Love and Horseradish. Winter has gone and left us And the grass is fresh and green, And the joy of mother nature In every place is seen.

Are looking nice and neat, And my love is out a-hunting Horseradish for her meat.

All the woods are teeming gently With the melody of song, And we feel the hand of nature That is coming good and strong.

We are done with sugar making, With the sirup rich and sweet, And my love is out a-hunting Horseradish for her meat.

Now the flowers are bursting open With a breath of sweet perfume, And the bees are on excursions, Often distant from their home.

And the little lambs are playing, Jumping stiffly on their feet, And my love is out a-hunting Horseradish for her meat.

It is homely and we know it, This olden thing to see, But soon you'll all come to it; It is a boon to me.

Though the world is rough and rugged 'Tis full of balm and sweet, And my love is out a-hunting Horseradish for her meat.

Mr. Earl Tillman, of Burlington, Route 3, made an application last week in Charlotte, was accepted and forwarded for enlistment to Fort Slocum, N. Y. His parents and friends were sorry to see him leave, but since it was his determination it is believed he will make good.

The Sea. In you are all the little streams That came so far to reach your breast.

You were the center of their dreams, Where now they lie at rest.

They lie like chords across your heart, Invisible to mortal eye, But the wind knows them all apart, And as he passed by

He touches them with careful hands, He plays the harp of the great sea, An instrument none understands Nor loves to well as he.

At midnight when on land the dead arise, Creeping through the long grass like breathless.

The drowned come up and walk upon the sea, And live a little while in memory.

And it is strange to see them walking there, With shells and seaweed tangled in their hair.

I heard one speak in that immensity, He said: "The sea does not seem to care for me."

That is a friend that I have known for years, He will be in the city of my own. I don't think I'll see him in Greensboro.

FRIDAY APRIL, 24.

Thos. Dixon Jr. presents the LEOPARD SPOTS.

This is the last of the attractions at this Opera House this season.

PRICES \$50, \$.75, \$1.00 and \$1.50.

Cow Testing Association.

Asheville, April 16.—A Western Carolina Cow Testing Association is being formed in this section of the State under the auspices of the North Carolina Agricultural Experiment Station.

Stanley Combs, of the division of dairy farming is now visiting dairymen in the vicinity of Fletcher.

He is signing up herds for membership in the association and it is expected that an extensive organization will be perfected.

The association will doubtless prove of incalculable value to the dairymen of Western North Carolina, as it has already done in the central section of the State.

A short time ago one familiar with the situation would have not believed it possible for enough interest to be found among the southern dairymen to enable the operation of a cow testing association.

Nevertheless, central North Carolina has reached this point and the work has been started.

The Jacksonville Times-Union remarks that there are 60,000 unemployed in New York and over 30,000,000 acres of uncultivated land in Florida.

What is the argument?—The Greensboro News.

Says Charity and Children "Mr. Bryan kicked out the segregation plank, which was the central plank in the platform of the Raleigh meeting, and then failed to appear. Green is Dixon, of the Ephesians?" And kicked it to high it has not got back yet.

WILMINGTON CROWD THRILLED BY PLAY.

Pleased and Interested by Thomas Dixon's "The Leopard Spots," Says The Star.

Thrilling with dramatic power from beginning to end is "The Leopard's Spots," the new play of Thomas Dixon, which was presented at the Academy of Music twice yesterday.

There were large audiences at both performances, and they showed their appreciation by frequent applause. The play has that gripping interest characteristic of everything that Thomas Dixon writes, and whether you admire it or detest the grimly unadorned manner of its presentation, the play is followed throughout with taut nerves.

There is no mistake in its aim. It is clear as crystal, and there is no getting around the lesson it teaches.

Its purpose is to show that the white man is good of creation, born or raised, and determined to carry out the mandate of nature. It aims further to show that the negro's place in the world is not among the high and mighty, but as a heaver of wood and a drayer of water. It wants him and a good workman, spoiled and a worthless citizen made.

In keeping with the dramatic character of the play was the superb acting. It is his part well and there was no mistake in it. The hero is played by the actor, which is played by the actor, which is played by the actor.

It is his part well and there was no mistake in it. The hero is played by the actor, which is played by the actor, which is played by the actor.

It is his part well and there was no mistake in it. The hero is played by the actor, which is played by the actor, which is played by the actor.
