar will give him a hundred votes and incidentally help make our school a better school by adding to the funds being thus raised in the various departments. Standing of each entry is to be posted daily at the stores carrying the boxes.
- Voting for the "popularity" couple will be at the school under the direction of Miss Lena Duncan. Nominations made by the boys and girls are: **Miss Popularity**, Mary Frances Morton, Margaret Ann Paul, Gloria Faye Laughton, Betty Ruth Hussey, Emily Taylor, Bertha Fulford, Joyce Taylor. WAR DRIVE

The big National War Fund Drive will be officially opened on Monday, November first, according to Mr. Stanley Woodland, Chairman for Carteret County. It will continue through November sixth, with a goal of \$125,000,000 with which to serve a score of agencies reaching out around the world to serve our boys, including prisoners of war, in whatever part of the globe they may be and provide funds for certain services in countries overrun by aggressor nations.

Dr. O. H. Johnson will be Publicity Director for the Drive. Committees working under Mr. Woodland will be announced in next week's News.

Through the work of the local USO people have had their best opportunity to see something of what is done with this fund. The excellent direction of the work in the County will make it easy for members to ask support without apology, and it is expected that Carteret people will stand behind the work again with generous contributions.

Schools throughout the County will close at noon on each of these three days.

Applicants MUST BRING to the school house with them copies of BOOK NO. 3 already issued to them or to members of their families.

Book No. 4 will be distributed to all persons except armed forces personnel eating in organized messes or who are members of an officers' mess; persons confined to institutions; and persons residing 60 days or less in the United States.

The new war ration book is expected to last at least two years. It contains eight pages with a total of 384 stamps, each about half the size of the red and blue stamps used in Book No. 2 and the brown stamps in Book No. 3. Colors of the stamps in Book No. 4 are blue, red and green.

In addition, there are 96 unit stamps printed in black. Seventy two of them are marked "Spare" and can be used in case additional ration stamps are needed for any future program.

Twelve of the black stamps are printed "Sugar" and 12 are printed "Coffee," but OPA explained that the plates for these pages were printed before coffee was taken off the list of rationed foods.

Local REA System Observes Anniversary

The Carteret-Craven Electric Membership Corporation, Beaufort, last week entered its third year of supplying electric service to farmers and other rural consumers in this area.

Citing the progress of the Cooperative since its lines were first energized on October 15, 1941, Manager R. M. McGirt recalled that the system had only 62 consumers at the end of its first month of operation. Today the Cooperative furnishes electric service to 349 consumers along 145 miles of distribution lines in Craven and Carteret counties.

Farm members of the Cooperative have come to depend more and more on electric equipment to save labor and increase production of such vital foods as milk, eggs, poultry and meats. Mr. McGirt said, the 317 farms served by the Cooperative consumed an average of 37 kilowatt hours in August.

The Cooperative encourages its members to make the best possible use of existing electrical equipment and to build home-made devices. Mr. McGirt said. The Cooperative has plans for several home-made appliances such as a chick brooder and fruit and vegetable dehydrator which require few critical materials. Many of the electric devices saving a substantial amount of labor are in the farm home, including water systems, washing machines, ranges, refrigerators and irons.

The Cooperative's program got underway on December 19, 1940 when the REA allocated \$143,000 of its first loan to the system. Construction started after a contract had been let on May 7, 1941 for the building of 158 miles of line at a cost of \$99,414. REA has advanced the Cooperative a total of \$143,109 on its construction allotments as of June 30, 1943.

Jaycees and Rotes Collect Fund To Send Cigarettes To Servicemen Abroad

Beaufort Jaycees sat down to a steak dinner at the Inlet Inn at their October meeting the second Monday in the month. As if that were not enough to make the evening outstanding, Master Sergeant Harry Tyler was present and spoke to the group of his experiences in the Pacific theatre of War and showed photographs of his aircraft and some action against the Japanese. Jaycees asked questions freely and Tyler generously answered all that the code of wartime practices permitted.

Beginning Saturday, the 23rd, Jaycees and Rotarians in cooperation will start a campaign to raise money for cigarettes for our boys over there. Half pint cartons will be placed in the various stores for contributions for this purpose, and everyone is urged to drop small change in them to make it possible for these organizations to do something worthwhile with the project.

REVEREND NOE LEARNS SEVEN THINGS IN A HARD SCHOOL

Drunken Sergeant Dean's Pedagogue

The Rev. Israel H. Noe, native of Beaufort, now rector of St. James Episcopal Church, has been going around Memphis nursing a badly swollen jaw for several weeks past. As he explains it, he says he learned seven things. These seven truths follow together with the story of how he learned them as taken from the Chattanooga Press-Scimitar.

What Dean Noe Learned "In the first place I learned that most of the major blows of life have no physical pains attached to them, therefore, we should not be afraid to stand for principle for fear of some physical mutilation. In the second place I learned that we must always turn the other cheek, which in this case I more than did. In the third place I learned that there is a point beyond which evil must not be allowed to go. To give in to evil beyond that point and to allow it to dominate not only gives power to it, but makes us a participator in it and a party to it. In the fourth place I learned that when we have the courage to stand for the right, all the spiritual forces stand with us, and give triumph to the right. In the fifth place I learned that we never become too good to maintain our manhood and spiritual integrity. In the sixth place I learned that what God wants in life is not peace at any price but righteousness at any cost. In the seventh place I learned that it is possible to go thru such experiences without any personal feelings of hate or dislike for the other fellow."

How He Learned It "About four weeks ago my youngest daughter and I were coming from Atlanta on the bus. We arrived in Chattanooga at 2 a. m. The next bus for Memphis left around 7. The bus station was not comfortable, so I suggested that we go over to the Hotel Patten to rest in the lobby until time for the bus to leave. "During the time we were there, four or five soldiers who had been drinking came in. After a while they left. One soldier remained who had been drinking just enough to make him mean. He rode up and down the elevator to the mezzanine, and sought to catch the attention of the girls in the office. See DEAN NOE Page 10

The Womans Society for Christian Service of Ann Street Methodist Church will entertain the wives of servicemen of the community at the American Legion Hut, Turner Street, Tuesday after noon, October 26th, from three to five. The ladies of the church hope all these girls who are making their homes here will come out and give them an opportunity to get acquainted with them.

Missing Lt. Comdr. Earl C. Schneider, USN, native of Beaufort, is reported by the Navy Department as missing in action. No other details are available. Lt. Comdr. Schneider is the son of Mr. and Mrs. Earl G. Schneider, of Annapolis, Md., and was in command of a new submarine launched in the late summer. The message was received by his aunt, Mrs. John Dill.

You traverse the world in search of happiness, which is within the reach of every man; a contented mind confers it all. —Horace. Growers should make application and list their fertilizer needs with manufacturers this fall, says Dr. E. R. Collins, State College Extension agronomist.
