THE LOST SHEEP AND THE

GOLDEN TEXT

beed with a feek of sheep. We now here he have little of that simple hove for the sheep which filt the hearts of riety here's he Eastern Lands. Not many of heavy well that the hearts of riety here's he Eastern Lands. Not many of heavy well that the hearts of riety here's he Eastern Lands. Not many of heavy well of the same of forms, midering in a little ream without wisdows and with only the ground for a floor. We do not know of people so poor that every penny is carefully garded and worn around the arm for safe-deeping. If we know as hephed that called every lamb in his flock by name, and women who needed even a penny to keep her from starvation, the meaning of the loads not day would be better understood.

A LIFE WITH NO SCORN IN IT. Our Lord was not ashamed to be known as the Friend of the friendless, and they were considered on better windows and the same of the health of the friendless, and they were considered on better than dogs. When the village was invited to a dining, them friendless and to shame took helf places with the dogs on the streets and contented with the order of he reputation dared to spatisfied the same of health places and the place without a perfect tunult of our well can expend to spatisfied the policy of the same provided by the better classes, and they were considered no better than dogs. When the village was invited to a dining, them friendless are then for the fragments which came from the table. On they also streets and they were considered to better than dogs when the village was invited to a dining, them friendless and grazious to all such people. He spone to them, put his hands on their shoulders, at ewith them, called them. To some of the "better classes" that we was a kind and grazious to all such people. He spone to them, put his hands on their shoulders, at ewith them, called them. To some of the "better classes" the was a great existed, and they could not should be a wire and better than dogs on the streets and them, and have been the provided the wire of the provided the w

THE SHEEP THAT WANDERED.
The answer of Jerus to these critical potentials as the secondarian beautiful as it was been beautiful as the secondarian. He replied by a first was the which might be true events any day in the lives of the people of the land. He drawn and the people of the land, the first paralle was about the shape that offersyle. If was only one out of a large flock of shoop, It might finally some back if left alone; but more probably it would be deavoured by wild animals or wantly perials with cold or fall over the proceptor. Ne matter

way was rough. It was his aboop, and the thought of wild dogs, force walves, or rugged hillands. the thought of wild dags, Spree wolves, or rugged hillsides was more than the tender heart of the shep-herd could endure. He could not aleep for the pitcous bleatings of that bewildered creature in his mind. What else could be do but so are and alseep for the piteous steenings of which be bewildered creature in his mind. Was else could be do but go out and find that sheep? He did not think of the price the word would bring him markets or of the dispersion of the markets of the single the market or of the single the market of the single that the single that

that sheep? He did not think of the price the wood would bring him in the samples of God over one sinner that reperteble (Links 1510).

There is joy lat the presence of the samples of God over one sinner that reperteble (Links 1510).
