TO THE PUBLIC! I represent to you a matter of fact. I have been practicing on the eye as an Ophthalmic Optician since 1874.

My success can be found at my office, in the record of references. I have no charge for examining the eye. If your eyes are normal I recommend nothing. If they require the Brazilian Pebbles I will not give you a window glass. My examination of the eye is with two instruments of my own invention, one invented at San Francisco, California, in 1886, and the other completed on the 18th of April, 1891, at Philadelphia, on August 9, 1890.

The last work on this instrument was done in April, 1891, by J. W. Dewees of Seventh and Filbert Streets. The nickle plating was done in April, 1891, by F. P. Walker of 33, North 7th St., Philadelphia. The instrument is the only of the kind in existence and can be seen in my office at the Murphy House. With this instrument I can examine the eye and diagnose all its defects, which can be remedied by a lens. I have worked this last instrument twelve years before I completed it. An opportunity like this I cannot have had every day.

Very truly yours, DR. D. S. HARMON, Clinton, N. C. Main office, 86, Nassau Street, New York.

Postoffice Regulations. Hereafter the following regulations will be enforced at the Clinton office: No Money Orders nor Postal Notes will be issued before 9 A. M. on Thursdays; nor on any day after 5 P. M. Mails will be closed promptly at 8 A. M. and 3 P. M.

C. WARD, Postmaster. BE QUICK IF YOU NEED GLASSES. Dr. D. Harmon, the Optician, may positively leave on Wednesday, May 12th. Can't stay longer. Come at once if you need Glasses.

—The pleas made for foreign missions in the Presbyterian Church on last Friday, by Rev. Colin Shaw, of Magnolia, and Dr. P. H. Hogue, of Wilmington, were earnest, able and instructive.

—A drake and a white man were discussing the liquor question the other day, when the white man said the way to stop the thing is to make more and take the tax off. The drake, with the air of a philosopher, said, "Boss, dat's like piecin' a dog's tail to make it shorter."

The town election Monday was the quietest ever seen in these parts. There was no interest and therefore a very light vote. The old officers were all re-elected, but Mr. J. E. Royal, who refused to serve any longer. Mr. D. M. Partrick was elected a commissioner in his stead.

At a meeting of the Vestry of St. Paul's Episcopal Church the following were appointed to the Council at New Bern on May 20th: Delegates, Dr. A. Holmes, J. A. Ferrell and W. G. Hubbard. Alternates, T. M. Ferrell, D. M. Partrick and T. H. Partrick.

Please remember that all obituaries and resolutions of respect will be charged if longer than ten lines or sixty words. That is the first 10 lines will be published free and each additional line (six words) will cost 5 cents. When Masonic, Alliance or other lodges send in obituaries they will be charged the same rate.

—Mrs. Murray, of Warsaw, has raised over one hundred thousand strawberry plants from her new variety, the Murray Seedling, on about a quarter of an acre. She shipped with the first of Warsaw, and got the highest price of any one. It is generally conceded that her berry stands at the head of the list. People go in daily to look at them.

The way to make advertising pay is to treat customers in such fashion that a second visit will result. The first returns from an advertisement by no means pays expenses, but if the visitor is converted into a permanent customer, then it is that the value of this means of making known one's business becomes apparent.—J. H. Cowperthwait.

—"Mother Juster told me that she heard Greatwood's wife say that Jno Hardstone's aunt mentioned to her that Mrs. Trusty was present when the widow Parkman said Capt. Hartwell's cousin thought Ensign Doolittle's sister believed that old Miss orley reckoned that Sam Trifle's better half had told Mrs Spaulding that she heard John Brimmer's woman say that her mother told her that she heard her father say that Mrs. Gardin has two husbands." How will that do for a sample?

—"You have taken a severe cold," said the old family doctor, "and it seems to have settled in your throat." "Yes, doctor, you see I can hardly speak," said the patient, one of the town's worst gossipers.

"Can you stand heroic treatment; do you think?" asked the doctor. "Try me."

"Are you sure?" "Yes, anything you like; medicine, mustard plaster, electricity, anything!" she said in a breath.

"And you want to get back your voice?" "Yes!" "It is heroic treatment, mind you."

"All right—what is it?" "You mustn't talk about your neighbors or anyone else at all for two days."

—Well ye gossipers, ye loathsome and dreaded contaminations, how are you getting along? You have had two fresh subjects for the past week, so we suppose you are happy. Last week we promised you a scientific and never failing recipe by which to manufacture your scandal. Well, here it is:—

Take a grain of falsehood, a handful of runabout, the same quantity of nimble-tongue, a sprig of the herb backbite, a teaspoonful of don't-you-tell-it, six drops of malice, and a few drachms of envy. Add a little discomfit and jealousy, and strain through a bag of misconstruction, cork it up in a bottle of malevolence, and hang it up on a skein of street yarn; keep it in a hot atmosphere; shake it occasionally for a few days, and it will be fit for use. Let a few drops be taken before walking out, and the desired result will follow.

A telegram was received here last Saturday that His Honor Judge Boykin was quite sick in Raleigh. Messrs. H. E. Faison and J. S. Bizzell went up Saturday to see him. We are pleased to state that upon their return they report that the Judge is improving, though will not be able to hold Chatham court. Gov. Holt has appointed Judge McIver to hold the court in his stead.

Advisory Pension Board. The Pension Law makes the County Commissioners, the Sheriff and Clerk of each county a Board of Pensions. It also provides for an Advisory Pension Board of five citizens. The following names have been recommended for appointment: Messrs. D. R. Watson, V. J. McArthur, M. C. Richardson, W. M. Draughon and Dr. R. H. Holliday.

Prof. Alderman Lectures To-Night. Notice was given last week that Prof. Alderman would deliver his charming lecture, "North Carolina, Her Manners and Customs one Hundred Years Ago," on Friday night, but he is compelled to leave on Friday, so he will deliver the lecture to-night. Don't fail to hear him.

Entitled to the Best. All are entitled to the best that their money will buy, so every family should have, at once, a bottle of the best family remedy, Syrup of Figs, to cleanse the system when constipated or bilious. For sale in 50 cents and \$1.00 bottles by all leading druggists.

THE TEACHERS' INSTITUTE.

The Teachers Delighted With Professor Alderman and His Timely and Helpful Suggestions.

The majority of the Teachers' Institute formerly held in this county have not been popular, for the teachers complained that they did not get value received for their time. Not so this week. They are delighted—they see that they are being greatly benefited. Every one feels "hes" if absent a single hour.

Prof. Alderman is bright, original, impressive and entertaining. He chains the attention and makes the minds before him think. The following is only a skeleton outline of the week's work:

I. The Teacher.—His Preparation, (1) Daily; (2) General; (3) Professional; (4) Social and Moral.

II. How to Organize.—(1) Attendance; (2) School Room; (3) Text Books; (4) Classification; (5) Programme, etc.

III. How to Govern.—(1) Punishment; (2) Discipline.

IV. How to Teach.—Methods in (1) Reading; (2) Arithmetic; (3) Language; (4) History; (5) Geography.

V. Public Education.—(1) Reasons for; (2) Necessity of; (3) How to get it.

From the above those who were not present can get only a meager idea of the ground covered and the wealth of wholesome and necessary instruction imparted. Those who did not come have lost a big opportunity as those who were present will testify. The lectures arranged for each night were designed for pleasant recreation as well as for wholesome instruction. Rev. O. P. Meek's lecture on Monday night on Moral Education was valuable and timely. Prof. Alderman will deliver his beautiful lecture to night.

Personals. Miss Mittie Herring is visiting the Misses Bizzell.

Mr. Judd Carroll, of Raleigh, was on our streets yesterday.

Mrs. M. A. Anderson, leaves this morning for Bingham's School.

Mr. W. R. K. Slocumb paid his friends here a flying visit this week. Misses Minnie Bayner and Bettie Westbrook are visiting at Mr. J. E. Royal's.

Mr. G. W. Brit, civil engineer for the W. & W. railroad, spent Sunday in town.

Mr. Robert Boykin, one of Wilson's leading merchants, was in town last week on business.

Rev. J. W. Turner, who went to Virginia to attend the funeral of his father has returned.

Hon. W. H. Kitchen, State Bank Examiner, was in town yesterday examining the bank here.

G. W. Highsmith, of Halls, and J. E. Boyette, of Piney Grove, are attending the U. S. District Court as Jurors this week.

Mr. M. J. Herring, one of M. Hanstein's popular clerks, was taken quite sick last Thursday. We are glad to see him up and able to be at his post again.

Mr. W. S. Thompson, of the law firm of Littlejohn & Thom on, of Cordele, Ga., was in town last week attending court. His many friends were glad to see him. This popular man should have appeared in last week's issue, but what is the use of an editor having friends if he can't forget to put their names in the paper.

Dealing in Produce a Big Industry. The New England Farmer says: Among the most important of the staple industries in Boston is that of dealing in produce which has reached very large proportions, with immense capital invested. The produce merchants now form a very important and influential part of the business community. In the front rank of the produce commission merchants of Boston stands the firm of Stimpson, Littlefield & Co., being composed of W. H. Stimpson, Littlefield, located at 30 North Market and 30 Clinton streets. Their experience in this line of business aggregates over 35 years. Their location is one of the best on the market, particularly for the display and sale of berries, peaches, fruits and Southern truck.

All Through Sampson.

What Sampsonians are Doing and Saying.

Send us the news from your township for this column. Every subscriber to this paper has a right and is requested to contribute items of news in "his" neighborhood for this column. We will not publish your name unless you desire it.

NEWTON GROVE. Died, on 30th of April, '91, Mr. James Britt, Sr., aged 78 years. He was a consistent member of the Discipline Church. Raised ten children, eight of whom survive him. He was a good citizen and leaves a record without blemish.

TURKEY. Travis Register an old man, 73 years of age, walked to Turkey, bought a turpentine barrel carried it on his shoulder six miles to fill it with turpentine. We suppose he will roll it up to market when tall.

FRANKLIN. Died, on Monday, 13th day of April, Mrs. Nancy Chesnut, in her eightieth year with pneumonia. Her funeral was preached by Rev. Wash Melvin.

NORTH CLINTON. Mr. John Laue, who was recently bit by a mad dog, is threatened with hydrophobia.

LATER.—It is not hydrophobia, but gossip, which is nearly as bad. He is simply suffering with a boil on his arm.

MINGO. We find some frost this morning. The farmers can't tell whether any damage is done yet or not. Some farmers are chopping cotton. There is a right good stand this year.

LISBON. The Union Meeting of the South River Association will be held at Goshen on the 5th Sunday in May.

DURLIN COUNTY. Warsaw Notes. (Special Correspondent.) May 5th, 1891.

The Carpenter closed on Thursday night. Thirty-six joined the church and others will connect themselves with the other churches.

The Messrs. Westbrook shipped over one hundred and sixty crates of strawberries on Monday, and from other sources enough were sent northward to increase the number to nearly five hundred.

Thanks to a friend for the first huckleberries of the season. Warsaw always takes the lead in this specialty.

Rain is badly needed to bring up the late cotton, which has already lain in the ground much too long to make our farmers sanguine.

Our town election passed off so very quiet that some of our citizens did not think to vote. Mayor Carroll retains his office and Messrs. J. Brown, W. P. Kennedy, R. W. Boyette, H. L. Stevens and H. G. Owens are the new Commissioners.

Correspondent. Faison Items. (Special Correspondent.) Over 1,000 crates of strawberries were shipped from here on last Saturday and Monday. The crop is paying now, but when prices get so low we can't ship them we will need a canning factory.

A Cloud of Witnesses. We know of no medicine that has so many testimonials to its efficiency as S. S. S., the great blood purifier. Many of the best known people in the country testify to the marvelous results it has wrought in the various forms of disease for which it is recommended. The testimonials come not alone from persons who have relieved of their sufferings by S. S. S., but from people who have witnessed the effects of the medicine.

Practicing physicians, druggists, pharmacists, in fact, all who have had an opportunity of observing the cures brought about by this great blood remedy—bear willing testimony to its efficacy. In its field, which is a wide one, covering some of the most serious ailments of humanity, S. S. S. has no rival.
