not is condemned, because he hath not believed on the only begotten son of God?" Yes, this is part of a paragraph. The next sentence is usually omitted, which is the sentence that qualifies and explains this belief. "Is condemned shready," says the Word. "And this is the condemnation, that light is come fato the world, and men loved darkness mather than light, because their deeds were evil." That is to say, the only condemnation which Jesus Christ lays against the race is that man, knowing the truth and the right, chooses the the army, for the navy, to support half wrong, chooses the evil, chooses the a million soldiers who are keeping Podarkness, because his deeds are evil. land down. Jesus taught distinctly and clearly the great truth, that upon the will of man depends the question of his salvation or abundant. The farmers drew their condemnation. "Ye will not come unto grain to the lines of railroad nearest to me that ye may have life," says the them and in this way disposed of 300,000 Christ. He also declared that he will tens of grain; but the carelessness and burn up the chaff with unquenchable apathy of the government leave these fire. Here we find the real doctrine of future punishment as taught by Christ. are starving. These two sentences from his lips give us the key to every statement he makes upon the subject that we have on record. Judged thus from the lins of Jesus.

hell is the gulf of irredeemable evil, the furnace of the eternities in which the worthless chaff or waste of creation is consumed. It is therefore not a dogma koff, a verse of which we quote: of revealed religion. It is a scientific fact which confronts revealed religion. the saddest, sternest fact of a universe measured by the methods of inductive science and philosophy.

CONVERGING LINES.

Man has a dual nature. Man has bound up within himself the possibilities of two destinies. He may rise or ment can live? It is as certainly doemed fall. He may return to the brute or to die as that the voice of nature through climb up to God. He can descend, under all the ages has proclaimed the truth, as the law of reversion to type, crawl upon the earth; or he can rise by the higher law of his nature through that new element introduced which is of the very breath and heart of God. To man is giver the power to choose which of these destinies shall be his own. Upon his will hinges the question of right or and man's life take hold upon the wrong, good or evil, darkness or light, Law is eternal. Hell is the penalty of hell or heaven; and the choice of evil is a necessary postulate of his very nature. Science has confirmed not destroyed this

"The Boldest, Ablest and most Original Magazine in America."-Jewish Times and Observer.

THE ARERA for 1892 will eclipse its previous brilliant record in the strength and ability of its contributions As in the past, it will continue to be the most aggressive, fearless and outspoken review of the age. All great living issues will be fully, freely and impartially discussed by the foremost thinkers of our day. Great wrongs and growing evils will be unmasked without fear or favor, while the root promblems underlying civilization will be more fully discussed than in the pages of any other review.
