

**LOCAL AND COUNTY NEWS**

**SHORT NEWS ITEMS OF INTEREST OF TOWN AND COUNTY. CONDENSED INTO PARAGRAPHS FOR BUSY NEWS READERS.**

Nearly all the county schools opened Monday with good attendance.

"The question is" are you going to help build Durham greater or spend Chapel Hill money in Chapel Hill.

We failed to receive the County Commissioners proceedings for first Monday in October meeting.

The new \$12,500.00 fire truck is a beauty. Our firemen have something to be proud of.

**FOR SALE:** Ideal Fireless Cooker, in perfect condition, \$17.00 at Brown's Furniture store.

Maybe you also have observed that as a general thing the speed fiend isn't fit for anything else.

Even the busiest man has time to listen to callers who wish to tell him what a world beater he is.

Mr W D Crabtree, of Bear Creek, Chatham County, a former citizen of this place, spent Monday and Tuesday with old friends and looking round at the wonderful improvements since he left Chapel Hill.

There is a tendency on the part of some newspaper correspondents to call Chapel Hill a "village," why man alive, there is not a town in the United States with as many big heads.

Don't worry about anything. At least 99 per cent of the things you worry about never happen and over 50 per cent couldn't happen. So why worry?—Ex.

It is doubtful if Santa Clause can fill the stockings at Christmas with anything as beautiful as what we've seen in them this summer.—Washington Post.

Recently Green McDade purchased a buggy from a colored man who he did not know, and this week two men from Durham saw the buggy and upon investigation it proved to their property.

Well, the town has put it up to the firemen now, with the proper equipment, should we be so unfortunate as to have a fire, one thing is certain our firemen are better prepared than ever to render some valuable service.

Chapel Hill and vicinity was visited by a real rain Monday afternoon. A gully washer and trash mover, the most rain that has fallen here in over three months. The water condition was greatly improved, and we trust will continue to improve from now on.

It is a safe bet that there are between fourteen and fifteen hundred students in attendance at the University. The college and the town are taxed to furnish accommodation for the large number that are here. There is not a vacant room in the community.

With all the building that has been done in Chapel Hill this summer there is still a scarcity of rooms. Many students have gone some distance outside of the town limits to room, every room in college and town being filled. Between 50 and 60 houses have been built in Chapel Hill since last spring. But more are needed to accommodate students and others who want to come to Chapel Hill to reside. A few more business houses would not hurt anything.

The Chapel Hill High's football team took a trip down east last week-end, playing the Fayetteville Highs at Fayetteville, no scoring. Saturday Chapel Hill went to Raeford where it defeated the Raeford Highs by the close score of 6 to 0. Chapel Hill is fast developing another strong eleven. It has very good material and will be heard from later on in the season. The next game is with Trinity Park School, Durham, on Emerson Field Saturday afternoon at 3 o'clock.

The store of Van Nunn, colored, on Rosemary street, at the old Tan Yard place, was entered by robbers Friday night or early Saturday morning. They effected an entrance by boring holes around a Yale pad lock. They broken open the cash register, rifling it of everything of value, helped themselves to cigars and cigarettes, shoes and other merchandise, amounting to four or five hundred dollars. It is thought they carried the goods off in an automobile, as yet no clue to the robbery has been found.

Ten prisoners broke jail at Hillsboro Saturday night. They, in some way, procured an iron bar and broke the locks to the cells, a hole through the roof was made and they descended to the ground by climbing down a large tree standing near the jail. No trace of any of the prisoners has been had. Most of them were sentenced to long terms on the roads of the county by Judge Daniels at the September term of court.

We hope the merchants of Chapel Hill will make it so attractive that people in Durham will run over to do their shopping.

"Git fer home Bruno," a full fledged tramp struck town a day or so ago. The first typical tramp seen around here in quite awhile. Officer McWilliams was seen lecturing him and he soon moved on.

The 51st session of the Mt. Zion Baptist Association will be held with Bethel Baptist Church five miles west of Chapel Hill, beginning next Tuesday, October 11 and will last through 13th. There will be delegates from fifty Baptist Churches, from the surrounding four or five counties. Rev W S Olive of Olive Chapel, Wake County, is the moderator. A large delegation is expected to attend.

Chief Long escorted "Tip" Craig, colored, before his honor Mayor Roberson Saturday morning for having liquor for sale in his barber shop on west Main Street. Tipto had a half gallon of likker and various sizes of jugs and bottles. He was required to give bond in the sum of \$100 for his appearance at court.

One night recently a thief visited the home of Mr. W R Lloyd, at Calvalder, and relieved him of \$516 in cool cash. Mr. Lloyd hid the money in a sewing machine drawer and retired for the night. Next morning his room door was open and upon investigation the money had disappeared. He thinks the party who got his money watched him through a window and while he was snoozing in the dead hours of the night, broke in and carried off his roll. Moral, the best and safest place for your money is in our banks, and if you owe the other fellow write him a check.

Mr Jimmie Neal, who resided at University station with his family, was run over by the Chapel Hill train at the station Monday. Both his leg being severed from his body. He died in a few minutes after the accident. It seems that the train with engineer Nesbit at the throttle was doing some shifting and Mr. Neal was in the act of crossing the track when a box car struck him, knocking him down, the wheels crossing his legs with the above results. Mr Neal was a bit deaf and it is supposed he failed to hear or see the approaching train. The accident is greatly deplored. Mr Neal is survived by a wife and several children.

**NOTICE TO ALL UNLICENSED COTTON GINNERS:**

There are a number of cotton ginners in the State who have not yet applied for license to operate a cotton gin during this season. Their attention is called to the fact that the last session of the legislation passed a law requiring that all ginners make application for license to the Commissioner of Agriculture and that such ginners collect for the next two years a tax of twenty-five cents per bale on all cotton ginned, remitting this tax monthly to the Department of Revenue.

The law imposes a fine of five dollars per day on all ginners who operate without securing State License. Therefore, it is directed that ginners who have not yet secured their license to operate write the Commissioner of Agriculture requesting a form of application for license, which should be filled out and forwarded immediately.

As a matter of information I desire to state that the tax referred to constitutes a fund which guarantees the integrity of the warehouse receipts issued under the State Warehouse System, and that nine-tenths of this fund will be loaned for the construction of warehouses, the individual loan not to exceed fifty per cent of the total warehouse cost. The attention of your readers is called to the benefits which they may obtain by availing themselves of the provisions of this law either in regard to the operation under it of existing warehouses or in borrowing money for the construction of new warehouses.

W. A. GRAHAM, Commissioner of Agriculture.

**Savers and Winners.**

It is very interesting to observe enthusiastic savers. We watch them as they come regularly to the bank to make their deposits. There is on their faces the smile that is peculiar to winners.

Their glory is not alone in the amount they save: they know that it is not always easy to save and are proud to have succeeded.

And then there is the fascination of growth! Only those who have really saved know the pleasure of watching a savings account grow.

A growing savings account is something to be proud of!
