After the noon recess the Convention reassembled, whereupon Marion Butler, on behalf of the committee, as chairman, reported the following platform:

Resolved, by the Democrats of Sampson county, in the Convention assembled at Clinton, N. C., July 5th, 1890, as follows:

1. That we deplore the continuance in power of the sectional Republican party, with its train of evil consequences, which have ever marked its sway, with its partisan legislation, its ruinous financial policy, and its unjust and iniquitous tariff laws, and pledge our united efforts to drive it from power.

2. That we favor equal and exact justice to all men, and we deplore the fact that the Republican party has been, during its entire course under the control and influence of the moneyed classes of the North and always responsive to their demands, and against the interests of the great body of the people—maintaining its influence by the most barefaced fraud and bribery.

3. That we favor the free and unlimited coinage of silver.

4. That we favor the removing of the federal tax on State Bank circulation.

5. That we favor a change in the principle and amount of taxation; a change that will lower taxes not only to a revenue basis, but even lower, and make up any deficiency in revenue by a graduated income tax; in other words we demand a system of taxation that will not bear more heavily upon the poor than upon the rich, but which will be just to all our citizens.

6. That we demand that Congress shall pass such laws as shall effectually prevent the dealing in futures of all agricultural and mechanical productions; preserving a stringent system of procedure in trials as shall secure the prompt conviction, and imposing such penalties as shall secure the most perfect compliance with the law.

7. That we demand the passage of laws prohibiting the alien ownership of land, and that Congress take early steps to devise some plan to obtain all lands now owned by aliens and foreign syndicates; and that all lands now held by railroads and other corporations, in excess of

such as is actually used and needed by them, be reclaimed by the government and held for actual settlers only.

8. That Congress issue a sufficient amount of fractional paper currency to facilitate exchange through the medium of the United States mail.

9. That we favor the abolition of the National Banking system and the substitution of a better system; the establishment of a system that will take the control of the money of the country out of the hands of the few; a system that will give us an elastic and flexible currency, one that will contract and expand exactly with the annual products of the country, thereby furnishing a just and fixed measure of their value, and that the sub-Treasury bill lately introduced in both Houses of Congress comes more nearly effecting this than any other measure yet offered, and that we approve of and endorse said bill.

Mr. J. W. Underwood moved that the platform reported by the committee be adopted as the platform of the Convention. Carried.

Hon. L. T. Boykin and O. H. Allen, Esq., were endorsed by a majority of the Convention for Judge and Solicitor, respectively.

On motion the Convention adjourned.

STATE CONVENTION. North Clinton—Wm. A. Johnson, South Clinton—D. B. Nicholson.

payment of all debts, both public and private.

That we demand that Congress shall pass such laws as shall effectually prevent the dealing in futures of all agricultural and mechanical productions; preserving a stringent system of procedure in trials as shall secure the prompt conviction, and imposing such penalties as shall secure the most perfect compliance with the law.

5. Believing in the doctrine of "equal rights to all and special privileges to none," we demand that taxation, National or State, shall not be used to build up one interest or class at the expense of another. We believe that the money of the country should be kept as much as possible in the hands of the people, and hence we demand that all revenue, National, State or County, shall be limited to the necessary expenses of the government economically and honestly administered.

6. That Congress issue a sufficient amount of fractional paper currency to facilitate exchange through the medium of the United States mail.

Ex-Representative C. H. Williams was elected delegate for the county to the State Alliance, Mr. Marion Butler was elected alternate.

An application from a needy brother in lower Sampson was presented praying the County Alliance to assist him in raising a mortgage. A motion was made to contribute the amount from the Treasury, but before the motion was put the members of the body came forward and made up the amount asked for by private voluntary subscriptions.

There was much business transacted at this meeting, but the larger portion is not for publication.

This was the largest, most harmonious and enthusiastic meeting in the history of the Alliance in this county.

W. E. STEVENS, Pres. O. F. HERRING, Sec'y.

CLINTON, N. C., June 30, '90. MR. EDITOR: I notice in your last week's issue a plan proposed by G. W. W. for nominating candidates by the Democratic party of Sampson county; that is to let the voters of the various townships meet at their respective voting places on the day appointed by the County Executive committee and vote directly for the men of their choice for Legislative and county officers, and the persons receiving the highest number of votes, upon comparison, on a day appointed to meet in Clinton by the Executive Committee for that purpose, to be declared the nominee. What better, what can be fairer? This plan would bring out more to the primary. It would obviate all this logrolling, manipulating, wishwashing and packing of conventions, which is evidently done by designing men every year when elections are to be held. This plan would seek the man and not the man seek the office. Can you see any objection to it? If not, go for it, for I think it certainly better than the way it has been done heretofore. A VOTER.

Weak Women. The more sensitive nature of the female sex renders women much more susceptible than men to those numerous ills which spring from lack of harmony in the system. The nervous system gives way, sick headache is frequent, the appetite is lost, and other ailments peculiar to the sex cause great suffering. Hood's Sarsaparilla is peculiarly adapted for such cases, and has received the most gratifying praise for the relief it has afforded thousands of women whose every existence before taking it was only misery. It strengthens the nerves, cures sick headache and indigestion, purifies and vitalizes the blood, and gives regular and healthy action to every organ in the body.

For the Campaign. In many ways the coming campaign will be the most interesting one that the voters of North Carolina have seen in many years. It will be an educational campaign, and the economic questions will be largely discussed. The State Chronicle, published at Raleigh, will be in the thickest of the fight to maintain Democratic principles, and uphold those measures that will secure relief for our agricultural population. It will be sent to any address one year for the low price of \$1.25. Send money by registered letter, money order or postal note. Address THE STATE CHRONICLE, Raleigh, N. C.

Neuralgic Persons. And those troubled with nervousness resulting from overwork will be relieved by taking Hood's Sarsaparilla. Genuine has trade mark and crossed red lines on wrapper.

Warsaw Items.

(Special Correspondence.) Gentle showers have to some extent cooled off the intense heat of the past few weeks, and greatly benefited growing crops. However crops will be cut short unless more rains come in the next few days.

Mr. W. L. Carlton, "Babe," has returned home for a rest spell, and says "no more Georgia for me." He has been telegraph operator at Brunswick, Georgia, for some time, but says the heat is too much for him. Welcome home, Babe.

Much interest is being manifested here over the Congressional delegations, and we fear bad blood will be caused by the two contending factions—Grove and Grady. We would suggest a combine and allow each man his strength.

There will not be much of contest for Judicial honors, and we predict a unanimous nomination, by acclamation, of Boykin and Allen.

We are not sure of a race in the woods, on the edge of town, for several days, doing much damage to our "berry merchant" and the woods. Several hundred acres are ruined and look like barren waste.

Miss Lena Moore has returned to her home from the Oxford Seminary, where she has been taking music and the fine arts. Miss Lizzie Johnston, one of her school mates, came with her.

Miss Annie Vollers, late a teacher in the Warsaw High School, is spending her vacation in Oxford Seminary, in part, the same course that Miss Moore has taken. Misses Moore and Vollers are to be commended for taking advanced courses, and we hope that others of our young ladies will follow the example.

We are not sure of a judge, but from observations and remarks made by those present, the last entertainment given by the Warsaw Dramatic Club, was by far the best ever given. Distinctions would be invidious, when all did so well, but we cannot fail to mention of Miss Moore's fine acting in sustaining so difficult a character. The Presbyterian church, for whose benefit the entertainment was given, has asked the repetition of the play in Clinton on the night of July 10th, 1890, to further aid their work, and, if possible their request will be granted.

Dr. C. S. Boyette, obtained State license to practice dentistry, at the late meeting of the Board in Wilmington. He may be found at the Drugstore in Warsaw, where he will fill all "aching voids."

REPRESENTATIVE. "What Does It Mean?" "100 Doses One Dollar" means simply that Hood's Sarsaparilla is the most economical medicine to buy, because it gives more for the money.

ADVICE. Needing a tonic, or children that want building up, take Hood's Sarsaparilla. It is pleasant to take, cures Malaria, Indigestion, and Biliousness. All druggists keep it.
