

**SATISFACTION**

It has always been our endeavor and always will be our endeavor to so conduct our store in every part of it, that each and every customer who comes here to trade will experience nothing but the utmost satisfaction. Satisfaction in the way our service is conducted. Satisfaction in the courtesy extended. Satisfaction in the quality and style of goods. If there is one thing above another that we exert ourselves over it is to secure from the manufacturers only such goods as we know will give our customers absolute satisfaction. It is on such lines, as these—on the motto of absolute satisfaction in every deal—that we solicit business.

Ferrell escaped immediately, but his capture will soon be effected, the police say.
