MINCO.

Bradley Denning, of McKoy, in this county, is taking a Business Course at the National Pen Art Hall and Business College, Delaware, Ohio. He reports very favorably of the school.

Mr. Lewis Jennings, died last week with pneumonia. He was about 70 years old.

Last Tuesday and Friday night we had heavy rain and hail. Some of the largest we ever saw, some 1 1/2 inches in diameter. At some places the stones are reported as having been as large as hen's eggs. Through the edge of Cumberland, Harnett and Johnston counties the hail was so heavy and thick that it beat the boughs of the trees.

Mingo Union met at Spring Hill on the 6th inst. It adopted resolutions endorsing the St. Louis Platform, and others of importance, which will not be made public. It recommended to the County and State Alliance to establish some uniform plan for raising funds for the purpose of aiding those who meet with losses.

We hope our friends will be on hand at the primaries. This is very important for every one interested in good government. It is necessary for those asking for relief. Come out friends!

WESTBROOK'S.

The whole community was shocked by the sudden death of Mr. Geo. McLamb, who passed off the stage of action on the 29th inst. Mr. McLamb had been in feeble health for some time, but was thought to be improving at the time of his death. He ate a hearty supper the night of his death. He leaves a wife and family and a host of relatives and friends to mourn their loss. Uncle George, as he was generally called by the people who knew him, was industrious, energetic and peaceful. The record which he has left will be long remembered as one of piety, nobleness of heart and christian charity. On the evening of the 28th inst. his funeral was held at the residence of the deceased. After which his remains were conveyed to the family grave-yard, where he was placed to remain until the great resurrection day. Lives of great men all remind us, We can make our lives sublimed, And departing leave behind us, Footprints in the sands of time. J. F. F.

PINEY GROVE.

The Goshen Democrat Club will hold their next contest Saturday night before the 3rd Sunday in May at Biowent Chapel. All are invited. We are glad to know that Miss M. H. Sutton, who has been sick for some time, is up again. M. D. B. Sutton and three other young men, a few days ago, kill thirty-five rabbits in 4 hours. That is hard to beat. Mr. J. B. Daughtry has a calf which he claims can trot a mile in three and three-quarter minutes. We are glad to know that Mr.

R. W. Lindsay, who has been talking of going to Goldsboro for some time, has concluded to stay with us another year.

We know a man in our vicinity who does nothing but grumble. That is not the best plan. That is not the best plan, but perhaps he will not grumble when he sees this.

Do you know the importance of attending the primaries? This is to be the most important of our elections. You, and every man is false to himself and his country if he does not take an interest in it. Then see that your friends and neighbors attend the primaries. Speak to them the next time you see them and be sure to be on hand yourself.

NORTH CLINTON.

Messrs. D. R. Nicholson and Tom Pugh will speak at Brown's church the 3rd Sunday in this month at 11 a. m.

We hope all will remember the necessity of attending the primaries and taking an interest in selecting our officers and writing our platform.

FRANKLIN.

Misses Maggie Newkirk and Mary Moore are visiting Mrs. Alice Hubbard near Pt. Caswell.

Mr. L. J. Merrimon has been visiting Mr. J. L. Corbett's.

Mr. McClure, pastor of St. Andrew's church, Wilmington, will assist Rev. H. McDonald on a few days preaching at Black river chapel, commencing the 29th.

Rev. Nash Melvin preached an able discourse last Sunday evening at Oakley school house. Subject: "The Last Judgment." There are three millinery establishments at Harrell's Store.

Mrs. T. J. Pridden, of Kerr, has taken a trip to Knoxville, Tenn., to make a visit to her sister.

The many friends of Mrs. Frank Alexander (nee Quessie Newkirk) will regret to hear of the death of her son, Bryant Newkirk, which occurred a short time since in Wilmington, where he was attending school.

Our Farmers' Column.

SOMETHING INTERESTING TO THOSE WHO TILL THE SOIL.

There is no material progress that is well based and permanent without agricultural progress.

It is said there is danger in breeding from blind mares.

Save the best hay for the season when your horses will have to work hardest.

A road bed with water sweeping through it cannot furnish a good road.

If an asparagus bed is made properly and well taken care of, it will last a life time and longer.

The best poultry breed is the one you have tested and tried and is best adapted to your purpose.

Two by four inch scantlings placed two feet from the ground or floor make good perches for fowls.

By keeping fowls through the winter in good condition their usefulness in the spring is greatly increased.

If you have bad roads one step towards improvement is to open up all ditches now so there is no standing water on the roadside.

Competition is the great trouble in the way of farmers. And there is but one way out; reduce the cost of production by better methods, and growing more per acre.

Apples grown in grass ground will keep longer than the same fruit grown on cultivated land. Late keeping varieties, therefore, should always be grown on grass lands.
