MILITARY BOYS WIN HONORS

The military boys returned Monday from Morehead City where they won high honors.

The highest individual score at Camp Glenn for a member of the third regiment, which was the highest honor the regiment offers as an expert rifleman. This honor entitles McAdams to the trip to Camp Perry, Ohio, August 17th.

Among the other honors we might mention won by our company was on the day of the sham battle when Captain Freeman, acting as Major was victorious and saved the day from the hands of the enemy.

Our company looked like a mighty army, forty-three strong with three officers, cooks, servants etc. A manlier and better behaved crowd of boys are seldom found in any rank.

A general good time sums up the social side of the trip.

The honors won by our boys is due to a large extent to the consistent and persevering practice carried out by our officers.

The horse became frightened at the train at the crossing at Trolinger's wood and coal yard and ran against the corner of Isley & McPherson's market, throwing Mr. and Mrs. Miller from the buggy.

The buggy seat was torn from the buggy, otherwise little damage was done the buggy.

"Typhoid Incubator" Still Sheds Germs.

Chicago, July 15.—Miss Rose Boersma, known as the typhoid girl, is being guarded by a city detective on a dairy farm south of Chicago and may be quarantined for life, according to health department officials.

Although enjoying perfect health, she is said to be a carrier of the disease germs and directly responsible for three deaths and 50 cases of fever in the south division of the city. She has been under quarantine for more than a month.

NEW HIGH SCHOOL FOR GUILFORD COUNTY

The County Board of Education Saturday afternoon located the new County High School and the Farm Life School at Summerfield.

This decision was arrived at after a two hours executive session following a public meeting in the courthouse at Greensboro, when the claims of Summerfield, Gibsonville, Stokesdale, Oak Hill and McLean's Hill had been presented. The courthouse was full of people, delegates from the several villages and communities making bids for the school. Summerfield alone had 125 men and women delegates, the pick of Bruce township and the flower of Summerfield, and when the announcement was made that Summerfield had won, it was a mighty happy set of delegates. This makes four County High Schools, the other three being at Pleasant Garden, Jamestown and Monticello.

The chief rivalry was between Stokesdale and Summerfield, but six miles apart. Stokesdale had the disadvantage of being but 1.2 miles of the Rockingham and Forsyth county lines. Summerfield being a more central point. Both places made splendid offers for the school, Summerfield going Stokesdale a little better in this respect, by presenting a brand new \$4,000 school building, a cash offer of \$2,000 and 17 acres of land for the Farm Life School attachment, this land being worth \$150 per acre. This growing competition for the high school, shows how valuable they have been demonstrated to be by the success of those already established in the county.

Sunday School Picnic.

The Sunday School of St. Athanasius' Church will go on their Annual Picnic today. The wagons, carriages, buggies etc. will leave the Church Grounds at 9:30 a. m. The Choir Director, Mr. E. Seton Blyth will also go with the twenty-one Choir Boys, he is training so nicely; the day will be spent in games, swinging, jumping rope, romping and eating good things the women of the Parish have prepared. Mr. Blyth will leave next week on a 5 days camping expedition, with these little choristers, and thus give them another outing, under careful and prayerful discipline.

Ice Cream Supper.

The ice cream supper given Saturday night on the lawn at the Reformed church was attended by a fairly large crowd, who enjoyed the nice refreshments and the recitations rendered by Misses Dovella and Novella Shepard, Mamie Fowler, Earlie Sharpe and Fannie Clapp, all of whom have had High School or college training and understand the art of elocution so as to reach the hearts of their hearers.

Novelty.

Coble's Grocery have recently installed and are operating new Toledo Scales, manufactured by the Toledo Computing Scale Co., of Toledo, Ohio. The scales are the first among our merchants and are somewhat of a novelty. The scales not only give the correct weight but are so arranged as to total up the amount of what the article weighed comes to. The scales are easily operated, accurate, and save the pencil and paper multiplication method.

Reception Last Night.

Mr. and Mrs. E. M. Caldebaugh very pleasantly entertained last night, at their handsome suburban home, in honor of Miss Annie Clark, of Gainesville Ga., who is visiting Mrs. Elizabeth Campbell on Spring Garden St. A large number of guests were present to enjoy the hospitality of Mr. and Mrs. Caldebaugh.—Greensboro Record.

[Mrs. Caldebaugh is well remembered in our town as Miss Godfrey and has a large number of friends here whom she visits frequently.]

LARGE FORCE AT WORK

Between eighty and one hundred men and ten teams are at work on Davis, Spring and Front streets this week grading and laying track for the street car which will be started as soon as the track is completed.

What has been dreamed of for some time by many of our citizens is molding into a reality since the work has come into the centre of town where it is witnessed by hundreds each day.

AGED WOMAN ASSAULTED

Rockingham, July 17.—The most brutal crime in the history of Rockingham county was committed early Sunday morning when an unknown man entered the two-room cottage of Mrs. M. E. Beck, a widow 60 years old, and criminally assaulted her.

The Beck cottage is located in the heart of the residence section and its only occupants were the victim of the assault and her grand-daughter, 10 years old.

The fiend choked the aged woman into insensibility and afterward fled, frightened by the alarm raised by the little girl. The only clue to the perpetrator of the deed is a blue cap, which the assailant dropped in his flight.

Entrance to the cottage was effected through a window left open by the occupants. Mrs. Beck could give no description of her assailant. She is in a critical condition and under the care of physicians.

The town of Rockingham has offered a reward of \$500 for the apprehension of the criminal, the proclamation being appended to the cap found in the home, which is displayed at the Hotel Rockingham, and the local authorities have appealed to Governor Kitchen to supplement this reward for the arrest.

Painfully Bruised.

Squires in buying cattle, residing here and at Chapel Hill, while going Monday evening after cattle in the northern part of the county was thrown from the buggy, the mule becoming frightened at a pile of stones, and painfully but not seriously injured. The buggy was badly broken, one wheel being mashed to pieces.

Business is good at Coble's Grocery.

FRONT STREET TO BE GRADED

The Front Street question came before the city fathers and received its final reckoning Friday night. Or at least a grade line specified by Mr. White, was granted and the grading of the street ordered.

To hear the question discussed by those progressive West Front Street citizens would lead one to believe this to be the only street in town.

Alderman Faucette made several urgent requests of the board to grant the grading and grant it at once. His requests were backed by speeches from Messrs. Crowson and Hoffman who drew a vivid picture of Front Street after the street car grade of eight feet is made in the center of the street and no room on either side for vehicles to pass at certain places.

The objection to granting this was led by Alderman Scott from the stand point he was not in favor of borrowing more money and increase the indebtedness of the town when the present indebtedness can not be cared for.

The Burghaw Traction Company was represented by Mr. Murray, who was anxious to know at present what the city was going to do about grading Front Street, as the street car company are anxious to establish their grade and lay the track.

A motion was made by Mr. Scott that the grade line of the civil engineer be accepted and the grading done, the citizens of Front Street to loan the town the money at six per cent to be paid when the \$35,000 worth of city bonds are sold. It is estimated that the grading of Front Street from property line to property line will cost about \$1,000 and the grading of the street, not including the sidewalks, about \$550. Two fifths of which will be paid by the street car company.

This motion was voted on and carried.

Teachers' Examination.

The regular July Alamance county teachers' examination for whites and colored was held last Thursday and Friday at Graham by County Superintendent, Prof. J. B. Robertson. Twenty white and fifteen colored applicants were present, one or two taking the examination for entrance at A. & M. College, Raleigh. Out of the large number of applicants, only four male persons took the examination, showing that almost all of our teachers are ladies.

The fishing party went to Stony Creek, where everybody went in seining and graveling. Quite a quantity of the finny tribe were caught, the largest catch of the day being a five pound sucker, caught by the girls, which was a free exhibition of fun.

In connection with the seining a delicious luncheon which is always to be enjoyed on a fishing outing was given.

The entire crowd enjoyed the outing immensely.

FARMERS INSTITUTE

Mebane, N. C., July 17 1911.—The Committee who has in charge the line of prizes to be given to the wheat growers of the County under the direction of the Farmers Institute Committee will meet in Graham next Saturday the 22nd., to announce the prize, and with these prizes they expect to serve two objects; 1st. to stimulate the production of wheat—of better wheat—of more wheat—and more yield to the acre.

Some of the mills of the county are now shipping flour to their customers in the larger towns of the state by the car load, but made principally from northern or eastern wheat. This is essentially a grain producing county and should supply our mills. This county should produce thousands of bushels of No. 1 wheat where it is producing hundreds of No. 2 of this profitable cash crop and it is a cash crop.

2nd. These prizes are also expected to stimulate the interest and attendance of the Farmers Institute and every farmer, whether he learns anything or not, by discussing or hearing discussed the very topics he is interested in gets an enthusiasm for this work that is very essential to his success.

These speakers will be men and women especially fitted to discuss the topics assigned them and they will have ideas to put before you that are worth listening to. They will be specialists along different lines and will be glad to answer any question you may want to ask—have your question ready.

The business men of the county who recognize that the foundation of their success is the success of the farmer should encourage these institutes in every possible way.

And you, Mr. Farmer, if these institutes are doing a good work, and they are, should recognize that your duty to your self, to your neighbor and to your county demands that you go to these institutes and that you try to induce your neighbor to do so. Their success depends on you.
