

THE CAUCASIAN.

CLINTON, N. C., - NOV. 21, 1889.

EVERY TOWN SHOULD HAVE THEM.

The value of the building and Loan Associations as an instrumentality in promoting the building up and progress of our cities and towns, is becoming pretty generally recognized, and the probabilities are that in a short while there will be few towns of any importance in the State which will not have one or more of them.

From Fremont, Nebraska.

I have had scrofula until it made my life a burden. I was incessantly miserable, sick, weak, sleepless, and unhappy, desiring that the short time which seemed to have been allotted to me on this earth would hasten to an end.

His Child Got Well.

Swift's Specific (S. S. S.) cured my little boy of Scrofula, from which he had suffered a long time. I had tried physicians and great quantities of other medicines without avail.

OUR LADIES' PRIZE.

All our lady subscribers and friends will be delighted at our good fortune in being able to announce that we have made clubbing arrangements with the best of all the Ladies' Magazines, viz., Godey's Lady's Book, of Philadelphia (see prospectus in another column), and we can offer all of our lady friends who subscribe for our paper, Godey's, together with THE CAUCASIAN, for \$3.00.

Contagious Blood Diseases.

Ulcers, sores, pimples, itch, salt rheum, etc., are evidences of contagious blood poison from the system by a use of B. B. B. (Botanic Blood Balm) thus enabling the sore places to heal, and thereby removing all possibility of other members of the family becoming likewise afflicted.

CONSUMPTION SURELY CURED.

TO THE EDITOR—Please inform your readers that I have a positive remedy for the above named disease. By its timely use thousands of hopeless cases have been permanently cured.

Our Farmers' Column.

SOMETHING INTERESTING TO THOSE WHO TILL THE SOIL.

"There is no material progress that is well based and permanent without agricultural progress."

Staggers.

A friend hands us the following remedy for horses with staggers: To one quart of brandy add one quart of Polk Root, boiled down strong. Give one quart of mixture at night and the remainder next morning.

Cholera.

Mr. Frank Parker, of McDowell's township, has not lost a hog this year with cholera, while many of his neighbors have lost heavily. We answer to our inquiry for his preventive (for there seems to be no cure) he said that he used a mixture of tar, spirits of turpentine, kerosene oil and sulphur and rubbed on their hair.

Does Farming Pay?

The National Economist says: We were once asked, and that very lately, when the agricultural conditions were as unfavorable as now, to name fifty men in Pasquotank county who were making money by farming, and could have named more than fifty. And we last week asked the question as to Currituck county of a Currituckian of intelligent observation and he called over a dozen scattered over the county who were making money in different branches of agriculture.

Agricultural Fairs.

Every farmer should unite himself to some agricultural society which holds an annual fair, and he should exert himself to become a useful as well as a working member. By doing so he will lift himself up to a higher level, and it will stimulate him to more carefully investigate every new step of progress made in agriculture.
