as of the Daily Globe, and the Congressional stands fifth in the Union, in point of numbers. | begin when the money is received. Globe and Apdendix, to remind subscribers, and inform those who may desire to subscribe hat Congress will meet on the first Monday f next December, when I shall recommen oublishing the above named papers. They have been published so long that most perde now know their character, and therefore deem it needless to give a minute account

of the kind of matter they will contain. The Daily Globe will contain a report of the Debates in both branches of Congress as taken down by reporters equal, at least, to any orps of short-hand writers in this, or an other country. A unjority of them will, each be able to report versarim, tea thousand words an hour, while the average number of words cause of Education-to develope the talents of them up spoken by fluent speakers rarely exceeds seven thousand five hundred words an hour. When the debates of a day do not make more han forty columns, they shall appear in the Daily Globe of the next morning, which will contain, also, the news of the day, together with such e'it rial articles as may be sug. gested by the passing events.

It is also my intention, from time to time as oceasion may require, to publish my remienses of the publick men with whom I have been associated during the last twenty-eight years. Anecdotes of General Jackson, and the leaders of the party which he conducted and the leading men of other parties, will believe, be interesting now when partisan bit terness has abated.

In becomidg the reporter of the debutes of Congress I deem it proper to say that the Globe would never be a partisian paper. This pledge will not be forfeited by introducing, as a contribution to history the political traits of character which distinguished the public men of my time. Although I am and intend to re main, a thorough Democrat, I will never ob trude my principles in a way to make them obnoxious to any party. But in regard to persons and events which go to make up history, I hope to make the Globe an honest moir; and with that fiew I am resolved to speak independently of all parties.
