

**THE CAUCASIAN.**

Entered according to Act of Congress, in the year 1890, at Clinton, N. C., as second class mail matter.

**DEMOCRATIC NOMINEES.**  
For Governor—3rd District,  
**J. H. HARRIS.**  
For Judges—6th District,  
**EDWIN T. BOYKIN.**

For Solicitor—6th District,  
**OLIVER H. ALLEN.**  
CLINTON, N. C., OCT. 9, 1890.

Alphonse Daudet, the great French author, is said to be dying.

Our excellent contemporary, the Goldsboro Daily Argus, has just entered upon its twelfth semi-annual volume.

It is said that Wilmington has sold its street car system to a northern syndicate who will soon put on electric cars.

Some of our citizens say it snowed enough to cover the roofs of houses Sunday night about 11 o'clock.—Kinston Free Press. What! Snow in Kinston in September!

Because a Republican Postmaster was appointed to succeed a Democrat at Ono Hill, N. C., the patrons of the office boycotted it. The Post Office Department in revenge has discontinued the office.

The Mormons have at last decided that one wife at a time is enough for a man. At a general conference in Utah last Monday they sent to the edict forbidding future polygamous marriages, in obedience to the law of the land.

The Messenger says the Rev. Sam Jones received \$2,000 for his services in Wilmington. The tabernacle will stand, and the great evangelist will return a year hence and feed the "goats and giraffes" in Wilmington again.

The celebrated Dupont Powder Mills at Wilmington, Delaware, were blown up Tuesday. Twelve men were killed and many houses wrecked. The shock was felt in Philadelphia 35 miles away.

The Radical party pledged itself to the people that if it got both Houses of Congress, it would repeal the Internal Revenue. But Congress has adjourned and it has done nothing of the kind. It has simply reduced the tax from 8 cents per lb. to 6 cents, at the same time making up for it a hundred times by increased taxes in the tariff bill.

The Meteorological Division of the Experiment Station in Bulletin 724 gives a list of the destructive tornadoes occurring in North Carolina for the sixty-five years from 1826 to 1890. The total number recorded is eighty-four. The greatest number in any one year was fifteen in 1884. The month of greatest frequency was April, fifteen occurring in that month. The greatest number recorded in a single day of the various years was seven, occurring on February 19th. The prevailing direction of storm movement has been northeast. From past experiences we may expect tornadoes and storms to occur more generally in the central portion of the State, in the month of April, and between three and five o'clock p. m. During the past twelve years, however, storms and tornadoes have occurred every year and in every month. A comforting reflection.

Recent dispatches state that England claims that the McKinley bill has been passed "with the avowed purpose of coercing Canada into separating from the British Empire and joining the United States. It is, therefore, in its nature an act of war on the British Empire to bring about its dismemberment." Col. Vincent, the noted advance agent of protection for British industry, says in substance that Great Britain cannot longer afford to throw her markets open to countries which place an embargo on British productions. Other European countries say they will be forced to retaliate upon the United States by discriminating against its products. Such is the result of Republican iniquity.

ly. The McKinley tariff bill is a national disgrace and the people can not afford to allow a party that perpetrates such outrages upon them to remain in power. Such a party is only "fit for a dunce and a spoils."

**AS DEMOCRATS SHOULD DO.**  
The Charleston News and Courier, after waging a bitter personal war on Tillman for months, is pleased to say, now that the nominations are made:

"Captain Tillman is the duly accredited standard bearer of the party, and he will be the next Governor of South Carolina. The News and Courier will watch his public career with interest. While censuring him where censure is just, and criticizing his words and acts when they deserve to be criticised, it will not withhold from him the approval they shall honestly deserve. His official acts will be squared by his public prominence, and his administration will be judged by itself."

**"A GOOD SELECTION."**

Brother Blount, the gifted editor of the Wilson Mirror, has made thousands of men wish that they were as good and deserving as his big heart believes them to be. He has the following to say with reference to us and the Sampson Democracy:

Marion Butler, the accomplished editor of THE CLINTON CAUCASIAN, has been nominated for the Senate by the Democratic County Convention of Sampson county. Bro. Butler is a gentleman of broad culture and fine sense, and will make a useful and brilliant member, and reflect credit upon the noble county that has so worthily and conscientiously honored him.

**Alliance Department.**

**ALLIANCE NOTES, DISCUSSIONS AND THE DOINGS OF THE VARIOUS LODGES.**

State Business Agent W. H. Worth in a letter to the Alliances of the State says: "I hope no Alliance man will go back to the use of jute bagging this season, and cause us to have to fight over the jute trust again next year. We are assured that by next season we can have manufactured from our own cotton stalk fiber plenty of bagging equally as heavy and good or better than jute and at a less cost, but if the brethren go back to the use of jute, it may hinder or cause parties to hold back from putting up manufacturing establishments in our own State."

The members of the Alliance as a matter of principle as well as self-protection can not afford to use jute bagging at any price.

**SAMPSON COUNTY ALLIANCE.**  
The Sampson county Farmer Alliance was called to order in regularly quarterly session by President W. K. Pigford on Friday Oct. 3rd 1890 at 10:30 a. m. Prayer by Rev. J. O. Tew, Chaplain. Minutes of last meeting read and approved.

The following resolutions were offered, adopted by the Alliance:  
Resolved, That the County Alliance pay W. J. Faircloth the sum of \$5.00 for services for the year 1890.

Whereas various slanderous reports have been circulated with reference to character and good name of Pres. L. L. Pigford and chairman C. W. Macune.  
Resolved, That we have the utmost confidence in the integrity of brethren Pigford and Macune and we denounce those who slander them.

Resolved, That the Sampson County Farmer Alliance re-commend the brotherhood to use no jute bagging.  
Much other business was transacted.

W. K. PIGFORD, Pres.  
O. F. HERRING, Sec'y.

J. H. Young, a negro politician of Raleigh, has been appointed collector of the port at Wilmington, to succeed the late Capt. E. J. Penney-packer. The Messenger says:

"The news of Young's appointment has created much surprise and dissatisfaction among the leading Republicans of both races in Wilmington."

Later—it is reported that Young's confirmation has been defeated and that Deputy Collector Taylor, a Wilmington negro, has been appointed.

**The Great Benefit.**  
Which people in run down state of health derive from Hood's Sarsaparilla, conclusively proves that this medicine "makes the weak strong." It does not act like a stimulant, imparting fictitious strength, but Hood's Sarsaparilla builds up in a perfectly natural way all the weakened parts, purifies the blood, and assists to healthy action those important organs, the kidneys and liver.

**A WHALE AT MOREHEAD CITY.**

A whale was entangled in a large fish net at Morehead City last Friday night. The net would not pull in and the fishermen didn't know what to make of it. After awhile the net became slack and they pulled a lot of it until they saw what at first they thought was a log; then they thought it was an immense shark. When it got near, all of a sudden it raised up above the water about eight feet and they saw it was a large whale. The fishermen were badly frightened, and a rope, connected with the net, became fastened around the ankle of Mr. Walter Guthrie. He caught hold of the boat, and the rope slipped off, only taking off the skin from his ankle. It was a close shave. The whale went off to sea, taking along part of the net.

It is supposed the whale was enclosed in the large net while asleep.—Kinston Free Press.

**ADVERTISEMENTS.**

**Dyspepsia**  
Makes the lives of many people miserable, and often leads to self-destruction. Distress after eating, sour stomach, sick headache, heartburn, loss of appetite, faint, "all gone" feeling, bad taste, coated tongue, and irregularity of the bowels, are some of the more common symptoms. Dyspepsia does not get well of itself. It requires careful, persistent attention, and a remedy like Hood's Sarsaparilla, which acts gently, yet surely and efficiently. It tones the stomach and other organs, regulates the digestion, creates a good appetite, and by thus overcoming the local symptoms removes the symptoms of the disease, banishes the headache, and refreshes the tired mind.

"I have been troubled with dyspepsia. I had lost my appetite, and what I did eat distressed me, or did me little good. In an hour after eating I would experience a faintness, or tired, or faint feeling, as though I had not eaten anything. My trouble, I think, was aggravated by my business, which is that of a painter, and from being more or less shut up in a room with fresh paint. Last spring I took Hood's Sarsaparilla—took three bottles. It did me an immense amount of good. It gave me an appetite, and my food rich and satisfied the craving I had previously experienced." GEORGE A. PAGE, Watertown, Mass.
