ATTENTION! Subscribers in the city failing to get their CAUCASIAN will please send to the office their names, their street and their number, in order that we may be able to locate the fault upon the carrier upon whom it should fall.

Business letters and communications for this paper should be addressed to THE CAUCASIAN, Raleigh, N. C. This is necessary to receive prompt attention. Do not address any letters to me except they be of a personal and private nature.

LET IT REST. The News and Observer has repeatedly charged that the Editor of this paper is "choking" the Legislature. We remembered that, if an accused person does not deny the truth of an accusation, brought against him before witnesses, his silence is taken as an acknowledgment of guilt.

Our tastes are not suited to the grade of journalism which our contemporary adopts, and if the disappointed and soured old vixen can get any amusement out of calling the editor of this paper names, just let her pursue her course. We have plenty to write about that is a tractate and instructive, and we shall not adopt any methods of reply that do not comport with what is becoming dignified, gentlemanly journalism.

Sunday morning the CAUCASIAN took a position favoring the passage of the bill introduced by Senator Newburn to repeal the public printing act passed at the last session of the General Assembly. Yesterday the bill passed its third reading in the General Assembly, and now the way is clear for that body to receive bids and make terms for the public printing to the best advantage of the State.

The lower House of the Legislature, on yesterday passed the Senate bill repealing an act of the last Legislature, providing that the public printing be put out by contract to the lowest bidder. As we understand it, this leaves the Legislature free to make such disposition of the printing, as it may deem to be just and wise. We have no doubt that such action will be taken as will secure the largest measure of economy compatible with the proper execution of the work. We are sure there is no intention on the part of this Legislature to use the public printing as a piece of political patronage.

At last accounts Senator Hill was opposing the Income Tax. Would it not be well for Mr. Hill to propose something? We believe he has played always in the character of an objector since he came into the Senate. Mr. Hill makes it apparent on all occasions that he is in Washington as the attorney and agent of the money power, rather than as the representative of a great and free people. Mr. Hill is making a very sorry figure in current history.

The silver men in Congress and out of it, seem to be taking heart, and are getting themselves together for the vigorous fight for the silver metal. We wish them mightily well. We think they will be forced to move into the Populist camp to fight the silver issue. We give them every hearty invitation to come right over and stand with us for the white people.

OPINIONS FROM WASHINGTON

The excitement over the silver issue is being kept up by the Populist press in the States. The Populist press in the States is being kept up by the Populist press in the States. The Populist press in the States is being kept up by the Populist press in the States.

Mr. Hill regrets his late reconciliation with the President, because of the frequent applications which are made to him to use his influence with the Senate of the White House. The President has not been heard from as to his regrets in the premises.

The Eastern papers are still hammering away to induce Congress to authorize a loan of some five hundred millions of dollars. The interest bearing debt of the United States is not nearly large enough now to suit those rascals.

It is thought that the German Emperor will soon make Count Herbert Bismarck Under Secretary for Foreign Affairs. This action would be some slight proof that erratic young monarch may, after all, come to his senses.

Having seen reference to the board of county canvassers for Nash county, made in regard to Messrs. Woodard and Bernard, which are somewhat misleading, the writer would be glad if you would allow him space in your paper to make the action of said board public, so far as Messrs. Woodard and Bernard are concerned.

When the returns from Manning's township were opened we found Claud N. Bernard credited with the vote of that township. We examined the member of the board from that township, and he stated that he was confident that the vote was cast for Claud N. Bernard, as there were no tickets in the box for Claud N. Bernard.

The following resolution was introduced by the writer in writing: "That we the board of county canvassers for Nash county, do decide that Claud N. Bernard and Claud N. Bernard are one and the same person, which was carried."

The above resolution decision was written in the abstract, adding the vote of Claud N. Bernard to Claud M. Bernard's vote.

This agreement made this 15th day of February, 1895, by and between the State of North Carolina, on the one part, and the General Assembly on the other part, and Josephus Daniels, the said Josephus Daniels does undertake and agree to do all the printing, printing, work required and allowed by law to be done, during the term of two years from the 1st day of February, 1895, by the State of North Carolina and for all the postal and charitable institutions of the State, at all the departments and sub-departments thereof, to the said printing and binding in a workmanlike manner, promptly and in good time.

The silver men are confident that upon their return here they will take the place of Messrs. Woodard and Bernard on a member of the Senate Finance Committee, to which the House bill which is reported will be referred, silver is expected to benefit by whatever he may do.

The silver men claim that this spirit is spreading and growing. They are expecting to find controlling expressions in all of the Southern States. They are declaring that what has happened in North and South Carolina, Tennessee, West Virginia and, in a measure, in Alabama, is on the cards in Kentucky and elsewhere. Mr. Blair's recent visit to North and South Carolina, Tennessee, West Virginia and, in a measure, in Alabama, is on the cards in Kentucky and elsewhere.

There are many good reasons why they should not have it. Very truly, your obedient servant, J. A. S. GOSPEL, M. D.

Mr. Frank Tisdale, advances agent for Horvick Weems Company, of New York, came in a day or two ago to give us some of his work and say "Since you did not work for me last fall I have traveled through North Carolina, South Carolina, Georgia and Alabama, but have never been able to get any work done at as low a price as yours, nor any that gave better satisfaction. I shall try and get my present company to have a big lot done here, for there is no other printing office in the whole country that can do work as cheap as yours."

We can save the State some money if they see fit to contract with us for the public printing. Mr. Tisdale has been in all the important towns in the States named, and has had work done in every one of them. We never saw Mr. Tisdale till he came to give us work. Low prices, made him our friend. BATES & BROS.

Washington, Jan. 11.—The trial of Capt. Howgate, indicted for embezzlement and forgery, committed while discharging duty of the Signal Service, has been postponed from Jan. 21 to Jan. 22.
