

THE WATCH DOG

I GUESS THAT'S RIGHT. There she stood in her nightie, and the building blazed merrily.

A QUESTIONNAIRE TO MARS.

Hello, Mars! The earth is talking— Do your flappers bob their hair? Do your grandmas dance the Java?

One of the most difficult things a presidential candidate has to do, thinks Colonel Kirkpatrick, is to make the audience believe he has read the platform of his party.

Everything can't be done in a day. But something can.

Nothing costs more than the things we try to get for nothing.

YES, ALL THREE. He—Is she progressive or conservative? She—I don't know. She wears last

year's hats, drives this year's car, and lives on next year's income.

As Claude Albea was ambling o'er the city he came upon little Frederick sitting on the curb, crying.

Oh, I feel so bad cause Major's dead—my nice old collie! sobbed Frederick.

Shuck, said Albea. My grandmother's been dead a week and you don't catch me crying.

Frederick gave his eyes and nose a swip with his hand, and looking up at Albea, sobbed despairingly.

Yes, but you didn't raise your grandmother from a pup.

And your wife doesn't say anything when you return home at three o'clock in the morning.

No, I walk in backwards with a lot of noise to make her think I'm going out.

Years ago, "the full dinner pail" was a winning slogan. This year says Floyd Bangle the "full gas tank" ought to have an appealing sound.

FOOD COSTS GO UP. Washington, Oct. 23.—Reports by

the United States Bureau of Labor statistics do not indicate that living costs are decreasing.

During August 15 to September 15, 1924, 20 of the 21 cities studied showed increases ranging from 1 to 3 per cent.

WILL MINERS LOSE VOTE BY EVICTION PLOT?

Morgantown, W. Va., Oct. 23.—Anti-union coal operators are charged with attempting to force union miners to lose their vote by evicting them from their homes, and thus driving them out of their voting precinct.

Judge Lazell, of this city, continues to issue injunctions against the miners.

Asked and --- Answered

Q. What is meant by the term "mosquito fleet"?

It is an aggregation of comparatively small vessels associated in some way, as the smaller combatting vessels of a port, the torpedo boats of a navy or fleet.

Q. What is the meaning of the phrase non compos mentis?

This refers to people not of sound mind and is an expression used regarding people not legally responsible for their acts.

Q. When did the nobility first establish itself in France?

The first patent of nobility granted in France was in 1273. Unsubstantiated French titles are still used for matrimonial bait for rich American girls.

Q. Are newspapers in general circulation in Russia?

The per capita consumption of newspaper print in Russia in 1920 was six pounds. In the United States it was 150 pounds.

JUDICIAL USURPERS AGAIN SHOW POWER

San Francisco, Oct. 23.—The state supreme court decision denying La Follette-Wheeler electors a place on the California ballot is another lesson to the people of this state on judicial usurpation.

The law provides that "a candidate for any public office" may be nominated by petition subsequent to a primary or in lieu of a primary election.

The law directs the supreme court to give a liberal construction to this statute so that the will of the electors shall not be defeated.

Under the federal constitution, candidates for president and vice-president are not voted for directly by the people. They vote for electors, who, in turn, vote for president and vice-president.

This technicality is taken advantage of by the state supreme court, and by a 4-to-3 vote the judges hold that the electors are "messengers."

The decision is so devoid of fairness, and so totally ignores the legislative mandate for a liberal construction of the statute, that reaction is alarmed at the popular resentment.

BUS TRANSPORTATION IS NOT SUCCESSFUL

Atlantic City, Oct. 23.—The bus as a transportation medium in large cities is not proving a menace to electric railways, according to delegates to the American Electric Railway Association convention.

Few bus lines either owned by street railway companies or by independent operators, are breaking even, it was said.

The electric railway is making inroads on the short haul traffic of steam railroads. The movement of freight on electric railways, particularly on interurban lines in the middle west in recent years, is enormous, it was stated.

PARENT-TEACHERS HOLD FIRST MEETING.

Monroe, N. C., Oct. 24, 1924.—The Parent-Teachers Association laid their plans for the year at a meeting Monday afternoon, September 22, Mrs. W. R. Burrell, the president, presided.

The book committee announced that a set of a dozen volumes had been given the school by Dr. Weaver. A large number is to be distributed by the Van Dyke and Sorosis Clubs, and many others have been contributed by the library.

Suggestion was made that the chief work of the year should be the selection of a memorial to Governor Walter Bickett, but discussion was deferred until next meeting.

Mr. Armstrong gave an earnest talk about the aims of the school for this year.

The officers for this year are Mrs. Burrell, president; Mrs. C. E. Houston, vice-president; Mrs. Jeff Sewell, second vice-president; Mrs. F. O. Ticknor, secretary; Miss Sara Plessner, assistant; Mrs. W. A. Lane, treasurer.
