

Friends: ---

Do you know that that little fifty-cent piece, or that dollar, or that two dollars, you owe us on the subscription price to

The Charlotte Herald

Would be a great help right now? Suppose you do it right now! Just send it in to us, and let us have that much more ammunition with which to wage YOUR battles for you and yours.

You keep your subscription to the daily papers paid up all the time. So why not keep your subscription to your own paper, the only paper in this section that gives a kitty's consarn for you, paid up to date. Four bits, or fifty cents, is a small amount, but lots of those small amounts will buy a roll of paper upon which to print another issue of that paper which is devoted to better pay, better hours and better conditions for the men and women of toil.

Pin a paper dollar to your letter and send it in to us. It will be used for your own good.

We'll appreciate it and you'll derive the benefit.

Thank you.
