Healthy, Robust People Popular Everywhere

Good Health Creates an Attractive, Magnetic Personality and Wins Admiration

Healthy People Are Happiest.

Pepto-Mangan Has Put Thousands into the Healthy, Full-Blooded Class

How the red-blooded, energetic and attractive man or woman is envied by those who feel that it will always be their unfortunate lot to be thin, pale, and weak-bodied!

And yet why continue to envy men and women who possess a vigorous, healthy physical condition and an attractive, magnetic personality! Poor health and lack of vitality are often merely the result of impoverished blood.

Gude's Pepto-Mangan is for people whose bodies suffer from lack of proper blood nourishment. Pepto-Mangan enriches the blood and increases the number of healthy red blood cells, which are so necessary to carry the proper nourishment, vigor, and strength to every part of the body.

Physicians introduced Gude's Pepto-Mangan to the public because they knew that it contained the very properties that are so sorely needed to build up thin watery blood. For your convenience Pepto-Mangan is prepared in two forms, liquid and tablet. Both contain exactly the same medicinal value.

Insist on the genuine Pepto-Mangan. To be sure you are buying the genuine Pepto-Mangan, ask your druggist for "Gude's." And be sure the name "Gude's" is on the package.

For the Children.

Too much care cannot be exercised in selecting a cough medicine for children. It should be pleasant to take, contain no harmful drug and most effectual in curing their coughs and colds. Long experience has shown that Chamberlain's Cough Remedy meets these conditions. It is a favorite with most mothers.

To Survey French Broad.

Washington. — (Special).— Representative Weaver has secured a provision in the house river and harbor bill for a survey of the French Broad river from Asheville to Brevard.

This survey is to be made with a view to removing certain wing dams constructed in the seventies when it was thought practicable to make the river navigable to Brevard.

These dams now interfere with the flow of the river and affect the entire

Make Your Money Work For You

The reason some people seem so prosperous under all conditions is often because they have money at work for them. They have saved a reasonable portion of their earnings and placed it in the bank on interest. They are then assured of a certain definite income every year.

You have to work for your money. Then make your money work for you. Two dollars per week placed in a savings account every year for ten years will amount to over \$1300.00. Can you not save two dollars per week?

We pay 4 per cent interest and would be pleased to have you open an account with us.
