LOCALS.

There is some complaint of scarcity of labor by our farmers.

The farmers are buying vast quantities of fertilizers. The supply is not equal to the demand.

Mr. J. E. Britt, of New-on Grove township, has in our office on exhibit eight ears of corn that grew from one stem.

Mr. John D. Kerr, of Franklin township, has moved his family to his father-in-law's, Mr. L. C. Hubbard, of this town.

Our truck farmers are planting largely in Irish potatoes and strawberries. We hope their profits will fully meet their expectations.

We learn that Miss Annie Giddens will open a Millinery Establishment in town about the first of April. She will occupy the store now occupied by Mr. H. B. Giddens, next door to W. A. Johnson's.

The great amount of rain we have had for several weeks has retarded farming operations some, but with the bright and beautiful weather we now have, our industrious farmers will soon catch up and be on time.

During the warm weather of the past few weeks vegetation put out very rapidly, especially peach and pear blossoms, and we fear that we will again be deprived of this excellent fruit owing to the change in the weather.

The Public Printing question aroused some discussion among the people of the State. See full statement of the facts on our first page, written by the editor of this paper, who is in Raleigh and a member of the Legislature, who therefore knows the true inwardness of the whole matter.

We sympathize with the family of Mr. and Mrs. Dock Butler in the loss of their little girl, who was burned so severely that she died on Tuesday last and was buried on yesterday, near Clinton. Mr. Butler, in trying to rescue the child, was burned severely. His hands are in a precarious condition.

T. H. Pritchard, D. D., of Wilmington, will deliver his celebrated lecture on Naples Vesuvius and Pompeii, at Atkins' Hall, on next Monday night, March 9th. Dr. Pritchard is a prominent pastor and an eloquent speaker. He speaks from a personal visit to the thrilling scene he describes. Admission to lecture 15 cents; 10 cents for children. No reserved seats. Doors open at 7:30. Lecture begins at 8 P. M.

The Lambertson Robesonian of February 25th says: Mr. M. E. Hobbs already finds the National Hotel too small for his patronage, and is adding several more bed rooms. We note with real pleasure this substantial evidence of the popularity of the new hotel.

Mr. Hobbs is a native of this county and was at one time a resident of this place. THE CAUCASIAN is glad to note his success as a hotelier in Lumberton.

F. T. Atkins' horse, Bob Lee, sire Abdallah Chief, dam Maggie Wilkes. Beatty Matthis' horse, Cleveland, sire Abdallah Chief, dam Nellie Washington.

By some unknown cause our local for last week's issue on the sermon of Rev. Mr. Hoffman, of Morganton, who preached in St. Paul's Episcopal church on the preceding Monday night, failed to reach our printers. Mr. Hoffman preached a most excellent sermon, explaining lucidly the object and duties of the Lenten season. His manner is impressive and earnest in the channel, socially, genial and attractive. His first visit gave so much pleasure we hope to be able to extend our acquaintance.

N. C. Truckers' Association. The annual meeting of the Eastern North Carolina Truckers' Association will be held in Mount Olive on next Tuesday, the 10th instant. All those interested should be sure to attend. The meeting at Clinton did much good and this one can be conducive of much profit to the Truckers if they will meet and consult with each other.

BEN TERRELL.

A Brief Extract from the National F. A. I. U.'s Lecture on Monday.

The town was full of farmers Monday. They came to hear Mr. Ben Terrell, the Alliance Orator, and they did not come in vain, for his speech was one of the finest presentations of Alliance principles and the people's wrongs that has ever been heard in these parts. All who heard him were charmed with his speech and also with the man. He inculcated kindly feelings toward all classes, and said no organization can accomplish good by arraying one class against another; that "prejudices are hurtful and must if possible be avoided."

Democrats and Republicans cannot unite but the great brotherhood known as the Alliance, of every section, can and will unite. Organization is going on now, more rapidly than ever. This means the redemption of the farmer. Some call it a secret organization - a dark lantern affair. The truth is that it is a fraternal order, bound together by the strongest of obligations, and the secret work is designed as a means of recognition.

In referring to education he said "knowledge is power," and you must be informed or you cannot succeed. There never was a time in the history of this country when we had such need to study well the policies of the Government and their effects upon the different classes of the country. In speaking of the demands of the Alliance he said the rights of all should be respected. Wisdom should guide and conservatism walk by her side. Our National Alliance should be composed of the best men, who know the wants of our people, and their demands must be sustained at the ballot box. We have as much right to ask for legislation in favor of our business as other people. He said the way to send good men to the National Alliance was, to sub-Alliances to discuss the matters before them and each sub-Alliance send its best man to the County Alliance, then let the County Alliance discuss the matters in question and send its best man to the State Alliance. Let the State Alliance, after amply examining into a discussion matters before it, select its best man and send him to the National Alliance. Then our national body will be composed of men as any people may be proud of.

The alien ownership of land was ably discussed and in conclusion of this matter he introduced some startling figures, showing that in fee simple, and in railroad lands, and in farm mortgages, that aliens own 261,978,600 acres of the lands of our country. He said the total number of acres owned by aliens and corporations is 543,073,200. Unless something is speedily done, this glorious land of Liberty, once ours, will soon be controlled by foreign and alien corporations. The demand regarding the railroads was so ably handled that we feel certain no one who heard it is unconvinced to this theory. The demand for financial reform, embodied in the Sub-treasury plan was dwelt upon at considerable length. His arguments were almost inexhaustible, and we wish space would allow us to reproduce them.

IN MEMORIAM. First ten lines free, 5 cents each of advertising rates for each subsequent line, counting 10 words to the line. SALLIE LEVINA BELL. Died, February 26th, 1891, Sallie Levina Bell, the little babe of Rev. J. W. Bell and Mary C. Bell, his wife, aged 11 months and 10 days. The cause of her death, it is supposed, to be a bill from a spider.

Can it be her spirit's led - Is she numbered with the dead? O yes, though mourning hold her in her bed; Papa and friends around her sat, While the Doctor came in haste, And did his best to save her little form from death.

But all in vain. The angel Jesus sent still claimed her for his own. "Suffer little children to come unto me and forbid them not for of such is the kingdom of God." A FRIEND.

Save Money and Suffering.

One feature of the thousands of testimonials that have been given in behalf of S. S. S. is remarkable. In numbers of instances it is related that a great deal of time and money have been spent in vain effort to secure relief from diseases in the usual way. A knowledge of the virtues of Swift's Specific would have saved the time and the money, to say nothing of the prevention of the suffering. There need be no such mistakes made now. The great blood purifier is for sale by druggists everywhere, and the S. S. S. Company in Atlanta will send to any address their treatise on Blood and Skin Diseases free, and a pamphlet containing a few of the thousands of testimonials they have received from those who have experienced the benefits of this wonderful medicine.
