R. F. D. No. 7.
Vance Dwiggin and Co., are moving their saw mill to a new location on No. 7, this week. They have sawed about three hundred thousand feet at the old stand and are now moving to get nearer the timber they desire to cut and saw.

Elbert Nicholson came in Friday night from Virginia, where he has been in the "sprout" business for some time.

Lewis H. Coble, who had the misfortune to get his ankle dislocated Monday a week ago, is able to be "on foot" again.

John Dixon, who was elected a Justice of the Peace for Coble's township at the late election, went over to Graham last week and qualified and is now prepared to tie "knots" or unravel "knotty problems that may come before him."

Friend John has the practical temperament and we expect him to be a success as a magistrate.

George Roberson, who is in school at Elon College, accompanied Hiley Rauhut home Friday afternoon and spent the night with him returning to the college Saturday afternoon.

John Carter brought his mule home last week from Burlington where it has been in the care of a Veterinarian since the accident some weeks ago near the depot, in which Mr. Carter's wagon was torn up, his mule seriously crippled and he, himself, narrowly escaping injury.

While the mule is improving some he still limps very badly from the effect of his injury.

We want to ask our patrons that have their mail boxes in bad places to please put them in a convenient place so we can serve them without standing up in our wagon or having to lean away out over the wheels to get to them.

All carries have a hard time of it on cold days trying to keep from freezing and when they have to take off their lap robe and lean out to serve a box they are apt to forget, for the moment, their Sunday school thoughts and their minds dwell on thoughts that if put into words would not be fit to print in a family journal.

Are you causing your carrier to shatter the commandment these cold days?

Arthritic Pains relieved by use of Dr. Miles' Anti-Pain Pills. 25 doses 25 cts.

HARVEST SALE Of HOUSE FURNISHINGS

This is the opportunity of the year for prudent people to refurnish their homes with the utmost economy possible. We have anticipated your needs. The things that are necessary to make the home comfortable during the long winter months to come are all here in stock, and every article is the best of its kind.

Isley Quality has set a pace in the selling of **House Furnishings** which no other store in North Carolina has found it possible to equal. Our claims rest upon a basis of past achievements in the distribution of high-grade home-embellishments, which are too well known to dwell upon here. We have only to say that our preparations for this feature of the Harvest Sale have been made on a scale which assures the continuation of our leadership in the retailing of fine Artistic Furniture, Carpets, Rugs, Art Squares and Floor Coverings, Curtains, Draperies, Upholsteries and Mattresses.

On this page you will find special values in each of these lines. In every case the price is LOWER than our regular moderate figures for House Furnishings of thoroughly desirable quality. We invite comparison of our offerings with those of any other reliable store in the State. Read on and harvest your share of these substantial savings.
