**EFIRD'S  
Greatest Annual  
CHAIN SALE**

**Starts Friday, May 30**

**And Continues Through the Month of June**

**Every Efir Store Closed All  
Day Thursday to Mark  
Down Prices**

The "Annual Chain Sale" of the Efir stores in North and South Carolina, beginning Friday, May 30, and continuing through the month of June, promises to be the biggest annual selling event in the Efir stores history, and certainly the biggest event of this year. Every one of the 36 stores in the Efir chain is to participate in the annual chain sale.

Special purchases in tremendous quantities have been made to provide merchandise of the quality that Efir purchasers demand for this great sale. With a buying organization headed by J. W. Efir and located at No. 3 West 29th street, New York, whose business is to keep in touch hourly with the pulse of the markets of the world, and who is constantly watching every element affecting market conditions, this part of the Efir organization may well be said to be one hundred per cent perfect.

Weeks and weeks of careful planning and buying of merchandise have preceded the annual chain sale. All the energies, efforts and brains of the two thousand, two hundred workers in the Efir chain are behind this sale, which this year promises to become of greater magnitude than ever.

Buying in tremendous quantities and for cash has been one of the factors contributing to the Efir success.

In the case of the annual chain sale, merchandise has been gathered from the four corners of the globe, and when the five million customers of the Efir stores swarm into the 36 buildings every day during the month of June they will find that the motivating idea of the chain, "Buy a bargain, sell a bargain," is being exemplified this year more than ever before in the history of the stores.

Visit the nearest store, and it will be found that never before in the Efir history have such preparations been made for a sale event, with the display of merchandise bought direct from the mills for cash, to be sold for cash.

Each day during the chain sale there will be brought into the Efir stores fresh merchandise bought to be delivered during the sale. Fresh bargains will be placed in tempting array before the stores' customers, and when they are displayed their places will soon be taken by others just as tempting.
