Mr Albert Pritchard, better known to his Chapel Hill friends as "Shug," came in from the West a day or two ago to visit relatives and friends. We trust he'll remain long enough to take the "dry grins" away from this town.

Prayer services were conducted by Rev. E L Baskin at the Baptist church and by Rev. Lawrence at the Episcopal church Wednesday night for the purpose of praying for rain. The services were well attended, and there wasn't a cloud to be seen anywhere, by 11 o'clock flashes of lightning could be seen in the west, later a down pour of rain fell, the most we have had in a month or two.

The Woman's Missionary Society of the Mt. Zion Baptist Association held its annual conference with the Chapel Hill Baptist Church Tuesday. There were quite a number in attendance. WE ARE GOING TO HAVE A GOOD SCHOOL.

The News wishes to say one thing to the patrons of the Chapel Hill Graded School and to say it in time for it to be helpful to all of us. School opens Monday, the 12th, of September. We all want a good school. We are going to have a good school. Then let us ask ourselves what can we do to help to make it the good school we want. One thing that seems to us, stands out here is this: we can start right. That means start the first day. We can go right. That means, for one thing, go every day and on time. If your child can enter a month late and do as well as those who enter the first day, then the school board is showing poor business judgment in running a nine months' school. Last year the record of attendance was not what it should have been, and irregular attendance was the cause of more failures than any other one thing. Let us all eliminate this waste this year, all together.

NEW FORD PRICES

The Strowd Motor Company announces another big reduction in the price of Ford cars, which was effective September 2, reducing in price these popular cars down below the pre-war level. The factory price on Ford cars and trucks are now lower than they have ever been. The war price of the runabout, without starter, was \$350 and the pre-war price \$345, the new price is \$325 at the factory. The government tax and freight must be added to these figures. For the touring car the war price was \$875 and the pre-war price \$360. The new price is \$355. Similar reductions are made on the other types. The announcement of these reductions by Henry Ford, was a big surprise to the country, as at the higher prices Ford cars were selling like hot cakes. The Strowd Motor Company is keeping up with its allotment of cars and then some.

Colds & Headache

"For years we have used Black-Draught in our family, and I have never found any medicine that could take its place," writes Mr. H. A. Stacy, of Bradyville, Tenn. Mr. Stacy, who is a Rutherford County farmer, recommends Black-Draught as a medicine that should be kept in every household for use in the prompt treatment of many little ills to prevent them from developing into serious troubles.

THEDFORD'S BLACK-DRAUGHT

"It touches the liver and does the work," Mr. Stacy declared. "It is one of the best medicines I ever saw for a cold and headache. I don't know what we would do in our family if it wasn't for Black-Draught. It has saved us many dollars. . . I don't see how any family can hardly go without it. I know it is a reliable and splendid medicine to keep in the house. I recommend Black-Draught highly and am never without it?"

Savers and Winners.

It is very interesting to observe enthusiastic savers. We watch them as they come regularly to the bank to make their deposits. There is on their faces the smile that is peculiar to winners.

Their glory is not alone in the amount they save: they know that it is not always easy to save and are proud to have succeeded.

And then there is the fascination of growth! Only those who have really saved know the pleasure of watching a savings account grow.

A growing savings account is something to be proud of!
