SOMETHING INTERESTING TO THOSE WHO TILL THE SOIL

"There is no material progress that is welland had returned from New based and permanent without agreement

A rush of progress is clowd ing upon us, the old fogy must As the stage coach was crowded out by the rantoad, so will the slow ignorant farmers be crowded out by progressive farmers, who are read no neraltural papers and informing themselves. The day has gone It was estimated that in making by to do "as daddy did." The slow past with its crude methods are now left behind and in the future the farmer will be as much interested in the con mon destiny of this country as any ther of the citizens of America. Southern Farmer. What Farm & Should Raise. It is accredited to Ben. Wade, saying the farmers should raise

more cotton and less "sheel." Well they are doing their utmost to raise all of the former article of commerce and with a favorable season the prospect is now cheering. If farmers could select good and able men to represent them, men who will work in interest to repreothers who have ground down the poor toiler with an iron like grasp may have sufficient cause to know the farmer is insisting on his rights, and that justice shall be done to all, and that their oppressors can, and may have all the "sheet in theirs" that nature intended for

If we are forced to raise some

WHAT IS SCROFULA

lices ensightly lumps or swellings; which uses printial running some on the arms, i is, or feet, which developes alcors in the afneso; which is the origin of pimples, canere is growths, or the many other manifestatiens usually ascribed to "numers;" which, deploy upon the lunge, causes consumption and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

the remarkable cures it has accomplished, often when other inedicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula, be sure to try Hood's Sarsaparilla. "My daughter Mary was afflicted with scrofulous sore neck from the true she was ir months old till she became six years of age. Lumps formed in her neck, and one of them after growing to the size of a pigeon's egg, became a running sere for ever three years. We gave her Hood's Satsaparilla, when the lump and all indications of z-refula entirely disappeared, and now she seems to be a healthy child." J. S. CARLILE, Nauright, N. J.
