From where I sit... by Joe Marsh

Morale is a Lot of little things

You hear a lot of talk about morale these days... but have you found many people who knew exactly what "morale" was?

Well, I was thumbing through my scrap book the other day, and I came on this verse I'd like to pass on to you...

It's the lift you get from a friendly smile...
A brand new hat in a jaunty style...
A letter from home that the postman brings...
Morale is a lot of little things.

Isn't it so? Morale is just a lot of little things. A flower in your button hole, a word of greeting,

an occasional refreshing glass of beer with friends.

From where I sit, if we take care to preserve these little friendly things that boost morale, we'll be doing a lot to help our country in its time of crisis.

And we'll boost morale among our soldiers at the front, too. Because it's these "important little things" that they look forward to returning to.

"BATTLE STATIONS... JAP SHIP ON PORT BOW"

- When their ship goes into action, sailors don battle dress. But for the daily routine of work, play and sleep, they often wear only shorts and skivvies. So Navy specifications make sure that this most used clothing is made for comfort and long wear.
- You can also make sure of comfortably fitting underwear by choosing a brand that has proved its worth. For 43 years now, Hanes has knitted extra wear into underwear fabrics—and tailored them into garments that are accurately sized for comfort all over.
- So ask for Hanes by name—the underwear whose fine materials and workmanship at moderate prices have pleased millions of men. If sometimes your dealer's stock is low, he should have more soon. Hanes production is serving men in our Armed Forces and those at home... P. H. Hanes Knitting Company, Winston-Salem, North Carolina.
