ENDORSEMENT.

The Farmers' Alliance of Sampson county at its meeting in Clinton on the first Friday in April 1889, endorsed the course of W. E. Stevens in the last Legislature. If you honor a man by giving him a work to do and he performs the work so well that you compliment him, is it not the custom to call on him again, when you desire a laborer? W. E. Stevens is a farmer, whatever is his interest is his interest. He is the man for Senator! We are aware of the present state of affairs, and will you not nominate a man who will carry the full strength of your party? Why not nominate for the Senate W. E. Stevens, who is the man to stop the strife and save the Democratic party from a division.

The Farmer Members of the last Legislature recognizing the ability of W. E. Stevens selected him as one of a committee of three to see that no legislation hostile to the Farmer should be enacted. He was elected by them as one of the Board of Agriculture. He is the man to represent Old Sampson in the next Senate. Rally to his support!

Blood Poison

Is very liable to follow contact of the hands or face with what is known as poison ivy, especially in hot weather or if the body is perspiring freely. The trouble may subside for a time, only to appear in aggravated powers of Hood's Sarsaparilla thoroughly eradicate every trace of poison from the blood, as the cures it has accomplished consistently show. It also cures scurvy, salt rheum and all other affections arising from impure blood.

—Mr. A. H. Merritt, of Taylor's Bridge, has been kind and thoughtful enough to remember the editor to the extent of a delicious forty-pound melon, and Mr. T. A. Hobbs, of Halls, has been equally as kind to the extent of a jug of excellent cider. If all of the 3,000 gallons he will make is as good as this, those who buy it will get the worth of their money. There is something compensating about being an editor if he can have enough such friends.

I. O. O. F.

On last Friday evening the Degree Team of Cape Fear Lodge No. 2, numbering twenty-five men, visited Clinton Lodge 124 for the purpose of exemplifying the degree work.

While here they conferred the initiatory, first, second and third degrees upon Judge E. T. Boykin and Mr. W. R. King.

After the degrees were conferred the lodge adjourned and our guest were invited to Bass' Hotel, where our lady friends had kindly prepared a splendid supper, of which all ate with great heartiness and good appetite.

The visiting brethren returned to Wilmington Saturday morning highly pleased with the welcome and entertainment they had received. We were happy to have them with us, and return them many thanks for the excellent work which they did while here.

The lady friends of the order have our sincere thanks for the beautiful manner they decorated the lodge-room and for the supper they so elegantly spread.

Our order is growing more and more popular each day; and scarcely a meeting passes but that we receive new applications for membership. Our membership will continue to increase as the merits of the order become more generally known.

Teachers' Institute.

In last week's issue we gave an account of the work of the Institute up to Wednesday night. Thursday we were not able to attend.

Friday was public day, and at 10 o'clock A. M., the large hall in the college building was filled. Prof. Joyner addressed the audience on "Public Education" in words replete with common sense arguments, answering every possible objection in a clear and forcible manner. He was followed by Mr. F. R. Cooper, of this place, who, in his usual happy style, spoke on the "Relations of the Public Schools to the Government."

Dr. B. F. Marable was then called out, who responded briefly, referring to the duties of parents and teachers. Thursday night Rev. B. F. Marable, D. D., addressed the Institute in his inimitable, original, forcible and entertaining manner. Subject: "Is Education a Polishing Process?" He condemned every system of education that is based upon the polishing idea as radically and wholly wrong. The polishing is secondary and should be incidental. There is no true education that does not have for its prime and basal idea, mental and moral growth.

Religious exercises were conducted on the different days by Rev. O. P. Meeks, Rev. J. L. Stewart, T. H. Sutton and Prof. Joyner. Misses Mary Stewart and Pochontas Britt contributed much to the interest by giving such fine music.

Friday afternoon, after some work by Prof. Joyner, votes of thanks were extended to Prof. Joyner for efficient work done; to Supt. Royal for arrangements for, and interest in the teachers; to Dr. A. Holmes, Rev. J. W. Turner, Rev. Dr. B. F. Marable, to F. R. Cooper, Esq., for their lectures; to the debaters of Tuesday night; to J. A. Oates, Jr., Secretary, for faithful work; to Miss Mary Anderson for use of piano; to the young ladies and others for music; to the ministers for conducting the opening exercises and to the editor of THE CLINTONIAN for publishing proceedings.

The County Superintendent appointed Mr. D. T. Oates and Misses Mamie Ashford and Rosa Culbreth, a committee to prepare suitable resolutions expressive of the feeling of the teachers in memory of Miss Lurde Clute, deceased. The resolutions, praising her a deservedly high tribute as a devoted and conscientious teacher and true christian woman, were read and adopted.

After short and appropriate addresses by Prof. Joyner and Superintendent Royal, the Institute came to a close with these words by Supt. Royal: "We ought to give the more earnest heed to the things which we have heard, lest at any time we should let them slip."

A Church Excursion.

There will be an excursion from Garland on the C. & F. Y. V. Railroad to Wilmington and return on Tuesday, September 24, under management of Mr. J. D. Johnson. The profits, if any, will be equally divided among the Presbyterian, Baptist and Methodist churches. Mr. Johnson has procured trusty hands to take charge of all horses left at Garland. If you will carry your own feed your horse will be fed, watered and harnessed, and ready for use as soon as the train arrives at night. The train leaves Garland at eight o'clock A. M., and arrives at nine o'clock P. M. Persons from a distance wishing to go into the neighborhood the night before will be welcome at any home in the neighborhood. Ample accommodation for the excursionists will be made and nothing will be lacking to make it the excursion of the season. The round trip ticket to Wilmington will be one dollar. Don't forget the day nor the hour of starting—next Tuesday at eight o'clock A. M.

Competitive Examination.

On Tuesday, September 2nd, 1890, at the Court-house, in Clinton, there will be a competitive examination of applicants for admission, as County Students, to the College of Agriculture and Mechanic Arts. The applicants will be restricted to section 5th, chapter 110, Laws of 1887.

THE FOLLOWING IS THE SECTION OF THE LAWS OF 1887 REFERRED TO ABOVE:

The Board of Trustees shall admit to the benefits of the said College, (A. & M.) free of any charges for tuition, upon proper evidence of good moral character and of their inability, or of the inability of their parents or guardians to pay their tuition, a certain number of youths, to be determined by them, not be less than one hundred and twenty, and shall apportion the same to the different counties applying, according to the relative number of members in the House of Representatives of North Carolina.—Ed.

Duplin Items.

A private letter from Kenansville says:

State County Institute is in session. Had a large attendance yesterday and to-day. Debates by teachers to-night. Dr. Marable gave an interesting and able talk yesterday. Prof. Joyner has given some very fine lectures. Supt. Shaw is doing a good work for the schools of Duplin.

LITTLE COHARIE.

Died, Mrs. Betsy Butler, wife of the late William Butler, on Monday of last week, aged about sixty-five years. She had been suffering with a cancer for some time.

Some weeks ago the fighting capacity of Roseboro was two hundred pounds to the square inch, but we think Parkersburg can beat that now. Sorry to hear the price on concentrated lye is rising, as we understand they use a box to the lick in fighting down there.

Mrs. Dr. F. J. Cooper is anticipating an enjoyable trip on visiting her sister in Augusta, Ga.

We are sorry to hear of the death of Mrs. L. A. Baker's child of Roseboro, aged about ten months. Died August 18th, 1890.

We are glad to know Mr. M. Bulard is going to plant his new saw mill in Roseboro, which will give three steam mills, eleven dwellings, nine stores, and five of those stores are doing good business.

LITTLE COHARIE DEMOCRAT.

LEBON.

The farmers of this section are very busy with their fodder.

Mr. George Herring has been very sick, but we are glad to state that he is better.

Miss Mollie Pridgen, of Franklin is visiting Miss Ella Parker, of this township.

Mr. R. J. Parker, we understand, will leave for Georgia this week. We hope him much success.

DITCH BRIDGE.

MINGO.

That dreadful and fatal disease diphtheria again comes on, and regardless to families takes three of Mr. John and Mary J. Hair's children without a week's warning; age eleven, nine and seven years respectively. All that could be comprised in a dutiful set of children, loving, obedient pupils, meek, devoted children, was strikingly prominent in their exemplary life. The spring birds hushed their warbling, even the great light of day seemed to grow saddened, while a large congregation of mourners followed the children to the place prepared for the living. The stricken family had the sympathy of all. H. M. W. Royal: Editor: I will give you a line or two from this vicinity.

The farmers are about through fodder.

Mr. F. A. Jackson and wife have been visiting Mr. J. D. Williams.

Little D. S. Jernigan left for his home, in Dunn, Thursday.

The Messrs. Warren have their new gin house and will be ready for work in a few days.

What is the matter that THE CLINTONIAN that we did not get to see it on last Friday? We greatly miss it when it fails to come.

Look out for the primaries. Mingo is entitled to a man. We are also anxious to get a true man for the Senate.

There will be a baptizing at Warren's mill on the second Sunday in September. There will also be services at Hickory Grove on the same day and Saturday preceding.

DISMAL.

This township is blessed with fine crops.

Mr. E. M. Hobbs is teaching a public school at Miry Branch, near this place. He had a vacation last week to attend the Institute at Clinton.

Mr. Frederick Matthis, an esteemed citizen of this township, departed this life August 15th. He was about 78 years of age. He was one who believed in a saving faith and lived a consistent member of the Baptist Church for several years. He was afflicted by a cancer.

Mr. Wade H. Butler, of Roseboro, entered Clement Model school last Monday. Mr. Allen Lee, of Johnston county, entered two weeks ago.

We are solid for a Railroad Commission.

We are very glad to see our farmers in this township so cheerful about their fine corn and cotton. We are nearly through with fodder.

We hope that there will not be a single man, who has reached the age of twenty-one, who will fail to remember the sixth day of September, and be sure to attend the primary meetings. It is the duty of every man to see that the very best men in each township are sent as delegates to the Convention. We hope the people throughout the county are as much interested in the primary meetings as the people of Dismal. The greatest interest in this section of the county is over the Senate.

STRAWBERRY.

HONEYCUTTS.

Died, Mrs. L. D. Underwood (nee Miss Bettie Howard) at her home on Saturday, the 23rd instant. She was aged about 25 years and has been prostrated for nearly a year with consumption. She was an excellent woman. The community will greatly miss her and keenly will her devoted husband, who is left alone in the world with two small children, feel the irreparable loss.

deceased, extends his sympathies to the husband and family, for he appreciates the extent of the loss.

SOUTH CLINTON.

NEWTON GROVE.

Mr. T. W. Underwood is now at the North purchasing his fall stock of goods.

Bro. C. F. R. Komegay delivered an address before Bluff Alliance at our last regular meeting replete with good Alliance common sense to the core. The good old brother told us how to "git there" in more ways than one. Stick to those who have proved a friend. Verbum sat sapienti.

PINEY GROVE.

The protracted meeting at Goshen is still in progress at 2 o'clock (Monday). Mrs. J. D. Goshen is with us. She full of faith, and the Spirit, and speaks words of wisdom and love, holding the large congregations spell-bound.

A Missionary Mass Meeting will be held at Goshen between the third and fourth Sundays of October, beginning on Wednesday.

The Farmers' Picnic last Thursday was a big success. Hon. B. F. Grady's speech was learned and entertaining. Many other good speeches were made. The occasion was greatly enjoyed.

Mrs. Carpenter, the lady evangelist, has been conducting a series of exhortations at Goshen M. E. church. Her exercises are unusually interesting, and appealed strongly to the good sense of the congregation. She has performed a good work in her labor of love for the people.

NORTH CLINTON.

Speaking of good farmers, Mr. J. H. Royal has one of the best crops we have seen this year.

Piles! Piles! Heching Piles!

SYMPTOMS—Moisture; intense itching and stinging, most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. Quarterly Conference.

Our Quarterly Conference for Clinton Circuit was held at Goshen last Saturday. We had a small turn out of official members of the Conference. The spiritual condition of the circuit was reported as not much differing from that of former reports during the year. Only one protracted meeting has been held so far this year, others are to be held very soon.

The financial report was for the quarter of about four months, \$100.20. Of this amount:

Clinton church paid, \$19.85
Goshen " 41.95
Komegay " 20.90
Johnson's " 2.90
Brownings " 2.90
Kendall's " 2.85

The Sunday School report showed six schools in good condition. This department of Church work is perhaps better managed and with greater success than usual.

Prof. J. D. Ezell was granted license to exhort.

The committee on selling the parsonage not having made a report of their work were continued to next Conference.

The Pastor was authorized to call the Board of Trustees together in Clinton at an early day to be set by him for the purpose of conferring with one another and making arrangements to buy or build a parsonage.

Brother Swindell preached three good Gospel sermons. He is a willing worker, and has endeared himself to his hearers, and his people. We all love him very much.

Rev. J. B. Barker, of Newton Grove circuit, was present on Saturday. He desires a re-arrangement of circuits, which to our mind is altogether impractical.—Christian Leader.

Eczema Cured by S. S. S.

Mrs. S. Renault, Waldo, Fla., writes the following under date of Feb. 11, 1890: "I suffered with Eczema for about two years. About this time I was advised by friends to try your Swift's Specific (S. S. S.) and I am happy to say that after using six bottles I was entirely cured, and I never lose an opportunity of recommending it to any one I find suffering from any disease of the blood."

He Profits by his Friends Experience.

"I have been troubled with pimples and blotches on my face for years, during which time I tried numbers of standard remedies, but without receiving any benefit. Profoundly by the advice and experience of a friend I commenced taking Swift's Specific (S. S. S.) and the effect it had on me overshadowed all expectations. After taking two bottles the pimples and blotches entirely disappeared, and my skin is clear and without blemish."
