A Constant Protection

A telephone on the Farm affords the Farmer's family freedom from isolation as well as protection in the absence of the men.

Mr. S. S. Lee, of Blanch, N. C., writes: "Some time ago one of our friends' husband was compelled to be off until ten o'clock at night. During that time no one was in the house but his wife. She talked to us all up and down the line, and each family was ready to go to her at a minute's notice. She said she was so glad she had a phone, as she would not feel at all lonely."

Write for our free booklet and see how little it costs to have a telephone on your Farm. Address
