# THE CHAPEL HILLIAN.

"BE JUST AND FEAR NOT."

Vol. 1.

TUESDAY, NOVEMBER, 4, 1890.

No. 1.

## Sometime, Somewhere.

Unanswered yet? The prayer your lips  
have pleaded  
In agony of heart these many years?  
Does faith begin to fail; is hope depart-  
ing,  
And think you all in vain those falling  
tears?  
Say not the father hath not heard your  
prayer;  
You shall have your desire sometime,  
somewhere.

Unanswered yet? Though when you first  
presented  
This one petition at the Father's throne,  
It seemed you could not wait the time  
of asking  
So urgent was your heart to make it  
known.  
Though years have passed since then, do  
not despair;  
The Lord will answer you sometime,  
somewhere.

Unanswered yet? Nay do not say un-  
granted;  
Perhaps your part is not yet wholly done.  
The work began when first your prayer  
was uttered,  
And God will finish what he has begun.  
If you will keep the incense burning  
there,  
His glory you shall see, sometime, some-  
where.

Unanswered yet? Faith cannot be un-  
answered,  
Her feet were firmly planted on the Rock;  
Amid the wildest storms she stands un-  
daunted,  
Nor quails before the loudest thunder  
shock.  
She knows Omnipotence has heard her  
prayer,  
And cries, "It shall be done," sometime,  
somewhere. —Robert Browning.

## The Opening of the Fall Term at the University of N. C.

Sufficient time has elapsed since  
the opening of the session of '90-  
'91, to enable an accurate ac-  
count of the enrollment and of  
the prospects for this collegiate  
year to be given. Thursday, the  
4th day of September, found 125  
on the Hill, not including the  
law and medical students. With  
this number the University open-  
ed, a number larger than that of  
the previous year, however, many  
more new students have arrived,  
bringing the number to about  
200.

The roll of the Senior or gradu-  
ating class this year, numbers  
twenty-four men, as against her  
thirty-one of the last session.

In the Junior class there is a  
loss of fifteen men, as only twen-  
ty members of '92 answer the  
roll. The Sophomores came back

thirty-eight strong, and were in-  
creased by several new men who  
entered the class of '93.

This year a new department  
has been added to those formerly  
existing at the University—the  
Medical Department—under the  
charge of Dr. R. H. Whitehead,  
of Salisbury. Dr. Whitehead is  
already very popular among the  
boys of the University. Prof.  
Claffin, Assistant Mathematical  
Professor, is another case of  
'congeniality makes dear friends.'  
The positions of Librarian, As-  
sistant in Latin and Assistant in  
Chemistry are occupied by Messrs.  
V. S. Bryant, '90, Shepard Bry-  
an, '91, and H. L. Miller, '90, re-  
spectively.

## THE GYMNASIUM.

The gymnasium, under the  
charge of the University Y. M. C.  
A., opened very auspiciously,  
with Mr. Charles S. Mangum '91,  
as Director. About half the  
students take the "gymmy" and  
are divided in two sections, each  
of which has regular hours for  
exercise, three times a week. The  
exercises taught by Mr. Mangum  
are simple, yet invigorating,  
tending to develop the muscles  
of the whole body by the simplest  
and most effective methods. We  
advise every one who has not  
done so, to join the class at  
once.

## THE Y. M. C. A.

Under the efficient manage-  
ment of President A. H. Patter-  
son, seconded by a creditable  
corps of officers, this institu-  
tion is making rapid progress.  
Founded in 1860, at the Univer-  
sity, its growth was slow, but  
since the reopening in 1875 new  
life has been infused into its old  
limbs, making it strong, flour-  
ishing and an active power for  
good. Devotional meetings are  
held four nights of every week, in  
apartments handsomely fitted up  
and owned by the organization.  
These meetings are largely at-  
tended. The average nightly at-  
tendance being between 50 and

60. A committee have in hand the  
work of raising \$40,000 for the  
new building, which it is hoped  
will be erected by '93. Taking  
everything into consideration,  
the outlook for the Y. M. C. A.  
was never brighter nor its possi-  
bilities ever better.

## THE LIBRARY,

Numbering 30,000 volumes, un-  
der the careful supervision of the  
Librarian, Mr. V. S. Bryant, has  
assumed a neat and artistic ap-  
pearance. This gentleman de-  
votes his whole time and long  
experience to looking after the li-  
brary and in aiding the students  
in their researches.

In addition to the above it is a  
pleasure to us to give in brief  
outlines the history of several  
clubs and societies. The Shak-  
spere Club was organized in 1886  
at the instance of Dr. Hume,  
for the critical study of Shakspeare  
and other dramatic authors.  
This club has enjoyed a very  
prosperous existence and its pros-  
pects were never better than now.  
The Elisha Mitchell Scientific So-  
ciety was founded in 1883 for  
the advancement of scientific  
work throughout the State. The  
Society has so grown in numbers  
and prosperity that it now owns  
a library of four or five thousand  
books and pamphlets.

The object of the N. C. Histori-  
cal Society is to stimulate the  
study of our State history. Many  
interesting and historical papers  
have been read at the meetings  
of the Society.

Summing up all these facts we  
predict a successful collegiate  
year, both to the Professors and  
the students under them.

## UNCONSIDERED TRIFLES.

Mrs. Gaggam—Here's a piece  
in the newspaper about four ba-  
bies at a birth.

Gaggam—What is the mother's  
name?

Mrs. Gaggam—Wragg.

Gaggam—Oh, rag babies don't  
count.
