R. F. D. No. 7.

We want to thank the "inventor" of our "Indian Summer" as it is a pleasure to ride around and serve our patrons when the weather is like it has been for the past few weeks.

Misses Maude Shoffner, of High Point and sister, Ora, of the State Normal at Greensboro, spent Sunday with their parents, Mr. and Mrs. W. A. Shoffner on our route.

Mr. Solomon Homewood's little girl is right sick at this writing but hope she will soon be well again.

We want to congratulate the State Dispatch on its "Industrial Edition" gotten out last week. It pictured the progress of a prosperous people and mirrored the merits of the many enterprises, in which the business people of Burlington are so vitally interested, in a manner that would have done credit to a city of twice our dimensions and pretensions.

Mr. C. F. Rauhut had two or three corn shuckings last week. He housed the largest crop he has ever raised. He was digging his late Irish potatoes last Saturday and invited us to stop and look at the pile of potatoes he had out. They were the most uniform lot we ever saw that had not been culled, in fact there were no small ones among them. We selected four of the average sized ones and brought them to town and weighed them and the four tipped the beam at three pounds and two ounces. Mr. Rauhut is a capital good farmer as well as an all around business man and clever gentleman who lives at home and

"boards" at the same place as any one can see by taking a look at his fine hogs and cattle and nice crops of grain that he raises.

There will be a big auction sale of the personal property of the late Jerry Sharpe next Saturday the 13th at the old home place just beyond Bellemont Cotton Mills. Sale begins at 9 o'clock a. m. Go out and get some bargains as there are lots of things to sell.

Mr. Pinkney Capps has recently moved his family to Bellemont. Sorry to learn that Floyd Nicholson and Chas Sharpe got left Sunday evening when two of the girls at Bellemont declined to go driving with them.

A goodly number of the young people met at Mr. Chas. Websters Saturday evening and had an enjoyable time.

The Bellemont Mill is running only four days in a week now.

We thank Mr. Rauhut for a peck of those fine Irish potatoes.

Hon. James Bryce, the distinguished ambassador from Great Britain to America, was the guest of the University Friday night, and made an address in Gerrard Hall before a large and attentive audience. Mr. Bryce is interesting to American people not only because he is one of the eminent citizens of the world, but because he has written the best description of American Life in his "American Commonwealth." Mr. Bryce spoke on the value of a State University to the

people. He expressed pleasure at being in one of America's oldest and most useful Universities. The University of North Carolina, he said has had a long and honored career and is the best investment that the people of this State have ever made. He expressed the hope that the people would respond to the growing needs of the University and that he was sure that they would receive immeasurable returns in men trained to search for the truth and impressed with the duty of citizenship. He closed by congratulating the Students upon having a faculty known for research and upon having as a site for the University such a beautiful spot, far removed from the din of cities, and admirably adapted to study and thought.

The Alamance County Historical club held its regular monthly meeting Monday night. Two very interesting papers were read by members. The first being entitled "Cornwallis at Snow Camp" by W. P. Henley, he gave a detailed account of his encampment at that place. The next paper was a brief history of cotton manufacturing in Alamance, by J. G. Walker, his paper was interesting as well as instructive.

The following names are of men from Alamance who are registered in the University, together with the years in which they will graduate and their postoffices: Cooper W. L., 1911, Graham; Henley, W. Last Friday we done our part for another "o'possum" dinner at Dr. Isley's, and Monday we took in the corn shucking dinner at J. S. L. Patterson's. To say that we enjoyed these dinners would be putting it in a very mild form.
