Mrs. Joe Person's Remedy

NEW ADVERTISEMENTS.

See What Mrs. Jee Person's Remedy will do for Nursing Mothers and Female Troubles. Hopewell P. O., Mecklenburg Co.,

N. C., September 4, 1888. Mrs. Joe. Person-Madam:-Four years ago I took violent cold, which resulted in Quinsy, and after suffering almost death, got relieved; but alas! the disease was in my system, and finally culminated in a womb trouble which caused me great suffering that winter and spring. I could scarcely drag around, and was often so miserable I would pray to die. I begged my husband to let me try your Remedy. He bought me one box, and it has made a perfect cure of me. It has also cured me of Indigestion, and furthermore, after the birth of five of my children I would nearly lose the use of my arms, and suffered untold agony with Rheumatism and Neuralgia. I have not been troubled with either with my last two children. I keep a bottle of the Remedy in the house all the time. My husband says it is better than a doctor. With all my other children I had great frouble with them during dentition. I can truthfully say, never did children cut teeth with so much case and as little trouble as my last two have. Whenever I see any sign of their teething, I commence taking the Remedy. It keeps my stomach and bowels regular and in a healthy condition, and seems to have the same effect on theirs. It is certainly the best Tonic I ever tried. A few doses will brace me up and make me feel like a new person. Yes, publish any part of my letter that will help your cause in the least.
