THE RAILROADS.

Why We Need a Commission to Make Them Tote Fair in this State.

The Rev. Sam Jones in his sermon on last Thursday in the Tabernacle at Wilmington paid his respect to lordly Railroads and their unjust rates.

"I am free to say I don't believe the railroads are totting fair with your people; it is one fare for the round trip to Raleigh fair; down here it is four cents; that is not totting fair.

"The inter-state prevents." The tariff association, that inter-state business is nothing more or less than subterfuge of a people who don't want to do something they ought; and when you go home, talk about this thing; send men to the Legislature who will put the passenger tariff down at two cents a mile, just where it ought to be, and then you can afford to go along like a white man; you ain't begging.

"I know railroads just like everybody else in this world need friends, and the way to have friends is to show yourself friendly. Put the fare down to a dog fight, or a base ball game or a fair, and then make the people of the State pay a large per cent. more to attend these meetings. I am for right every time. God knows I have nothing against railroads personally, it is just a question of right that is all.

"The tariff bill is a law. Bigger Profits for the Capitalists, Smaller Revenue for the Government, and Higher prices to be paid by the poor man.

In the last Congress the Democrats presented and passed through the house a tariff bill that lowered the tax on the necessities of life, but a Radical Senate killed the bill. The Radicals controlling both Houses of the Congress that has just adjourned, inspired and aided by Satan himself, have concocted the most unjust and infamous piece of taxation in the McKinley bill ever known in history of this country.

"Now you think over these things; at last, my countrymen, as I have said just now, the vox populi of this country is the ruling power; and the bird that can sing and won't sing, ought to be made to sing. I hope you reporters will get that just as I said it. I have been preaching at Durham and Charlotte and different places in this State, and not less than \$50,000 will be paid by people coming to these meetings. There won't be less than twenty-five thousand people coming in from first to last, and they won't average less than \$2.00. Now you think of that some. They pay \$50,000 railroad fare and then tug and twist, and we have about \$800 up to this writing to pay for the tabernacle; that is a joke. If you just loved the tabernacle like you love the railroads! But there is this difference: The railroad makes you pay before you get on, and we let you ride along some and trust to your honor. (Laughter.)

"How is this? We offer One Hundred Dollars Reward for any cure of Catarrh that cannot be cured by taking Hall's Catarrh Cure. F. J. CHENEY & CO., Props., Toledo, O.

"The undersigned, have known F. J. Cheney for the last 16 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligation made by them. WEST & TRUAX, Wholesale Druggists, Toledo, O.

"WALDING, KINMAN & MARVIN, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Price 75c. per bottle. Sold by all Druggists.

"The Great Majority Of cases of scrofula and other blood diseases are hereditary, and therefore difficult to cure. But we wish to state in the most positive, emphatic manner that Hood's Sarsaparilla does cure scrofula in every form. The most severe cases, too terrible for description, have yielded to this medicine when all others failed. If you suffer from impure blood in any way, take Hood's Sarsaparilla.

"A poor country editor and his wife were awakened one night by a noise at their window. 'Just think,' said the wife, with a subdued laugh, 'of a burglar coming here expecting to find something!'

"Hush," whispered the editor. 'Let him climb in, then I will give a yell and it may cause him to drop something he has stolen elsewhere.' Hope fingers in the direst poverty. - Moberly (Mo.) Republic.

TRUNK LINE OF GLORY.

(Rev. Sam Jones.) Here is a grand old trunk line of glory.

The first station that we walk up to is "Conviction." I thought I would die before the train left; I never had such feelings since the Lord made me. I got on the train at "Conviction." The train moved on by and by, and I thought I would die every round of the wheels; the first stop was "Conversion." I said, Glory to God, this is the grandest place I have ever been in. I would be willing just to get off here and stop forever; but the bell rang, and the train moved on, and directly the porter called out, "The next station is "Obedience." And we stopped up there and I said, I never have seen such willing workers since the Lord made me; everybody doing and everybody doing their best; by and by the train moved on again; the porter called out, "The next station is "Brotherly Love," when I got there I said, I never saw people love each other like they do in this grand place; and directly the train moved on, and just before we got into another station, the porter poked his head in the car and said, "The next place is Generosity," and they commenced piling out of the windows and doors; one big old fellow sat by my side and said, "I worked mighty hard for what I've got and I ain't going to give it away." And he jumped out of the window and the bones were ten feet thick along there on the track, and they said they would die before they would give away what they had. When the train pulled out from that town there wasn't but one fellow in the car with me; as soon as you pass that station you just have the whole car to yourself. (Laughter.) The next station we ran up to was "Complete Consecration," and then I heard them singing "Yes oh yes, all I have is the Lord's; oh praise Him forever." My heart, my hands, my feet, my dollars my blood, my all belongs to God and I am going to stick to this train; God helping me I will never get off the train. Some of these days the engine will blow its signal for the pearly gates and when she runs up to the grand central station I will alight, and tell mother and father and loved ones "How do you do?" and say, "We have said 'good bye' forever."

"I am free to say I don't believe the railroads are totting fair with your people; it is one fare for the round trip to Raleigh fair; down here it is four cents; that is not totting fair. A railroad has got no soul to be damned, and no back to be cowarded, it is a hard matter to get even with them, but I will tell you, in the various places in this State best people come to these meetings, and if you want to regulate this thing, you elect men to your Legislature that will have a commission to put the railroad fare down to two cents where it ought to be, then you will be independent. Will tell you, the "vox populi" - as one of our candidates said, "Who is vox populi anyhow? I have got two letters from him." Vox populi is the biggest fellow in this country, no doubt about that, and you can ask one of these officials why he won't give you the same rates. "Oh," he says, "the traffic association controls that." He can fool you with that, but he can't me. That is like this inter-state business; whenever they want to do anything they go along and do it, and whenever they don't they say, "The inter-state prevents."

"The inter-state prevents." The tariff association, that inter-state business is nothing more or less than subterfuge of a people who don't want to do something they ought; and when you go home, talk about this thing; send men to the Legislature who will put the passenger tariff down at two cents a mile, just where it ought to be, and then you can afford to go along like a white man; you ain't begging.
