## NOMINATE FOR LIEUTENANT GOVERNOR L. Y. ("STAG") BALLENTINE

HE is a graduate of Wake Forest College, 1921; he served eight years as a member of the Wake County Board of Commissioners, and for four successive terms he was a member of the State Senate. Since 1941 he has been a member of the State Board of Agriculture.

BORN and trained on a farm, his mature life has been devoted to work on and owner-management of farms. He has been the recognized Spokesman of the farm group in the North Carolina Legislature since 1937 and twice, in the past three years—once by appointment of the Governor—has been North Carolina's representative at important national conferences relating exclusively to farm problems.

"HIS personal, business and political life has been subjected to some hard tests. In every instance, he has measured up to the faith of a legion of friends. He has, in his many years of experience in close association with this State's bigger problems, proved to be solid, understanding and as progressive as a jearous regard for his State's welfare would permit him to me."—(Extract from one of many editorials appearing in State press after Senator Ballentine's formal announcement of candidacy).

**YOUR VOTE ON MAY 27 WILL BE APPRECIATED**
